Read—the following letter from F. D'A. O. WOLFE MURRAY, Esq., Collector of Cuddapah, to the Secretary to the Commissioners of Land Revenue, dated Rájampet, 6th April 1891, Extra No. 17 :—

I have the honor to forward copy of arzi from the Ráyachóti Tahsildar suggesting that it is advisable to put in hand some public work at once. I have written to the Executive Engineer to know if he can commence forthwith the Hastanapuram tank work or the Kanchalamma tank. I shall also go to the Ráyachóti taluk for a few days to-morrow and look around. The Sub-Collector informed me some weeks back that if anywhere work would have to be found for the laboring classes, it would be there. The Tahsildar has also been instructed to send people to work on the railway.

Resolution—dated 9th April 1891, No. 995, Routine.

Transferred to the Department of Revenue Settlement, Land Records and Agriculture.

(A true Copy and Extract.)

(Signed) H. A. SIM,

and Agriculture with letter and its enclosure in original.

Resolution—dated 14th April 1891, No. 209.

The Collector's action is approved. If the Hastanapuram tank or any other Public Works Department work is not likely to be taken up at once, the Collector should instruct the Divisional officer to start as many minor irrigation works as may be considered necessary to give sufficient employment to all the affected villages in the Ráyachóti taluk.
