The Govt. of Bengal
requested that the iron
might be transferred
to the Calcutta Workshops
if it could be supplied
at the rates quoted in
the statement -

Before the stores
are transferred, it
seems necessary that
the Ex. Insp. Calcutta

be asked whether he
will take the sizes
other than 4" x 1/2" at
book rates -

President of P.H. Stores.
Madras 28 April 1891

From

L.D. Wickham Esq.
General Superintendent
P.H. Stores.

To

The Superintending Engineer
5" Circle.

Sir

While returning your
No. 115 P.H.S. dated 1 April 1891,
I have the honor to state
that the Iron of sizes required in
the Statement which accompa-
nied your number belongs to the
P.H. Stores and not to Trichinopoly
Division of 6" Circle, as entered in
the Statement (Please see Pages 27
& 28 of the enclosed Surplus list to
be returned when no longer required.

I think it would be a
good thing to sell the 7 tons
of flat iron $4 \times \frac{1}{2}$ at Rates 5-8-
per cwt in lieu of Book Rate
of Rs. 5-13-4. By which trans-
action there will be a little
loss

	Quantity available for P.H. Stores	Book Rate Rs. 4-13	Percent
Iron of flat - $1 \frac{1}{2} \times \frac{1}{2}$	10	5-13-4	"
Do. $1 \frac{1}{2} \times \frac{3}{8}$	10	7-0-0	"
Iron of flat - $1 \frac{1}{2} \times \frac{1}{2}$	10	7-0-0	"
Do. $1 \frac{1}{2} \times \frac{3}{8}$	10	16-6-8	"

loss of Rs 46-10-8. There then
remains a balance of about
half a ton which will be
sufficient for stock.

3. Regarding the other
sizes required by the Calcutta
Workshops, the following
quantities only can be trans-
ferred and I do not think
it would be advisable to
sell under the Book Rate
stated against each item,
as they can be utilized in
the Workshops, and the
Book value of Iron at present
received from England being
Rs 6-8-^{per} cwt.

I have the honour
to be,
Yours faithfully,
L. L. Dickham,
General Superintendent
P.W. Stores.
