SIR,

With reference to Your Memo No. 4766 C. dated 20-10-90. and its enclosures I have the honor to inform You, that the Ex Engineer Rushikulya Division, to whom the papers have been sent for report, as to whether a trial of the forms referred to can be advantageously made in his Division states in his letter No. 208 dated 24-4-91 that he is unable to make a fair trial of the new forms in his Division as all work that admits of measurement is paid by Task or Piece work and that

that daily labor is practically limited to watering earthwork, and breaking clods by women and children on the Rusal = Kouda Dam under the immediate supervision of a Sub Engineer. I concur in the opinion expressed by the Executive Engineer

I have the honor to be
Sir
Your most Obedient Servt
