To W.

If the cemetery is intended for the use of the Native Christian Community, the charge would be inadmissible under annexure A to P.W. Code Appendix D, para 5, printed at page 48, which lays down that Government cannot provide cemeteries at public expense for such communities. In any case there appears to be no rule under which, charges for cemeteries other than Government cemeteries can be admitted in this Department.

a copy of the Collector's official Memorandum No 1279 dated September 12th 1888, directing me to place the above mentioned sum into the Sub Treasury in favour of the Executive Engineer which was promptly attended to.

5 The only part of the cemetery is — intended for the Native Christian Community and the other larger part is Government property the charge referred to in Your letter is Admissible in my Opinion, and Government should pay as per Agreement one half of the cost of repairs now necessary as well as their share for the keeping up of the ground for the past three years, and for whatever needs to be done in the future.

6 Hoping that this Explanation will be Satisfactory, and that the Government will see the reasonableness and Admissibility of the charge.
