**Indent**

Ordered that the — for stores for the Madras Harbour Trust Board, be forwarded to the Home Government.

rks, instead of being, as they really
e, shiftable from work to work with-
t re-sanction, or from one set of
rks to another, as each work or set
completed.

At the same time I doubt whe-
r there is any real good to be got
of the rule which you propose to
stitute for Rules 2 and 3 of the
ernment of India Code.

Every body is paid either by the
or by the month and is quite cer-
n to be so; and if the real meaning
that the establishment is to be
ble to immediate discharge, without
ce, on the cessation of any work
which they may happen to be engag-
t would perhaps be better to say

And as to requiring that the
ge shall be covered by any provi-
in the estimate, either "petty su-
ision" or "the current & sanction.
ate" (see Government of India rule);
is a nominal requirement in
ct of all charges of all kinds,
t does not really prevent, & is
take it, meant to prevent, neces-
expenditure in excess of the provi-
which is met either by revision
timate, or by sanction to excess
mpletion report.

2 It is now seen that
rules in Madras Code
935 are not in accord
with the rules in India
Code Vol I Chapter IX
para 15.
3. Would not all difficulties be removed if rules 3 & 4 in the Madras Code were expunged and Govt asked to substitute the following for rules 2 and 3 of the India Code.
"They must be paid
day or month and
must be

for better supervision
on the estimates for the
works on which they
are employed".
4 Rule 5ª in the Madras Code seems
to me one which might be retained.

**Civil Works.**

READ—the following papers :—

From Colonel H. SMALLEY, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 26th September 1890, No. 1887.

As called for in G.O., No. 2249 W., dated 18th August 1890, I have the honor to submit an estimate, amounting to Rs. 12,600, for constructing District Surgeon's residence at Anantapur in lieu of the estimate, amounting to Rs. 19,420, returned with Government Order quoted above.

2. The estimate now submitted cannot be reduced and provides the minimum of accommodation that an officer of the rank of Surgeon-Major (as the District Surgeon would probably be) could put up with as a married man.

3. The site has been acquired and work can be begun at once on sanction of the estimate, the funds being transferred from altering Apothecary's quarters at Anantapur into District Surgeon's quarters, as that estimate would be cancelled by the present estimate and the Apothecary's quarters would be left as they are.

---

From W. F. DEFABECK, Esq., M.D., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, Public Department, dated Fort St. George, 20th November 1890, No. 803.

In continuation of my letter No. 767, dated the 29th October 1890, I have the honor to return, duly approved and countersigned, the plans and estimates forwarded with your endorsement, dated the 17th idem.

2. A copy of my letter to the Superintending Engineer, III Circle, and of his reply are herewith enclosed for the information of Government.

---

ENCLOSURES.

From W. F. DEFABECK, Esq., M.D., Surgeon-General with the Government of Madras, to the Superintending Engineer, III Circle, dated Fort St. George, 29th October 1890, No. 6700.

I have the honor to enclose the accompanying papers with plan and estimate for constructing District Surgeon's quarters at Anantapur, referred to me for approval and countersignature by Government.

2. I am of opinion that the second estimate of Rs. 11,435 meets the case sufficiently, leaving out the extra bath-rooms at rear of the building, but I consider that the dressing-rooms at the sides should be separated from the bath-rooms by means of pucca walls, and doors be provided

for the bath-rooms separately. I shall therefore feel obliged by your favoring me with a plan and estimate revised in the terms of the above suggestions and forwarding them to me with the whole correspondence for countersignature and transmission to Government.

---

From Colonel H. SMALLEY, R.E., Superintending Engineer, III Circle, to the Surgeon-General with the Government of Madras, dated Bellary, 5th November 1890, No. 2290.

As requested in your letter No. 6700, dated 29th October 1890, I have the honor to forward a plan drawn in accordance with your wishes, except that I have only provided a stout wooden and canvas screen between the dressing and bath rooms instead of a masonry wall which would control the space very much in my opinion.

2. The estimate as reduced in the Chief Engineer's office to Rs. 11,600 can stand. I have not yet got the Collector's valuation of the ground; this will be forwarded as soon as received, but I think that sanction to the estimate need not be delayed for that as the ground has already been acquired and paid for with other land taken up at Anantapur. I have added a lump sum of Rs. 165 on this account.

---

Approved and returned to the Public Works Department.

Endorsement in the Public Department, dated 6th December 1890.

---

From Colonel H. SMALLEY, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 24th December 1890, No. 2838.

With reference to your memorandum No. 4869 C., dated 25th November 1890, I have the honor to inform you that the value of the site of the District Surgeon's quarters at Anantapur is Rs. 170.

---

*Note by the Chief Engineer, Public Works Department.*

The estimate, amounting to Rs. 11,435, for constructing a residence for the District Surgeon, Anantapur, is recommended for the sanction of Government.

2. The value of the site, which is Government property, has been fixed at Rs. 170 and the rent calculated according to Code rules will amount to about Rs. 74* per mensem. The pay of the District Surgeon being Rs. 950 per mensem, the rent will be within 8 per cent. of that amount, and the estimate may therefore be sanctioned by Government.
