GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers:—

From E. TURNER, Esq., President, District Board, Madura, to the Chief Secretary to Government, dated Madura, 28th December 1890, No. 281.

I have the honor to submit the consolidated Local Fund budget of the Madura district for the year 1891-92 together with the revised estimate for the current year and all the subsidiary statements prescribed under the rules as per list enclosed.

REVISED ESTIMATE FOR 1890-91.

2. In the last column of statement IX, all the variations between the revised estimate and the original budget estimate as modified by subsequent allotments and transfers up to this date are explained. Some of the important items that call for fuller and more detailed information are, however, noticed below.

3. Including the debt heads of Rs. 900, the current year opened with a balance of Rs. 1,42,298, or Rs. 1,42,300 in round numbers, against the estimated balance of Rs. 89,920. This balance has been arrived at in accordance with the result statement on the supplemental account for March 1890 furnished by the Inspector of Local Fund Accounts. It is distributed as noted below:—

	RS.
Balance under the Unions	12,279
„ „ Endowment fund	87,579
Net balance for general purposes under the Taluk fund	35,253
„ „ „ „ District fund	7,187
Total	1,42,298

The increase of Rs. 52,380 over the estimated balance is due to larger receipts and shorter outlay in the last year on all the four grants, generally, and particularly Grant I, Public Works, and has been explained in the annual report for the past year embodied in G.O., dated 7th October 1890, No. 2526 L.

4. The receipts of the year are now estimated at Rs. 4,80,890 against the budget figure Rs. 4,65,010, the excess being due chiefly to three items, viz., “Tolls,” “Contribution from private individuals under (2) Education” and “Contribution from Provincial funds on account of school building.” The opening balance, added to the receipts of the year, makes the gross assets of the Local Boards amount to Rs. 6,23,190.

5. *Cess on Land.*—The collections under this head as per figures furnished by the Treasury Deputy Collector, Madura, will amount to Rs. 2,95,780 against the estimate of Rs. 2,94,500 and the actuals of Rs. 3,08,245 for the previous year. About 99 per cent. of the total demand is expected to be realized. Half this amount has been taken to the credit of the Taluk Boards and the other half to the District Board.

6. *Tolls.*—Rs. 39,190 is entered under this head in reference to the actual amount for which the tolls have been leased out. The increased rentals are a result of keen competition at the sale.

7. *House-tax.*—The collections of this revenue have been computed by the Taluk Boards to stand at Rs. 32,630 against an estimate of Rs. 32,760. The decrease is

chiefly due to the fact that two of the villages included in the Cambum Union, Periyakulam taluk, have been struck out—*vide* G.O., dated 11th October 1890, Mis. No. 2603 L. This is, however, counterbalanced to a certain degree by enhanced revenue taken credit to in the Unions of the Ramnad Taluk Board.

8. *Education—School Fees.*—The Taluk Boards have slightly diminished the amount of school-fees budgeted for the salary-results schools on reference to the actuals of the first six months of the year; while the District Board have altogether removed the amount of Rs. 220 which was expected from pupils other than stipendiary likely to attend the Technico-Normal institute.

9. *Contribution from Private Individuals.*—A sum of Rs. 14,220 is expected to the District fund before the close of the current year, the same being the funds of the Jubilee Committee and of the Farmer's Association resolved by them to be made over to the District Board. Owing to the fact that the Technico-Normal institute was not started till late in the year, the amount of Rs. 11,260, which was taken credit to in the revised estimate for 1889-90, was not paid by them. The balance amount of Rs. 100 under "Contribution from private individuals" is what is expected by the Melur Taluk Board on behalf of the Kovilpatti school from the inhabitants of the village.

10. *Sale-proceeds of Books and Miscellaneous.*—The reduction in the estimate for "Sale-proceeds of books" and "Education miscellaneous" to Rs. 1,510 and Rs. 820 from Rs. 1,650 and Rs. 1,180 respectively is owing, the former to the late arrangements made for a central book depôt under the management of a Curator who is no other than the Technico-Normal Institute Superintendent, and the latter to the late organization of the institute and the infant stage of the industrial section, in consequence of which the sale-proceeds of articles worked out in the institute cannot be considerable.

11. (3) *Medical—Miscellaneous.*—The increase of Rs. 200 taken credit to under this head is the expected amount to be refunded by two of the hospital assistants trained at the cost of the Board, who have now taken service under the South Indian Railway Company.

12. (5) *Miscellaneous.*—The contributions from private individuals to the amount of Rs. 2,730 against the budget entry of Rs. 2,130, are voluntary offers from the inhabitants for sanitation purposes. The distribution of this amount among the several Taluk Boards is as detailed below:—

	RS.
Madura	480
Tirumangalam	300
Dindigul	100
Palni	300
Periyakulam	560
Sivaganga	580
Total	2,730

13. *Choultry and Market Rents and Avenues.*—The decrease from Rs. 9,040 to Rs. 8,990 under "Choultry" (Rs. 8,840), and the proceeds from water-sheds and Urani inams (Rs. 150), and the increase from Rs. 20,950 to Rs. 21,780 under "Market rents" are fixed at the actual leaseings made at the beginning of the official year and due to nothing else but the absence of keen competition in the one case and the presence of it in the other. This last cause also accounts for the enhanced income of Rs. 4,950 under "Avenues" against an estimate of Rs. 4,400.

14. (6) *Public Works.*—The only item under this head that calls for an explanation is "Contribution from private individuals." There is a decrease of Rs. 3,380, which is the result of only Rs. 6,000 out of Rs. 10,000 likely to be paid by the Court of Wards as contribution for the road from Kalpatti to Saptur, and of Rs. 620 now expected to be collected by the Ramnad and Sivaganga Taluk Boards, though the

same was not provided for in the budget. The particulars of this item are given below:—

	RS.
(1) Contribution from people towards the extension of the chattram at Usilampatti	1,000
(2) Contribution from the inhabitants of Sholavandan towards the construction of a road from Sholavandan to Thathampatti and of a dispensary building at Sholavandan	1,500
(3) Contribution from the Saptur estate towards the construction of a road from Saptur to Kalpatti	6,000
(4) Contribution from M.R.Ry. Chithambaram Chettiar Avargal for repairing the Pallathur road	420
(5) Contribution from some private individuals	200
Total	9,120

15. The contribution from Provincial funds comprises the following items:—Rs. 4,650 for education; Rs. 3,600 for the Technico-Normal institute building and some village school-houses; Rs. 7,780, the usual contribution for the choultries under the management of the Madura, Tirumangalam and Melur Taluk Boards, and Rs. 280 for the medical purposes to the Palni and Ramnad Taluk Boards. The contribution for education is reduced from Rs. 5,960 to Rs. 4,650 on account of the additional expenditure for the institute over that of the normal school being incurred only from August last and not from April as originally intended. Provision has also been made therein for grant for furniture which has been applied for to the Director of Public Instruction.

16. *Grant I.*—The total allotment for works, new as well as repair, including subsequent additions and deductions up to this date, aggregate Rs. 2,90,810—*vide* column 5 of statement IX-B. The amount required for utilization on works to be completed before the close of the current year is Rs. 2,85,010, though only Rs. 32,541 has been actually spent for the first six months of the year. The disproportion of the actual expenditure to the expected outlay is due to several works having been just finished for which payments have not yet been made. It is also due to several new works having been commenced only recently after sanction obtained for the estimates by the competent authorities. The variation between the sanctioned allotments and the anticipated expenditure is Rs. 5,800. The net decrease is a result of decrease under certain items counterbalanced by increase under others. The decrease is caused by the Tirumangalam Taluk Board proposing to spend only Rs. 6,000 out of the sanctioned amount of Rs. 10,000 on the new road from Kalpatti to Saptur; by tender savings and other small deductions which the Madura Taluk Board expect to the extent of Rs. 1,150; by short expenditure of Rs. 3,230 expected by the Ramnad Taluk Board in the repairs of the irrigation tanks attached to the endowed villages of the Narikudi chattram; and again by similar short expenditure of Rs. 2,000 which the Taluk Board of Tirumangalam expect in the allotment for the Usilampatti chattram. On the other hand increase of outlay is anticipated and has therefore been provided for by the Periyakulam Taluk Board—Rs. 370 under communications and Rs. 270 under civil buildings; by the Tirumangalam Taluk Board—Rs. 300 under civil buildings for the Usilampatti dispensary; by the Sivaganga Taluk Board—Rs. 500 under civil buildings for repairing the travellers' bungalow at Mana Madura; and by the District Board—Rs. 440 under communications for miscellaneous works, such as repairing tunnels and toll-sheds, the estimates for which have just been received; and Rs. 2,530 under civil buildings to be paid for the purchase of two plots of ground adjoining the technical institute premises on the southern side as advised in Board's Resolution, No. 63, dated 5th June 1890, and Rs. 170 for constructing a cooly's shed at Vengayapara on road No. 39.

17. There are no alterations under the other items of Grant I except under travelling allowance, where Rs. 2,590 is expected to be spent in excess of the budget grant in reference to the actuals up to date. The excess is partly owing to several bills pertaining to the last year being cashed in the current year after clearance of

1398
2

audit objections under which they remained for a long time unpassed and the amount undisbursed. Thus the total amount likely to be utilized under all the items of Grant I is Rs. 3,25,900 against the allotment of Rs. 3,29,310.

18. *Grant II.*—The total grants up to date under this head amount to Rs. 54,484, and the expected outlay is Rs. 50,590, so that the latter will fall short of the allotment by Rs. 3,894.

19. *Inspection.*—Rs. 100 has been additionally provided for inspection establishment to meet the charges according to the revised scale sanctioned by the Government in G.O., dated 2nd December 1890, Mis. No. 3107 L., and Rs. 300 under “Contingencies to furnish boxes to Inspecting Schoolmasters for the safe custody of books entrusted to them for sale.”

20. *Technico-Normal Institute.*—Rs. 710 has been allotted under Normal school “Miscellaneous” for the purchase of books recommended by the Inspector of Schools and necessary tools and plant. The purchase of timber, iron, &c., in gross for the use of the Industrial department is attended with greater convenience and economy and has therefore been sanctioned by the Board.

21. *Miscellaneous.*—A further sum of Rs. 132 is also provided under “(g) Miscellaneous” to enable the Curator to meet the transmission charges of books to be supplied to Inspecting Schoolmasters and to prepare one more almirah for his office.

22. Under all the other items of this grant a decrease is expected. Short expenditure under “Technical Institute—Salaries of masters and stipends of students,”—has been occasioned by the starting of the institute in August 1890 instead of April, and also by the higher standards of the Industrial department not being pupilled. Some of the salary-results schools provided for in the budget were not started for several months during the year, and in the case of some others teachers were not available. Hence the short outlay on these schools.

23. *Grant III.*—The charges to be incurred on account of the various items under this grant is also expected to fall short of the allotment of Rs. 1,15,129 by Rs. 2,179. The causes that contribute towards the decrease are:—

(1) Want of midwives for several dispensaries where provision was made for them.

(2) Less expenditure on “Diet of patients” owing to the decrease in their number in some dispensaries.

(3) Less outlay on “Rents” owing to some Local Fund dispensary buildings being completed for use.

(4) Short expenditure under “Other sanitary outlay.”

(5) Non-utilization of the allotment for market establishment, as servants have not been appointed for all the markets for which provision was made in the budget.

(6) Decrease under “Choultry contingencies,” as the Ramnad Taluk Board do not expect to spend the full allotment in the current year.

There is expected a slight increase under some heads, and explanation for each is given in the remarks column of statement IX.

The increase under (h) Miscellaneous—(3) Miscellaneous is large and that is owing to the provision made for lighting charges in the Devakōta and Raméswarem Unions.

24. *Grant IV.*—The expected outlay is Rs. 24,770 against an allotment of Rs. 24,672. It is attended with increase under certain items and decrease under others, and the causes thereof are stated in column 6 of the revised estimate.

25. The total expenditure under the four grants will thus amount to Rs. 5,14,600 including a reserve of Rs. 390 against the gross assets of Rs. 6,23,190, and the balance to the credit of the Local funds at the end of March 1891 is expected to be Rs. 1,08,590.

BUDGET FOR 1891-92.

26. The closing balance of the current year, as determined in the revised estimate, being carried forward, the budget year will open with a balance of Rs. 1,08,590 as detailed below:—

	Taluk.	District.	Total.
	RS.	RS.	RS.
Balance under Unions	7,220	..	7,220
Do. do. Endowment fund	55,710	..	55,710
Do. available for general purposes	26,990	18,670	45,660
Total	89,920	18,670	1,08,590

27. In the following abstract are set forth the various sources of revenue and receipts of the Local Boards and Union Panchayats:—

	District fund.	Taluk funds.	Union funds.	Total.
	RS.	RS.	RS.	RS.
Balance	18,670	82,700	7,220	1,08,590
Rates and Taxes—				
Cess on land	1,48,000	1,48,000	..	2,96,000
Tolls	38,000	..	..	38,000
House-tax	..	..	33,510	33,510
Education—				
School-fees	..	2,210	..	2,210
Contributions	1,609	..	..	1,609
Sale-proceeds of books	1,650	..	..	1,650
Miscellaneous	1,000	..	..	1,000
Medical—				
Contributions	30	2,790	..	2,820
Income from endowments	..	400	..	400
Other items	240	570	..	810
Interest on arrears of revenue	10	50	..	60
Miscellaneous—				
Contributions	..	1,720	450	2,170
Choultry rents	..	9,780	..	9,780
Market	..	21,090	..	21,090
Fishery	22,000	..	..	22,000
Avenues	..	4,680	..	4,680
Other items	..	1,640	1,170	2,810
Public Works	2,350	8,220	..	10,570
Contributions—				
Education	6,060	870	..	6,930
Choultry	..	7,770	..	7,770
Medical purposes	..	200	..	200
Allotment to the Taluk and Union funds	..	96,000	6,850	..
Total	2,39,010	3,88,690	49,200	5,74,050

28. The total receipts of the year are thus estimated at Rs. 4,65,460 against Rs. 4,65,010, the estimate for 1890-91, and Rs. 4,67,760, the actuals of 1889-90. The difference between the total estimates of the two years is almost trifling. There is expected some perceptible increase under land-cess, tolls, fishery and choultry rents, not to speak of the contribution of the District Board of Tinnevely. But this increase is counterbalanced by a decrease under school-fees and contribution from private individuals in regard to education and Public Works. The increase under the other items is not so tangible as to call for any special explanation.

29. *Rates and Taxes—Cess on Land.*—This revenue having been once for all settled for the district, the current demand is fixed at Rs. 2,95,000, the same as in the last year. Adding thereto the balance of Rs. 2,000 outstanding at the end of March 1891 as per revised estimate, the total demand for the next year will be Rs. 2,97,000. Of this amount not less than Rs. 2,96,000 will be collected against Rs. 2,94,500, the budget estimate of the current year, and the balance left uncollected will be reduced to Rs. 1,000 from Rs. 2,000 of 1890-91. Thus the increase of Rs. 1,500 under this item is mainly due to the expected collections of land-cess without large arrears.

The District Board and each Taluk Board go halves with the collection of the taluk, and any further grants required to be made over to the Taluk Boards is credited to them in the shape of allotments from the District fund as per orders of the Government in the current year's budget.

30. *Tolls*.—There are already six Local Fund toll-gates at the marginally-noted places, and a proposition was submitted to the Government with this office letter No. 219, dated 21st October 1890, soliciting its approval to open three more, viz., at Tiruvadanai, Kariyapatti and Gūdalūr.

- | | |
|-----------------|-----------------|
| 1. Mana Madura. | 4. Andipatti. |
| 2. Batlagundu. | 5. Andalur. |
| 3. Palkanuthi. | 6. Shembaganur. |

The Government called for a map showing the present and proposed sites of toll-gates. Necessary information is marked in the map submitted along with this budget. If the proposition commends itself to the Government, notice under section 60 of the Local Boards Act will be given as early as possible in the beginning of the next official year. There will thus be nine toll-gates, and the revenue they will yield is estimated at Rs. 22,000 against Rs. 20,000, the estimate of the current year. Only a moderate sum of Rs. 2,000 is taken credit to in regard to the three new toll-gates, as the approximate amount they may fetch at the lease may be arrived at only after one or two years' actual experiment.

The municipal contributions are fixed at Rs. 16,000 in accordance with the information supplied by the Chairmen. This remains the same as heretofore, i.e., one-fourth of the actual collections in Periyakulam and one-third in the other municipalities of Dindigul, Palni and Madura. The aggregate income from tolls is Rs. 48,000.

31. *House-tax*.—The collections anticipated by the Taluk Boards under this item amount to Rs. 33,510 against Rs. 32,760, the estimate for 1890-91, and Rs. 31,416, the actuals of the previous year. The increase over the estimate for the current year and the actuals of the previous year is due to (1) increase of houses and change of classification in the Unions of Ramnad; (2) insertion of old Batlagundu village in the Batlagundu Union—*vide* G.O. No. 2094, dated 21st August 1890; (3) the proposal in contemplation to add some of the adjoining villages to the Ayyampalayam Union; and (4) the collection of the demand without arrears in Melur and Palni. In Periyakulam alone the collections have been reduced, and that is consequent, as already explained in paragraph 7 *supra*, on the exclusion of two villages from the Cumbum Union.

32. *Education—School Fees*.—Rs. 2,210 is expected from this source against Rs. 4,130 estimated for the current year. The great decrease under this item is owing to the resolutions passed by the several Taluk Boards to levy much reduced rates of fees in the schools under their management, such rates having been proposed by the Sub-Assistant Inspectors themselves according to the claims of the backward localities and approved of and recommended by the Assistant Inspector of Schools. It is expected in course of time that even in a financial point of view the Local Boards will not in any way be the losers, as the schools will attract more pupils, and the difference caused by the reduction in the rate will be made good by the greater number of paying pupils.

33. *Contribution from Municipalities*.—The contribution of Rs. 1,000 from municipalities is the amount to be paid annually by the Madura Council in compensation for the relief afforded to their funds by their late industrial school having been taken over by the District Board and merged in the Technico-Normal institute.

34. *Sale-proceeds of Books*.—The sale-proceeds of books have been fixed at the maximum outlay on their purchase. As books are sold in the Curator's office, there is every likelihood of the whole of this amount being realized.

35. *Miscellaneous*.—Rs. 1,000 is expected under "Educational Miscellaneous." The bulk of this amount appertains to the sale-proceeds of the works turned out by the pupils of the special department in the Technico-Normal institute. The balance taken credit to is the refunds of defaulting normal students. The interest on the farm and the museum funds is not calculated upon here, as the District Board will have to concert proper measures for the disposal of the fund only after it comes into their possession.

36. *Medical—Sale of Medicines*.—The sale of medicines will amount to Rs. 470 against Rs. 540, the decrease being chiefly in the receipts from the dispensaries under the Ramnad Taluk Board.

37. *Contribution*.—Rs. 30 is, as usual, credited as being the contribution from the Madura Municipal Council towards the pay of a clerk maintained by the District Board in the District Surgeon's office.

The contribution from private individuals towards the dispensaries is Rs. 2,790 and is distributed thus:—

From whom.	For what purpose.	Amount.
1. Saptūr estate	Towards the upkeep of the dispensary at Saptūr ..	Rs. 340
2. Zamindar of Gandamanayakanur ..	Towards the maintenance of the medical station at Vallanadi.	240
3. Maharaja of Travancore	Towards the upkeep of the dispensary at Bodinayakanur.	110
4. Zamindar of Ramnad	Towards the upkeep of the dispensary at Ramnad and the pay of the midwife attached to it.	1,560
5. Rameswaram Devasthanam	Towards the upkeep of the dispensaries at Pamban and Rameswaram.	540
Total ..		2,790

The decrease of Rs. 280 below the estimate of the current year is due to the fact that this amount which was promised by the Konan Devan Planter's Association in consideration of medical relief sought from Bodinayakanur dispensary and which was taken credit to in the budgets of the past two years was never paid by them even once. Hence the sum is struck out of the list.

38. *Medical Miscellaneous*.—The sum of Rs. 340 under this head comprises the sale produce of useless furniture, medical cases, &c., belonging to the dispensaries, and also the amount of refunds as fixed by the South Indian Railway Medical Department to be paid by two students of the late medical school, Madura,—*vide* paragraph 11 *supra*.

39. *Interest*.—Rs. 60 is expected to be realized under the head of interest on arrears of revenue.

40. (5) *Miscellaneous—Contribution*.—The contribution from private individuals is estimated at Rs. 2,170 against Rs. 2,130 of the current year. It consists of the payment by sanitary associations and of voluntary offers from the inhabitants of villages and some towns towards lighting and other charges of a sanitary nature. The apportionment of this sum is as follows:—

	Rs.
Madura	300
Tirunangalam	250
Periyakulam	300
Ramnad	370
Sivaganga	950
Total ..	2,170

41. *Choultry rents*.—The rentals are expected to rise from Rs. 9,040 to Rs. 9,940, which includes the rent and produce of land attached to the water-sheds and Urani inams. The increase is due to the greater produce anticipated from the lands attached to the Muthanendal and Narikudi chattrams in Ramnad.

42. *Market rents*.—Rs. 21,090 are expected from this source against Rs. 20,950; and the small increase has been determined in reference to the actuals of the previous year. In G.O., dated 7th October 1890, No. 2526, reviewing the last annual report of the Madura District Board, the Government has observed that unless the large balances in favor of these institutions are utilized before the close of the current year, the fees must for some time be reduced or abolished. All attempts are now made to expedite the proposed improvements to the markets.

43. *Bungalow fees*.—The increase from Rs. 600 to Rs. 620 under this item is due to Rs. 20 being taken credit to as fees expected from the Mana Madura bungalow lately transferred to the charge of the Sivaganga Taluk Board.

44. *Fees and Fines.*—This item, which has been computed to yield a revenue of Rs. 1,410, represents the distress warrant and pandal license fees levied in unions, the patta or cart-stand fees levied by Taluk Boards, the fines exacted in cases of nuisance charged under the Police Act and also the income expected by the Dindigul Taluk Board to be realized from fees levied for the use of poramboke lands in the agaram village during "Muthialamman" festival. It must be here stated that the fees levied under the Police Act were hitherto credited to the District fund in accordance with section 54 of the Local Fund Act; but subsequent to G.O. No. 2431 L., dated 23rd September 1890, they are being taken to the credit of the Taluk Boards or Union Panchayats as the case may be. Hence the absence of entry against this item under the District Fund.

45. *Fishery rent.*—Rs. 22,000 is entered against Rs. 20,000, the estimate of the current year, and Rs. 24,784, the actuals of the previous year.

46. *Avenues.*—The sale of produce of fruit-bearing trees and of clippings and fallen trees is estimated at Rs. 4,680 against Rs. 4,400. The slight augment is owing to Madura and Sivaganga Taluk Boards fixing the estimate at the actuals of the previous year.

47. *Sundry receipts.*—The sum of Rs. 540 entered under this item comprises the sale of sweepings and rubbish in the Unions and other miscellaneous receipts. The apparent decrease below the estimate for 1890-91 is due to non-entry of the District Board receipts from the rent of the Fletcher's bungalow under this item.

48. *Public Works—Sale of Buildings.*—Rs. 1,000 shown under this item represents the approximate price which the sale of the ruined chatram building at Samayanallur will fetch. The Taluk Board have already addressed the Government for permission to dispose of this building in order to construct another and more suitable building.

49. *Sale of Tools and Plant.*—Rs. 260 is entered under this head against Rs. 240, the estimate for the current year, and the difference is not much.

50. *Contributions.*—From the District Board of Tinnevely is expected a sum of Rs. 1,950 as per estimate communicated to the President, being the proportionate cost of the new road from Aruppukota to Virudupatti lying within the limits of the Tinnevely district.

The private contributions, amounting to Rs. 6,700, are made up of the following items:—

	RS.
(1) Balance portion to be contributed by the Saptur estate towards the construction of the road from Kalpatti to Saptur	4,000
(2) Contribution from some influential residents of Chockalingapuram and Nattam villages in Melur taluk towards the cost of school buildings in those stations	100
(3) Contribution from the inhabitants of Ramnad towards the improvement of the town roads, being the moiety of the total cost, the other half to be borne by the Taluk Board	2,500
(4) Contribution from Sivaganga people for a similar purpose	100
Total	6,700

51. *Miscellaneous.*—Rs. 660 is entered against this item. This consists of the rent for the Fletcher's bungalow and security deposits of contractors likely to be credited to the Local funds for failure to execute work according to the terms of their agreement. This entry is arrived at on a reference to the actuals of the past years.

52. *Contribution from Provincial Funds.*—The total amount of Rs. 14,900 expected to be realized as a Provincial grant is made up of the following items:—

	RS.
(1) Provincial grant for the several departments of the Technico-Normal institute, as per statement from the Assistant Inspector of Schools	6,060
(2) Provincial grant for the upper primary classes of the salary-results schools under the management of the Local Boards	550

(3) Grants to seven school buildings proposed by the Taluk Boards to be constructed during the year, the estimate being calculated in reference to the Director's Proceedings, No. 3077, dated 25th March 1890	320
(4) The usual grant on account of choultries in Madura, Tirumangalam and Melur talaks	7,770
(5) Contribution towards the cost of treating the police sick at Ramnad	80
(6) Contribution towards the cost of medicines for the dispensary at Kodsikamal	120
Total	14,900

53. *Allotment from the District fund.*—A sum of Rs. 96,000 has been credited to the Taluk fund and debited to the District fund as allotment from the latter, taking into consideration the present financial position and the actual requirements of the Taluk Boards. This is slightly in excess of Rs. 94,720 allotted to the Taluk Boards in the current year.

54. Thus the total assets of the year including balance aggregate Rs. 5,74,050 against Rs. 5,54,930, the estimate for the current year. The difference, as may be seen, is accounted for by the next year opening with a larger balance than the current year.

Expenditure.

55. The following abstract lays down the charges proposed to be incurred during the next year under the various items of the four grants:—

	District fund.	Taluk funds.	Union funds.	Total.
	RS.	RS.	RS.	RS.
GRANT I—				
(a) New works	20,340	56,150	300	76,790
(b) Repairs	42,250	1,24,990	3,600	1,70,850
(c) Establishment and contingencies	5,900	26,900	..	31,800
(d) Tools and plant	530	1,840	..	2,470
(e) Contingencies	380	3,120	..	3,500
(f) Contribution	..	5,000	..	5,000
Total	69,510	2,17,000	3,900	2,90,410
GRANT II—				
(a) Inspection	5,800	..	..	5,800
(b) Technical institute including seasonal schools	14,630	..	..	14,630
(c) Salary-result schools	..	19,330	..	19,330
(d) Results grants	..	19,650	..	19,650
(e) Miscellaneous	2,150	..	..	2,150
Total	22,580	38,980	..	61,560
GRANT III—				
(a) Hospitals and dispensaries	1,960	43,270	..	45,230
(b) Vaccination	10,820	..	..	10,820
(c) Sanitation	..	5,120	29,350	34,470
(d) Markets	..	3,630	..	3,630
(e) Choultries	..	13,940	..	13,940
(f) Bungalows	..	800	..	800
(g) Contributions	4,630	4,630	..	9,260
(h) Miscellaneous	..	..	5,630	5,630
Total	17,410	71,390	34,980	1,23,780
GRANT IV—				
(a) Establishment	8,180	3,100	4,700	15,980
(b) Other items	4,150	4,610	1,220	9,980
Total	12,330	7,710	5,920	25,960
Reserve	20,000	15,000	..	35,000
Allotments	96,000	6,850	..	..
Grand Total	2,37,830	3,56,830	44,800	5,36,610
Balance	1,180	31,800	4,400	37,480

From the above it will be seen that the proposed outlay on all heads for the next year is Rs. 5,36,610 against Rs. 5,00,260, the estimate for the current year. The increase is spread proportionately over all the four grants.

56. *Grant I.*—The total amount provided for under this head comes up to Rs. 2,90,410, of which Rs. 2,47,640 appertain to works, new as well as repair, the former amounting to Rs. 76,790, and the latter to Rs. 1,70,850. The total proposed outlay on communications is 63·8 per cent. of the land-cess raised in the several taluks.

57. The most important new works under "Communications" proposed to be undertaken by the Boards and provided for in this budget are—

- (1) Road from Theni to Bodinayakanur.
- (2) Road from Samayanallur to the railway bridge at Madura.
- (3) Road from Virudupatti to Aruppukota.
- (4) Culvert over the Parappar river at Kodaikanal.
- (5) Masonry works on road No. 7, Madura to Nattam (Melur portion).
- (6) Road from Sholavandan to Thathampatti.
- (7) Road from Kallupatti to Saptur.
- (8) A fair-weather road from Melur to Alagarcoil.
- (9) A road from Ayyampalayam to meet road No. 35 near Batlagundu.
- (10) Tunnels in old Dharapuram and Balasamudram roads.

Items (1), (2), (3), (7) and (9) are not new ones, but are those which were budgeted for previously. It was in the current year that the estimates relating to these were sanctioned by the competent authorities and the works ordered to be commenced at once. The provision made here in respect to them is, therefore, to complete the works or to allot so much of the estimate as is likely to be utilized on account of them during the year. The road from Samayanallur to the railway girder bridge is expected to be completed next year. The culvert over the Parappar at Kodaikanal, which was provided for in the current year's budget, could not be attended to, as on further consideration it was deemed that the original estimate was insufficient and had therefore to be revised. The Melur portion of the Nattam road becomes very bad in the rainy weather owing to the absence of culverts and other masonry constructions. The Taluk Board having found it beyond their means to make sufficient allotment, the work is proposed to be taken under the District Board, and Rs. 4,000 have been allotted therefor. The road from Sholavandan to Thathampatti is already completed, and further allotments made by the Madura Taluk Board is towards the construction of a culvert and the improvement to the road so as to make it useful even during rainy weather. The subscription from the people was all that has been spent till now, and the Board allot their portion to be availed of next year.

The minor works that have also found their place in this budget are—

- (a) Quarry road from Kodimangalam to Nagathirtham.
- (b) A tunnel on road No. 47 near Parapatti village.
- (c) Village road from Nattam to Thevarankurichi.
- (d) A fair-weather road from Parapatti to Ponnamanthurai.
- (e) A culvert in the first mile of road No. 32, Dindigul to Aravakurichi.
- (f) Masonry works on road No. 5 in Periyakulam taluk.

The important works that have not been provided for are the Ramnad causeway and road from Kovilur to Kunnakudi and portion of road No. 17, the Viralore road and a side dam on road No. 7-A in Madura taluk. With respect to the first of these, the Taluk Board have proposed to make a loan in the course of the next year from the funds in favor of the Narikudi and Muthapendal chattrams, and on that account have withdrawn the original provision to invest a portion of the funds in Government securities. About the Viralore road the report called for by the District Board from the President, Taluk Board, Madura, is awaited. As for the other roads, the Engineer will be asked to furnish necessary information at an early date, and allotments will be made in the course of the next year.

58. *Civil Buildings.*—Rs. 5,290 have been allotted for the construction of dispensaries at Sholavandan and Ilayangudi and extension of those at Kodaikanal, Usilampatti and Uthamapalayam. With reference to the last two, provision has been made for out-houses, cook-room and hospital assistant's quarters. It is proposed to convert the dispensary at Kodaikanal so as to give medical relief to in-patients as well as out-patients. The Government will be requested, as a special case, to contribute a moiety towards the cost of the new building. Rs. 2,700 are proposed to be utilized for securing proper accommodation to eight schools under the management of the Taluk Boards of Madura, Melur, Palni, Ramnad and Sivaganga. The Madura Taluk Board, as already noticed, have resolved on constructing a new chattram building at Samayanallur close to the railway station, and have, therefore, provided Rs. 3,500 for the purpose. The Melur Taluk Board intend to attach a bandy-pettah to Melur chattram and also to erect a travellers' shed at Nattam out of Chattram funds to mitigate the difficulties that European as well as native travellers have to encounter in that place. The Sivaganga Taluk Board have in view to construct at Karakudi a small building at a cost of Rs. 300 for accommodation to the Union office, and this completes the list of new civil buildings budgeted for the next year at a cost of Rs. 12,790.

59. As for "Miscellaneous Public Improvements," Rs. 1,400 has been set apart to plant avenue trees and Rs. 26,500 for the improvement of the weekly markets, the major portion of which has been allotted in the Tirumangalam, Dindigul and Periyakulam taluks, where alone the market funds are large. There is a further allotment of Rs. 150 under petty works in Sivaganga Taluk. Thus the total amount under this item aggregates Rs. 28,050.

60. *Repairs.*—The usual maintenance allotments for all the roads have been provided. Two small roads have been for the first time taken under maintenance by the Palni Taluk Board. A few of the roads, as in Dindigul, Melur, and Periyakulam, have received augmented rates on representation being made by the Engineer that the existing rates are far too low. In making provision for some of the roads, the Dindigul and Melur Taluk Boards have drawn the market funds to the extent of Rs. 6,070 as the communications on which they propose to utilize them serve as feeder roads to the markets adjoining. Some of the special works which the Boards contemplate to take in hand are as follow:—

- (1) Remetalling road No. 31 (portions of 16th, 17th, 21st, 22nd and 23rd miles).
- (2) Improving three vents arched bridge over the Varattar in road No. 34.
- (3) Masonry works on roads Nos. 36 and 38.
- (4) Improving the Palamedu road and some village roads in Madura taluk.
- (5) Masonry works on road No. 43, Mettur to Palkanuthi.
- (6) Cart-trick from Kovilur to Sennampatti market.
- (7) Remetalling the three miles of road No. 40.
- (8) Repairing and improving the damaged portion of the old road from Andipatti to Periyakulam via Melmangalam.
- (9) Remetalling the town roads of Uthamapalayam, Bodinayakanur, Devakota, Sivaganga, Batlagundu, Nellakota and various other places.

The total outlay under this item is Rs. 1,52,900.

61. *Civil Buildings.*—Rs. 900 for repairing the wards and a cook-room of the civil dispensary at Usilampatti, and Rs. 500 for repairing the chattram at Sholavandan, besides Rs. 550 for miscellaneous petty works, are all that have been provisioned under this head.

62. *Miscellaneous Public Improvements.*—The maintenance of avenues cost Rs. 6,800; the repairs of the irrigation tanks attached to the Narikudi chattram Rs. 7,000; similar repairs to those in Kumani and Machiyur villages Rs. 500, as the works provided for in this year will not be completed; the repairs of the Oddan Urani and Varisai Muhammad Urani in Ilayangudi, Rs. 450 and Rs. 1,000, respectively; and some petty works Rs. 250. Thus the total amount under this head is Rs. 16,000. No provision has been made under new works or repairs for works to be done by

Public Works Department, as there are none at present under their supervision. The Vaigai bridge has been completed, and the Gúdalúr road has been in the current year handed over by them to the Local Fund Engineer.

63. *Establishment.*—Rs. 500 has been allotted as charges to be incurred on account of scrutiny of plans and estimates by the Public Works Department, as only two or three small estimates are likely to be submitted next year.

The provision for the engineering establishment is Rs. 2,600, the same as in the last year, and has been apportioned among the Taluk Boards in reference to G.O., dated 5th August 1890, No. 1942 L.

The District Board have resolved to raise the pay of the District Board Engineer by Rs. 50 per mensem, and the Government has been addressed on the subject in a separate communication.

The allotment for travelling allowance has been raised to Rs. 5,000 from Rs. 4,000 in reference to the actuals of 1889-90. Rs. 300 has been entered against "Tolls" to provide against the necessity of maintaining toll establishment should no contractor offer or any failure occur.

64. The provision for "Tools and plant" has been restricted to Rs. 2,470, i.e., 1 per cent. on the works proposed to be done.

65. The contingencies will amount to Rs. 3,500, the same as in the current year. The details of this item are:—

	Rs.
Postal charges	1,000
Printing charges	650
Stationery	600
Rent	300
Advertisement charges	100
Miscellaneous	850
Total	3,500

66. The Taluk Board, Ramnad, intend to grant Rs. 5,000 towards the improvement of the Ramnad town roads, the moiety of the amount being contributed by the people themselves. But as the work is proposed to be executed by the people, the grant is to be made over to them as a contribution.

67. *Grant II—Education.*—The total expenditure devoted for educational purposes during the budget year amounts to Rs. 61,560 against the current year's estimate of Rs. 55,500. The increase is owing to the greater outlay on the establishment cost of the Inspecting Schoolmasters, Technico-Normal institute, and salary-result schools.

68. The inspection establishment will cost Rs. 4,320. The estimate has been made in reference to the revised scale sanctioned by the Government in the Government Order already quoted. According to this scale, there will be one Inspecting Schoolmaster on Rs. 40, four on Rs. 35, five on Rs. 30, and one on Rs. 27. The Assistant Inspector of Schools has strongly recommended that the pay of the last officer be also raised to Rs. 30, so that the gradation may be from Rs. 30 to 40. Provision has been made accordingly in anticipation of the sanction of the Government.

The current year's allotment for travelling allowance and contingencies has been repeated for the next year, as no change seems necessary.

69. *Technico-Normal Institute.*—Rs. 5,010 is allotted for salaries of masters against Rs. 4,200, the estimate for 1890-91. The increase allows provision for the increment to which some of the teachers will be entitled from August next, when the technical institute, as at first organized, will have had one year's standing. It also includes the pay of a headmaster for the Practising department on Rs. 15 per mensem. The Government had sanctioned one prior to the organization of the technical institute; but as no provision was made in that scheme, the services of the headmaster had to be dispensed with. The Assistant Inspector of Schools strongly pleads

in favor of appointing a master, as without him he is afraid the Practising department, on the strength of which the success of the Normal department solely depends, will seriously suffer. The Board, therefore, request that the Government be pleased to sanction the appointment.

The allotment for stipends of students is Rs. 6,780, i.e., Rs. 360 in excess over the current year's estimate. The increase has been allowed for in consultation with the Director of Public Instruction to open twenty-four stipends to students of the agricultural section. The number originally sanctioned was only twelve, and this is found too inadequate to meet the demands. The Taluk Board of Ramnad desired to send in pupils, but owing to want of provision, the President was obliged to give a negative answer.

Under "Clerks and servants," a waterman has been provided for at Rs. 5 per mensem, as it is absolutely necessary to have a permanent water-shed for the masters and pupils of the institute. Particularly in the hot season the students of the industrial classes will feel the want of water-supply.

Rs. 1,370 has been allotted under "Miscellaneous" towards the cost of timber, iron, rattan, &c., required for the Industrial department, and also towards meeting other contingent expenses of the institute.

Rs. 190 is, as before repeated, for the training of two Muhammadan pupils in Madras. But during the current year the provision which was made at the instance of the Director of Public Instruction has not been utilized, notwithstanding all attempts at securing two pupils to be sent to Madras.

Sessional Schools.—Rs. 800 has been provided for four schools against Rs. 720 of the current year including the subsequent allotment, and the increase of Rs. 80, as the Assistant Inspector has remarked, is for a more liberal grant of contingencies. The teachers in the backward localities have to be supplied even with books, slates, &c. The period for which the sessional schools will be held will be, as in the current year, for three months in reference to the Director's proceedings.

70. *Salary Results Schools.*—The fixed salaries of masters have been raised from Rs. 7,880 to Rs. 12,300 in accordance with the suggestions of the Director of Public Instruction, embodied in G.O., dated 23rd April 1890, No. 918 L. The Taluk Boards have concurred with the educational officers in respect to allowing higher salaries and accordingly so provided in their budgets, taking also into consideration the needs and wants of particular localities. About sixteen salary-result schools are proposed to be opened during the year.

Rs. 4,180 is the expected amount to be paid to the masters as being 75 per cent. of result grant to the various schools in the Madura and Ramnad ranges and 50 per cent. in the Dindigul range. In consideration of the salaries having been raised, the President of the Taluk Boards of Dindigul, Palni and Periyakulam proposes to reduce the rate to 50 per cent. in the Dindigul range.

Miscellaneous.—Under this item, Rs. 2,850 is entered for furniture and other sundry contingent charges against Rs. 2,270, the estimate of the current year.

71. *Result Grant.*—The total allotment for this item is Rs. 19,450 which makes a diminution from the current year's provision by Rs. 550. The reduction has been made in reference to the actuals of the previous year, which were only Rs. 14,395.

Only Rs. 200 is provided for building grant by the Madura, Dindigul and Tirumangalam Taluk Boards against Rs. 800 for the current year, which has not been utilized in the least.

72. *Miscellaneous.*—No alteration is made in the outlay on the purchase of books and the commission on their sale.

Rs. 150 is provided under "Miscellaneous" to allow the charges of transmission of books to be incurred by the Curator, and also other contingent charges in his office.

One more item under Grant II, and that is provision of Rs. 100 for annual prizes to be distributed in the shape of books, tools, &c., among the successful students of the technical institute as an incentive to merit and further improvement.

73. Thus the allotment for Grant II aggregates Rs. 61,560 and is almost equal to one-sixth of the land-cess supplemented by fees and Provincial grant and other sources of income on account of education.

74. *Grant III—Hospitals and Dispensaries.*—Rs. 17,350 has been provided for medical subordinates for the next year against Rs. 16,690, the estimate of the current year. There is a decrease of provision for the Usilampatti dispensary owing to its having been put in charge of a Government Hospital Assistant instead of a civil apothecary. This decrease is counteracted by increase in Ilayangudi, Vallanadi, Batlagundu and Tirumangalam, as next year the hospital assistants in charge of these dispensaries will become entitled to increment of pay as provided for in G.O., dated 6th November 1888, No. 2088 L. The increase is also accounted for by the Taluk Boards of Dindigul, Palni, and Periyakulam proposing to open new dispensaries at Nelakota, Thandikudi and Andipatti respectively. Provision has been made for a third-class hospital assistant for Thandikudi, as there will be no hands available out of those trained by the District Board.

75. There has been also some increase in the allotment for "Clerks and servants." This is the result not only of the opening of new dispensaries above mentioned, but also of the pay of the compounders being increased in reference to G.O., dated 11th September 1888, No. 1677 L. The Taluk Boards of Ramnad and Sivaganga recommend an increase of one rupee to the pay of each of the toties attached to Paramakudi, Tirushuli and Sivaganga dispensaries. The Palni Taluk Board on the requisition of the District Medical and Sanitary officer have made room for three more servants to the Kodaikanal dispensary at a cost of Rs. 260, as proposals are being made, as already mentioned, to convert it into a hospital.

76. *Diet of Patients.*—Rs. 2,280 has been allotted against Rs. 1,920, the estimate of the current year. The difference of Rs. 360 is due to the provision made to treat in-patients at Kodaikanal.

77. *Midwives.*—The previous year's allotment, namely, Rs. 3,070, has been raised to Rs. 3,170. This is accounted for by provision made for a midwife to be attached to the Nattam dispensary.

78. *Medicines and Surgical Instruments.*—The opening of two new dispensaries and the raising of the Kodaikanal dispensary to the status of a hospital account for the increase of provision under this item to Rs. 6,400 from Rs. 5,850.

79. *Midwifery Pupils.*—Rs. 360 is provided under this item against Rs. 120. This is consequent on proposing to entertain half a dozen pupils instead of only two. Several dispensaries are in need of midwives, but none are available. It is therefore resolved to train up half a dozen pupils every year till every station is supplied with a midwife.

80. *Supplies.*—The same causes that have tended to increase the allotment for "Medicines and surgical instruments" also explain the increase under this item. Rs. 1,740 has been provided against Rs. 1,610.

81. *Rents.*—Rs. 860 has been provided for against Rs. 910. The decrease is due to the Nattam and Sivaganga dispensaries being held in buildings belonging to the Taluk Boards concerned. The decrease on this account would be much larger were it not for the provision made to locate the new dispensaries.

82. *Travelling Allowance, Contingencies and Cholera charges.*—There has been no apparent alteration in the allotment for these items. Rs. 310, Rs. 2,560 and Rs. 450 have, respectively, been entered.

83. Rs. 220 is, as usual, required to meet the cost of temporary establishment for supervising the harvesting operations of Kumani and Machiyur villages endowed to the dispensary at Tiruvadanai. The allotment has been transferred to this head under instructions communicated by the Government in memorandum No. 803, dated 6th October 1890.

84. *District Medical Officer's Establishment.*—Rs. 570, Rs. 100 and Rs. 420 are allotted for establishment, batta and contingencies, respectively, as in the last year.

85. *Allowance for passed Hospital Assistants in reserve.*—Rs. 480 is provided under this head in reference to G.O., dated 15th October 1890, Mis. No. 2640 L. But it is not likely that this provision will be utilized, as these hospital assistants will be required to open new dispensaries.

86. *Vaccination.*—The allotments for fixed charges and travelling allowance remain almost the same, viz., Rs. 8,280 and Rs. 1,020.

The charges under "Contingencies and miscellaneous" have been raised from Rs. 970 to Rs. 1,520 to provide for animal vaccination being conducted throughout the year in all the ranges, instead of as at present allowing the practice in turns for four months in the year. G.O., dated 20th September 1890, No. 2406 L., has provided for Government depôts from which animal lymph might be obtained. As it is not understood when this system will come into force, provision has been made under this item as before instead of under contribution to Provincial funds for vaccine lymph.

87. *Sanitation.*—The Taluk Boards have made provision for an outlay of Rs. 34,470 against Rs. 33,290 of the current year under all the items of sanitation. There will be found a slight decrease under the "Improvement of water-supply" and "Other sanitary outlay." But this is in reference to the actual requirements as expected from the utilization of the allotments in the current year. The decrease is amply compensated for by increase under the other items. The details of the allotment are noted below:—

	RS.
Improvement of water-supply	3,810
Do. of village-site	3,380
Scavenging establishment	25,090
Arrangements at fairs and festivals	550
Other sanitary outlay	1,640
Total ..	34,470

88. *Markets.*—Rs. 2,740 on account of establishment and Rs. 890 on account of contingencies are provided against Rs. 2,010 and 660, respectively, of the current year's estimate. This is due to the appointment of a maistry for the Melur market sanctioned in G.O., dated 19th November 1890, Mis. No. 2965 L., and of gardeners and watchmen to be appointed for several other markets, chiefly in Dindigul and Ramnad.

89. *Choultries.*—The provisions made for establishment, feeding charges and contingencies are, respectively, Rs. 4,610, Rs. 6,160 and Rs. 3,170 against Rs. 4,590, Rs. 5,300 and Rs. 2,690 of the current year. The increase in the second item is accounted for by the Madura Taluk Board proposing to distribute rice at Thathampatti chattram by reducing the grant to the Kunnathur chattram under the charge of the Municipal Council, Madura, and also by the Ramnad Taluk Board intending to make freer distribution of rice in the Muthanendal and Narikudi chattrams. The increase in the contingencies is consequent on ample provision made by the Ramnad Taluk Board for the purchase of vessels and utensils for the use of the Muthanendal chattram.

90. *Bungalow fees.*—Rs. 480 and Rs. 320 are provided for establishment and contingencies against Rs. 480 and Rs. 310, respectively, in 1890-91.

91. *Contribution to Provincial Funds.*—Rs. 1,480 and Rs. 50 have been allotted under this item on account of "Sanitary inspection" and "Cutler's establishment" in accordance with the instructions given in G.O., dated 2nd April 1887, No. 641 L.

91A. *Contribution to the Countess of Dufferin's Fund.*—Rs. 300 entered under this head is the stipends due to a female apothecary trained in the Medical College at Madras at the cost of the District Board. This charge is debited to this head under instructions conveyed in G.O., dated 28th February 1890, No. 442 L.

92. *Contribution to Municipalities.*—The following items are provided for under this head:—

	RS.
(1) Contribution by the District Board to the Madura Municipality for dieting charges of patients treated in the municipal hospital.	1,300
(2) Contribution by the District Board to the Madura Municipality to the extent of a moiety of the net cost required by the municipality for making sanitary arrangements at the Chitrai festival in Madura	1,000

	RS.
(3) Contribution by the Taluk Board of Madura to the same municipality out of the funds of the Sholavandan chattram towards feeding and establishment charges of the Kannathur chattram. Rs. 945, or, in round numbers	950
(A reduction has been made in this item to the extent of Rs. 195 owing to the Taluk Board's proposal to utilize the amount on the distribution of rice at Thathampatti chattram.)	
(4) Contribution by the Dindigul Taluk Board towards the Dindigul dispensary, consisting of Rs. 480 to the municipality and Rs. 1,370 to the mission body as classified under instructions from the Accountant-General	1,850
(5) Contribution by the Palni and Periyakulam Taluk Boards to the respective municipal councils	700 and 750
(The resolution of the municipal council in respect to the former is herewith attached. As regards the latter, the Government has fixed the contribution at the amount herein entered.)	

93. *Contribution to the Mission bodies.*—Rs. 880 has been provided for under this head. Rs. 90 each to the mission bodies at Pasumalai and Mantapasalai, Rs. 200 towards the cost of the mission dispensary at Rajasingamangalam, and Rs. 500, a grant to the mission dispensary at Madura under the supervision of the Rev. Frank Van Allen, M.D. This last is a new item in the budget and was recommended by the District Board on the ground that the dispensary is doing good service to patients in and outside the precincts of the Madura town, and is consequently entitled to pecuniary assistance from the Board.

94. *Miscellaneous.*—Rs. 5,630 is allotted for lighting charges in the various unions. The increased allotment is to provide additional unions with lamp-posts and meet the lighting charges.

The total allotment for Grant III amounts to Rs. 1,23,780 and is in excess of the current year's estimate by Rs. 9,810.

95. *Grant IV—Miscellaneous—Controlling Establishment at the Presidency.*—The actuals of the previous year, i.e., Rs. 3,520, is repeated.

Establishment in the Collector's Office.—Rs. 2,260 has been provided against Rs. 1,780—Rs. 910 for the Audit department and Rs. 1,350 for the Account department. The increase in the latter is caused by the appointment of a head accountant on Rs. 30 and the revision of scale sanctioned by the Government in G.O., dated 30th July 1890, Mis. No. 1903 L.

96. *Local Board's Office Establishment.*—Rs. 2,400 and Rs. 7,800 are allotted under the District Board and all the Taluk Boards together, respectively, against Rs. 2,400 and Rs. 7,790 in the current year. The variation in the cost of the Taluk Boards' office establishment is due to the increase of pay claimed on behalf of the head clerks of the Taluk Boards of Madura and Tirumangalam from Rs. 15 to 18 and also increase of one rupee sanctioned by the Taluk Boards concerned to the Union clerks or karnams of Tirumangalam, Usilampatti, Palayampatti, Bodinayakanur, Chinnamanur and Uthamapalayam. This increase is almost counterbalanced by decrease in Palni and Periyakulam. The Taluk Board, Periyakulam, have appointed a clerk on Rs. 10 and a bill-collector on Rs. 8 for the Cumbum Union constituted out of the recently dissolved Unions of Cumbum and Uthamapuram. The cost of the Madura and Tirumangalam Taluk Boards' office establishment, with the pay of the head clerks raised to Rs. 18, comes to only Rs. 33, the limit allowed by the Government in G.O., dated 6th September 1886, No. 1091 L.

Contingencies.—A sum of Rs. 9,830 is provided for under this head. Increase is claimed under the sub-heads of travelling allowance for the account and audit clerks who have been in pursuance of the instructions conveyed in G.O., dated 20th September 1888, No. 1728 L., directed to inspect the accounts of all the Union Panchayats in the district.

The item under "Miscellaneous" represents the expenditure on furniture and other sundry charges. Rs. 250 has been entered against law charges.

97. *Pension.*—Rs. 300 has been allotted for this item in reference to the actuals of the previous year.

The total charges under Grant IV amount to Rs. 25,860 against Rs. 24,620 of the current year.

98. *Reserve.*—Under the District Fund Rs. 20,000 has been set apart as reserve which is 9 per cent. of the total receipts taken credit to. The Taluk Boards' reserve stands at Rs. 15,000, which is only 5 per cent. of the receipts excluding those of the endowed institutions.

99. The grand total expenditure against the total assets of Rs. 5,74,050 is Rs. 5,36,610, and the budget year therefore closes with a balance of Rs. 37,440, of which Rs. 4,400 appertains to the Unions, Rs. 27,680 to the Endowment fund, and only Rs. 5,360 remaining as net balance available for general purposes.

100. The budget was passed by the District Board in their resolution No. 166 of 1890, copy of which is enclosed.

From Surgeon-Major J. A. LAING, Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Fort St. George, 26th January 1891, No. 341-S.

I have the honor to report that the provisions made by the Madura District Board for sanitation and vaccination during 1891-92 appear to be ample for the purposes intended and call for no remark. For the former Rs. 34,470 have been set aside, and for the latter Rs. 10,820.

2. No statement of the sanitary works, if any, under Grant I has been furnished to me—an omission pointed out last year also.

From W. F. DEFABECK, Esq., M.D., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Nungumbakum, 12th February 1891, No. 129.

I have the honor to state that the provision made in Grant III of the budget estimate of the District Board of the Madura district for the maintenance of the dispensaries, including the new institutions proposed to be opened for the year 1891-92, is sufficient and calls for no remarks, the President, District Board, having explained the variations between the current year's grant and the estimate in his covering letter to Government.

From H. B. GRIGG, Esq., M.A., C.I.E., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 18th February 1891, No. 1715.

Adverting to the budget estimate of the Madura District Board for 1891-92, I have the honor to submit the following remarks:—

2. *Receipts.*—To the estimate under Provincial grant should be added Rs. 420, being the increased rate of stipend sanctioned by Government to Lower Primary grade teachers, and Rs. 70 claimable as stipends for the two Muhammadan teachers it is proposed to send to Madras for training. The Board schools are generally ill-accommodated, and the Assistant Inspector and Mr. Logan strongly recommend that the allotment under Grant I for school-houses be raised from Rs. 2,700 to Rs. 5,100. I beg to support their recommendation. As in the case of all new school-houses of a substantial character, the Board will be entitled to a third grant from Provincial funds; the estimated building grant may also be raised from Rs. 320 to Rs. 1,700. The large decrease in the fee estimate is explained in the President's covering letter.

I see no objection to the adoption of lower rates of fees (but the rates of fees have not been specified), but the reduction should be confined ultimately, and as far as possible, to schools in backward localities and for backward ranges. The total educational assets, as above modified, amount to Rs. 12,960, exclusive of building grants (Rs. 1,700) and the appropriation from the land-cess.

3. *Charges.*—The expenditure proposed under Grant II aggregates Rs. 61,500, against Rs. 55,500 in the current year, and Rs. 32,940, the actuals of 1889-90:—

	Actuals, 1889-90.	Budget estimate, 1890-91.	Budget estimate, 1891-92.
	RS.	RS.	RS.
Inspection	5,095	5,470	5,800
Training and technical schools	3,793	12,910	14,630
Board schools	3,474	14,420	19,330
Results grants	14,395	20,000	19,450
Building	800	800	200
Miscellaneous	1,183	1,900	2,150
Total ..	32,940	55,500	61,560

4. *Inspection.*—I approve of the increase from Rs. 27 to Rs. 30 proposed to the salary of the last inspecting schoolmaster.

5. *Training and Technical Schools.*—The increased provision under this head has been fully explained in the budget covering letter, and may be adopted. All the sessional schools budgeted for should be worked at maximum strength, so as to reduce the proportion of unpassed teachers in the district as rapidly as possible.

6. *Board Schools.*—I am glad to note that the Board has resolved to open 16 salary-results schools in the ensuing year and has provided the necessary funds. The Inspector reports that the Sivaganga Taluk Board has reduced the provision recommended for stipends of the masters of salary-results schools from Rs. 1,572 to Rs. 1,310, and urges that, as Sivaganga is a backward tract and as difficulty is felt in securing competent and qualified men, the allotment should be raised to the figure suggested. I concur with him in thinking that the stipends should be fixed on a proper scale, and beg to request that Rs. 262, or Rs. 260 in round numbers, be added to the allotment. The Board schools should also be supplied with the necessary furniture. I observe that the Dindigul Taluk Board fix the results remuneration at 50 per cent. of maximum rates. The rate should be raised to 75 per cent., otherwise in the present unadvanced state of these schools the earnings on results of work are not sufficient to stimulate the teachers to great exertion.

7. *Results and Building Grants.*—The assignment for results grants is considered more than sufficient. It may be fixed at Rs. 19,000 and the balance added to the provision for building grants,—Rs. 200 under the latter head being quite inadequate. I regret that the amount entered for this purpose in the current year's budget has not been utilized, but under the operation of the new Educational rules for the recognition of public schools, the managers will, no doubt, apply for aid to improve their buildings. Aid will also be given directly from Provincial funds under Article 5 of Chapter X of the Code.

8. *Physical Education.*—In this matter also Primary schools are without any provision. I would suggest to the Board to employ experimentally a few circle gymnastic instructors to visit schools within a specified radius in succession, and to afford instruction to pupils as well as teachers, where necessary, in elementary gymnastics and drill. The Board will be entitled to a grant equal to a moiety of the instructor's pay and of the value of apparatus.

9. The total expenditure will be Rs. 61,820, if my suggestions be approved.

ORDER—dated 19th March 1891, No. 652A L., Local and Municipal.

The estimated Local Fund receipts and charges of the Madura district for 1891-92, as passed by Government, are compared below with the budget and revised estimates for 1890-91 and the actuals of 1889-90:—

	Actuals, 1889-90.	Budget Estimate, 1890-91.	Revised Estimate, 1890-91.	Budget Estimate, 1891-92.

The principal variations between the budget and the revised estimate for the current year, and those between the budget estimates for the current and ensuing years, are explained in the President's letter.

2. The following errors and omissions are noticed in the budget statements :—

(1) The market feeder roads, for the maintenance of which Rs. 6,070 are provided from market funds, should have been specified in Statement III-B, and the amount provided should have been included under column 12 in Statement VII, "Allotted for public works," and not under column 16, "Allotted for feeding purposes."

(2) In column 2 of Statement IX, the actual expenditure on bungalows during the first six months of the year has been incorrectly entered as Rs. 327, instead of Rs. 237.

(3) In column 4 of Statement IX, the allotments for (11) Contingencies, &c., and (15) Medical pupils, under Grant III—(a) Hospitals and Dispensaries, have been erroneously estimated at Rs. 1,622 and Rs. 232, respectively, instead of Rs. 622 and Rs. 68.

(4) In the same statement, the sum of Rs. 220 allotted for the purpose of defraying the cost of the temporary establishment required for supervising harvesting operations in the Kumani and Machiyur villages, attached to the Tiruvadanai dispensary, is incorrectly shown under (b) Miscellaneous, instead of under (a) Hospitals and Dispensaries.

(5) G.O., dated 23rd April 1890, No. 918 L., communicating the remarks of the Director of Public Instruction on the budget for 1890-91, has been erroneously quoted in the last column of Statement X as authorizing the entertainment of establishment in the Paramakudi dispensary.

(6) The Board's primary schools and scavenging establishments have not been exhibited in the same statement.

The necessary corrections have been made with reference to clauses (2), (3), (4) and (5) above. The omission noticed in clause (1) should be supplied at an early date.

REVISED ESTIMATE FOR 1890-91.

3. The current receipts and charges of the year are now estimated at Rs. 4,80,890 and Rs. 5,14,600, respectively, against Rs. 4,65,010 and Rs. 5,00,260 anticipated in the sanctioned budget, the increase in both cases being explained in the President's letter. The provision made for lighting charges in the Devakōta and Ramesvaram Unions will be passed on the understanding that the necessary funds are placed at the

disposal of these Panchayats by the Ramnad Taluk Board under section 142 of the Local Boards Act. Under Grant IV (a) Controlling establishments at the Presidency, the current year's provision will be repeated instead of the actuals of 1889-90. The balance to be carried forward to the ensuing year's budget will then be Rs. 1,08,780 as shown in the margin.

BUDGET ESTIMATE FOR 1891-92.

4. *Receipts.*—The current receipts of the ensuing year are estimated at Rupees 4,65,460, against Rs. 4,80,890 anticipated in the revised estimate for 1890-91, the decrease occurring almost entirely under contributions from private individuals and from Provincial funds on account of education. The sum of Rs. 2,000, expected to be realized from the three additional toll-gates proposed, will be allowed to stand, pending the submission of further information as called for in official memorandum, dated 21st February 1891, No. 118. The income from fishery rents will be credited to Taluk Funds, as in other districts, a corresponding reduction being made in the allotments assigned to them from District Funds. The contribution of Rs. 1,950 expected from the Tinnevely District Board, towards the construction of the road from Aruppukōta to Virudupatti will be struck out with reference to G.O., dated 19th March 1891, No. 650 L. The Provincial grant for education will be raised by Rs. 1,870, in accordance with paragraph 2 of the Director's letter read above.

5. *Expenditure.*—(1) *Grant I.*—The application for a contribution from Provincial funds towards the cost of constructing a building for the Kodaikānal dispensary, referred to in paragraph 58 of the President's letter, will be considered in the Financial Department. The provision for New Works—Buildings will be raised by Rs. 2,400 as recommended by the Director in paragraph 2 of his letter. The proposed appropriation of the Melūr and Kottampatti chattram funds for the construction of a travellers' shed at Nattam is approved. The provision for contributions due to the Public Works Department for the scrutiny of Local Fund plans and estimates will be raised to Rs. 1,080, with reference to G.O., dated 2nd February 1891, No. 240 L. The Ramnad Taluk Board's proposal to contribute Rs. 5,000 to the people of Ramnad, to be spent in improving the town roads, is sanctioned on the understanding that the estimates are approved of by the District Board and the works carried out under the supervision of the Local Fund Engineer, and that payments from local funds are limited to the equivalent of the local contributions.

(2) *Grant II.*—The increase of pay proposed to one of the inspecting school-masters from Rs. 27 to Rs. 30 a month, the entertainment of a head master on a pay of Rs. 15 per mensem for the practising department of the technico-normal institute, and the addition of a waterman on Rs. 5 per mensem to the staff of the same institution, are sanctioned. The usual proposition statement should be submitted for the entertainment of the establishments required by the 16 salary-result schools about to be newly opened. The provision for salaries of masters in Board's salary-result system schools will be raised by Rs. 260, and that for result grants reduced by a sum of Rs. 450 transferred to building grants, with reference to paragraphs 6 and 7 of the Director's letter. The remaining suggestions made by him in paragraphs 5, 6 and 8 will be referred to the Local Boards for early consideration.

(3) *Grant III.*—The Taluk Board's proposals (1) to open 3 new dispensaries at Nelakotah, Thandikudi and Andipatti, (2) to entertain 3 additional servants for the Kodaikānal dispensary as well as a midwife on Rs. 10 a month for the Nattam dispensary, and (3) to increase the pay of the toties attached to the Paramakudi, Tirushuli and Sivaganga dispensaries by Re. 1 each per mensem, are sanctioned.

The attention of the President of the District Board is drawn to the omission pointed out in paragraph 2 of the Sanitary Commissioner's letter read above. Pending the submission of the usual proposition statement, the provision assigned for the entertainment of gardeners and watchmen on behalf of the markets referred to in paragraph 88 of the President's letter will be allowed to stand. The proposed reduction of contribution to the Madura Municipality on account of the maintenance of the Kunnathur chattram should form the subject of a separate communication, accompanied by a copy of the resolution of the Municipal Council. The contribution of Rs. 700 allotted to the Palni Municipality will be raised to Rs. 1,000, with reference to paragraph 4 of G.O., dated 3rd March 1891, No. 291 M. The District Board's proposals to contribute Rs. 500 per annum to the support of the Mission dispensary at Madura is sanctioned. The allotment for lighting charges in the Sholavandan and Ramesvaram Unions will be passed, on the understanding that the necessary funds are placed at the disposal of these Panchayats by the Taluk Boards concerned.

(4) *Grant IV.*—The increase of Rs. 3 each per mensem recommended on behalf of the head clerks of the Madura and Tirumangalam Taluk Boards is sanctioned.

6. *Allotment, Reserve and Balance.*—The allotment from the District to the Taluk Funds will be reduced by Rs. 22,000 with reference to paragraph 4 *supra*. The reserve provided under the District Fund will be reduced by Rs. 1,950 with reference to paragraph 1 of the President's letter recorded in G.O., dated 19th March 1891, No. 650 L. The budget, as revised by Government, closes with a balance of Rs. 35,960 distributed among the several funds as shown below:—

	RS.
District Fund	1,280
Taluk Funds { Endowment	27,680
{ General	2,600
Union Funds	4,400
Total	35,960

The balances available for general purposes under the District and Taluk Funds are, respectively, 6 and 1.1 per cent. of the estimated receipts. The deficit balances with which the endowed choultries at Kalligudi and Andipatti, some of the markets under the Tirumangalam Taluk Board, and the Virupatchi market under the Palni Taluk Board, are expected to close the year 1891-92, should have been made good by appropriations or loans from General Local Funds, as required by section 25 of the Local Fund rules.
