PUBLIC WORKS DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following

Letter from the Registrar of
Assurances, Calicut No. 1361 dated
3rd April 1889

You might remember that
the Vayitri Sub-Registrar's office is
located in a portion of the
Sub-magistrate's cutcherry.

2. The room occupied by
the Sub-Registrar is in the middle
i.e. between the Record Room of the
Sub-magistrate and his office room.
There is no protection for the Sub-
Registrar's room as the menial
servants especially of the Deputy
Tahsildar's office cannot be
prevented ingress as they choose.

3. The Vayitri Sub-Registrar's office
is dechooping itself and the
Sub-Registrar feels great in-
convenience in holding the

office in the present room.

4. Between the Sub-Registrar's quarters and the Deputy Tahsildar's office building there is a piece of vacant ground on which if a hall is erected in length equal to the breadth of the Deputy Tahsildar's cutcherry and 20 feet in breadth and if divided into two rooms one for records and the other for office room it will meet the requirements of the Sub-Registrar comfortably. Now the Sub-Registrar keeps his Records and holds the office in one and the same room.

5. I beg therefore to strongly recommend that you will be pleased to address the Govt. to provide the Sub-Registrar of Vaidia either with the building that I have proposed or a building of the standard plan in some part of the cutcherry hill at Vaidia.

Endorsement thereon by the Inspector General of Registration No. 1069 dated 8 April 1889

Submitted to the Govt. with the recommendation that sanction may be granted for the construction of a new office on the standard tiled design at Vaidia. 11409/3

2. It is certain that if a separate building were provided registration would advance, as parties would go to the place without the apprehension which exists at present of their transactions becoming known to the taluk authorities.

3. This office pays for its up-keep.

Endorsement in the judicial dept dated 15 April 1889

Approved and transferred to the Public Works Dept.

Order thereon No 1126 W of 26 April/89

Communicated to the Supdy. Engineer IV circle who will

will cause an estimate of the
cost of a new building on the
standard design, tiled roof,
to be prepared.
