7TH MAY 1891, No. 410, REVENUE.

GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 24th April 1891, No. 242:—

MR. CLOGSTOUN.

Read—the following letter from C. D. MACLEANE, Esq., Collector of Nellore, to the Secretary to the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated Nellore, 19th April 1891, No. 1549—Tour:—

I have the honour to reply to Board's Proceedings, No. 174, dated 26th March 1891.

2. The Executive Engineer, Buckingham Canal division, reports that work No. 1 at Dugarázupatnam has been completed.

3. As regards works in the Rápúr taluk, I have already furnished a general provisional list for the district. I am at this moment enlarging that list by adding to it works on a smaller scale in certain portions, Rápúr taluk being one.

4. As regards Pólúr and Venkatagiri divisions, the Rajah of Venkatagiri has, in personal communication with me, drawn up the enclosed list of irrigation works, portion of which he will undertake at once. A list of Local Fund works about to be undertaken in those divisions is also enclosed.

5. The inspections made in the affected tracts by the Divisional Officers, Tahsildars and Deputy Tahsildars will be dealt with in separate communication.

6. With reference to the concluding sentence of Board's Proceedings, the distress in the Maderpák division has not extended to the adjoining villages of this district. The adjoining portion of Pólúr division is sparsely populated and has salt-pans and shell-pits to supply work to the poorer classes, and a good ragi crop was harvested last month. As regards adjoining portion of Venkatagiri division, I do not find that the North Arcot villages lying close on that border are much affected, at any rate the Venkatagiri villages are not so. There have been two Deputy Tahsildars watching the villages on these two lines for some time past. Information regarding villages has been collected in the form herewith enclosed. I have myself been along both lines of country and have inspected numerous villages therein. Results on this head will be summarized in the special season reports.

Resolution—dated 24th April 1891, No. 242.

Submitted for the information of Government in continuation of Board's Proceedings, dated 26th March 1891, No. 174.

2. The special programme of works referred to by the Collector has already been submitted to Government with Board's Proceedings, dated 18th April 1891, No. 230.

3. The two lists of works now received contain ample provision for employing labour in the Pólúr and Venkatagiri divisions in the event of any emergency arising. The Collector should have noted the works for which estimates are ready.

7TH MAY 1891, No. 410, REVENUE.

4. The Board is glad to find that the distress in Maderpāk division in North Arcot has not extended to the neighbouring villages of the Nellore district. The situation is being carefully watched by the Collector and his Divisional officers.

5. The special season report promised by the Collector is awaited.
