An allotment of Rs 12,000 for the current year has been made in the Financial Department for the works sanctioned in G.O. No 700 I dated 1st December 1890. Please let me know if in the circumstances stated in para 11 of Mr. Arundel's letter printed therewith the allotment made should not be treated as under 45 civil works - Miscellaneous Public Improvements and be dealt with in the Roads and Buildings branch.

branch.

To L.I.

Before giving my opinion I should like to understand a little more clearly what the transaction is.

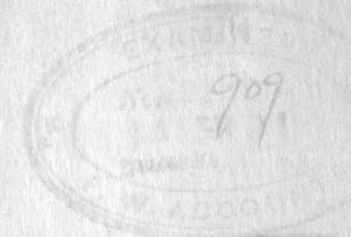

2. From G.O.No.700 I.dated 1st. December 1890 referred to by you, I understand that the existing canal is to be in some way improved,& its accommodation increased at the cost of Provincial Funds. If so, please let me know whether the canal when so improved (or the part of it on which the improvements are made) is to be transferred as a source of revenue to Provincial, or is the revenue earned by it still to be credited to the project.

C	D.E.J		

Your office note No 835 d/9.2.91

The works referred to are connected with the Ryves canal of the Krishna delta system but they do no benefit to irrigation interests or the revenue of the delta. They are needed for the improvement of the town of Bezawada on sanitary and mercantile grounds and it is not intended to transfer any part of the Canal as a source of Revenue to Provincial.

13/2-91

20/1
D.E.J

No 155 d/23.2.91.

To E.I.

R 57

Under the explanation now given the canal in question being an essential part of the Kistna Delta System, the proposal in your office note No. 23 dated 22nd. January 1891 to charge the expenditure on it to 45-Civil Works Miscellaneous Public Improvements, appears to be altogether irregular, with reference to Code para 1492.

2. If Government desires to spend Provincial funds on the works in question it should, I think, do so, by making a contribution to Imperial funds.

HC
C.

No 68

18/3
18/3

To C. - Please consider the letter in the last of our conversation - as clearly stated in all the papers on the subject the works are not an essential part of the Kistna Delta System but are undertaken solely in the interests of the town (Byroad) Saunty & Mercantile life; all that may be after the at the place will be charged to Provincial receipts from the

Shedam -

Para 1499 of the Code & to thoroughly cover the

No. 1622 d/17.3.91.

To E.I.

R 71 14/3

Under the circumstances now explained I think the improvements may under code para 1499 be charged to provincial funds 43 minor works and navigation, works for which capital and revenue accounts are not kept.

HC

C.

18/3

To C.

18/3

As the works are required for town improvements and not in the interest of Irrigation or navigation please let me know what objection there is for classifying them under 45 Civil Works Miscellaneous Public Improvements

HC
18/3

18/3

No. 2086 d/5.4.91.

To E.I.

R 80

The works should, I think, strictly speaking be classed under "43 minor works and navigation", for, even if they do no benefit to irrigation interests, they are still connected with the Ryves

canal, of the Kistna Delta system
is a major irrigation work. But
consider that they should be
to 45 civil works miscellaneous
the improvements, the Secretary
ernment P.W.D. should be asked
action the estimate & provide
for the works.

The estimates having already
been sanctioned in the Irrigation
Branch they need not be
re-stored again in the Roads
and Buildings Branch. The
papers will, in future, be
proposed of in the Roads
Buildings Branch.

The allotment sanctioned
already been included in
45 Civil works in the
of the works office no further
action in the matter
necessary.

The opinion expressed
by 1 of E.I.'s office
is concurred in, but
classification of the
works will require
action which will be
if you have no
objection.

The allotment required
for this work has already been
sanctioned under 45 Civil
