Sir,

With reference to your No 45K+46K dated 8th instant and in continuation of my No 201 St. of that date, I have the honor to state, as you probably know already that the Government orders were issued under a misapprehension as if in fact, no injunction had issued and that the Commissioner therefore orders work now in hand to be gone on with till further orders are issued.

2. Now I have at present 13 sanctioned estimates aggregating to Rs 22,381 capable of employing 2016 people for 60 days, while 9 Estimates aggregating to Rs 19469 and capable

capable of employing 15[illegible] people more have been sent to the [illegible] for sanction but have not yet been passed back; while there are 5 Estimates in this office which will probably come to about Rs 4,000 and will be sent in in a day or two. If these are gone on with, every one of my staff will have his hands full, apart from the fact, that the Commissioner and Collector want me to undertake a considerable length of new roads from Local Funds in the Zemindaree.

3. I take this opportunity of asking for early sanction of appointment of the Assistant Draughtsman and Clerk asked for in my No 1758 of 19th April 1891 referred to in your No — of 29th April 1891; there are many applicants, and also early sanction to Subordinate grades see application of this date, as Inspections are large and no Subordinates have offices or residences of any sort.
