Clause 39  
—(contd.) eye or a limb for which a permanent pension may at once be granted) and articles 1396 to 1407”.

*Article 1409.*—After the word “shall” in the first line insert “subsequently to the 1st April 1880”.

*Article 1432.*—Expunge the first sentence ending with the words “too high” and substitute the following:—

“The secretary of state for India in council has reserved to himself the absolute right to regulate from time to time the contributions to be required from officers under these regulations and to make any alterations in the regulations themselves that may appear to him equitable: provided always, that the scale of pensions fixed thereby shall not be reduced in the case of actual incumbents. The secretary of state in council will endeavour to adjust the contributions to be levied from officers exactly, so that they shall neither be too large nor too small to supply the pensions provided for by these regulations. But if it should appear on experience that they have been fixed too low, the government will not require any supplementary retrospective payments; and if they are found to have been fixed too high, no claim to refund will be admitted. Upon the report of an actuary or actuaries, the secretary of state in council will order any necessary alterations in the rates of contribution.”

*Article 1434.*—To the last sentence add the words “except as provided in these regulations”.

*Article 1440.*—Under Tables I and II, expunge the last line “In India” together with the amounts opposite in rupees.

At the end of the article insert—

“NOTE.—Annuitants residing in India may either receive their pensions in Indian currency at the official rate of exchange or in England in sterling, but, having once exercised the option, any subsequent change can only be permitted at the commencement of the official year.”

*Article 1442.*—At the end of the article substitute a semi-colon for the full stop and add “also at any subsequent period during active service, on the production of a certificate of health signed by two qualified medical practitioners.”

*Article 1447* is cancelled and the following substituted:—

“1447. The following are the prescribed rates of donations and monthly contributions from 1st April 1891, which rates will be converted into Indian currency at the official rate of exchange for the year in which they become due.

*Articles 1456 and 1457* are cancelled and the following substituted:—

"1456. An officer may, at the date of retirement, or at any subsequent period, commute his monthly contribution by a single payment representing the value thereof during the joint lives of husband and wife, and father and child. In the event of the wife dying after the date of commutation, contribution at the unmarried rate must be resumed, or, as an alternative, it may be commuted. A subscriber who has commuted will, on remarrying, become liable for marriage donation and the difference between the married and unmarried rates of contribution, or the commuted value on the joint lives."

"1457. Widowers and bachelors may in like manner commute their monthly contribution for life. On each subsequent marriage they will become liable for the donation and difference of contribution laid down in previous article. Donation and contribution or its commuted value must be paid for all children born to a subscriber after his retirement from the service."

## NATIVE ARMY.

## Corrections in Army Regulations, India, Volume I, Part II, Native Troops.

*Page 123.*—Insert the following article:—

"521A. Native soldiers transferred to service with frontier levies, reckon their combined military and levy service towards pension under military rules." Clause 40.

## REGULATIONS.

## Instructions for the payment of British Troops serving in India, 1885.

The following corrections are made in the "Instructions for the payment of British Troops serving in India":— Clause 41.

*Para. 238* is re-constructed as follows:—

238. The pay of invalids and time-expired men and their families, quitting their corps to embark for England or the colonies, will be drawn by their corps in advance up to the date prior to the anticipated date of embarkation, except when such men are serving in Burma or at Aden, in which case they will be paid to the date preceding departure from their corps (see para. 180).

*Para. 239* is re-constructed as follows:—

239. The statement of accounts <sup>M. A. P. 55</sup><sub>(A. P. 01811)</sub> for each man must show the man's name, number, regiment, daily rate of pay, good conduct pay, additional pay (if any), &c., and his account from date of last monthly settlement to the date prior to the anticipated date of embarkation.

*Para. 239A* is re-constructed as follows:—

239A. In order to avoid the payment of large balances to the men on quitting their stations, or at the embarkation depôt, commanding officers should regulate the previous monthly settlements so as to leave only the balance of pay due for the period from date of last monthly settlement to the anticipated date of embarkation to be ad-

Clause 41  
—(contd.)

justed. Compensation for clothing, &c., should, if possible, be credited in the accounts of the month preceding that in which the accounts are closed on departure for the embarkation depot. In cases where men have been in hospital for long periods and have in consequence large balances to their credit, commanding officers should induce them to remit these balances (except such portion as may be necessary for the journey to the embarkation depot and voyage home) to England for payment to them on arrival in that country. The same procedure will be followed in the case of men absent at depots, sanatoria, &c., who proceed to the embarkation depot without rejoining their corps.

An advance sufficient for the journey to the embarkation depot will be made to the soldier before leaving his corps. The amount of this advance, and the particular manner of its issue, will be controlled by commanding officers, who will be responsible that their men do not get out of hand on the journey through having too much money. No money is to be given to officers in command of parties proceeding to the embarkation depot for issue to the men *during* the journey.

Para. 239B is re-constructed as follows:—

239B. The balance remaining after the usual weekly payments and advance above referred to will be sent by regimental paymasters to the paymaster of the embarkation depot by remittance transfer receipt for issue to the men there.

Para. 240 is re-constructed as follows:—

240. Two copies of the No. 1 report <sup>(M. A. F. 40)</sup><sub>(A. F. 01812)</sub> will be prepared by corps, one of which is intended for return to the corps concerned (see para. 252) and will show the date up to which the man's pay has been drawn by the corps (*i.e.*, the date prior to the anticipated date of embarkation) and the amount due to him for payment at the embarkation depot (see para. 239B). This copy, together with the statement of the man's accounts <sup>(M. A. F. 45)</sup><sub>(A. F. 01811)</sub>, will be sent direct to the paymaster of the embarkation depot (who will dispose of it as shown in para. 252), by post *on the day the men leave their corps*, so as to admit of the men's names being entered in the paymaster's book before their arrival.

In the other copy of the No. 1 report the 1st to the 9th and the 13th to the 16th entries must be completed by regimental paymasters, and the report forwarded as provided for in the discharge regulations to the paymaster of the embarkation depot, who, when the detachment is about to embark, will make, in red ink, any alterations which may have become necessary subsequent to the men leaving their corps, and sign it. This copy is to be made over to the officer who will command the detachment on boardship for delivery to the depot paymaster in England.

Para. 241 is cancelled.

Para. 249 is re-constructed as follows:—

249. Should the detachment still be in India on the first day of a

## India Army Regulations.

month, the officer in command must forward to each commanding officer concerned a muster roll on military accounts form 34, and, previous to embarkation, render to the paymaster, embarkation depot, the embarkation muster rolls and rolls of men left behind, as also a list of all casualties which may have occurred since the detachments left their corps.

Para. 252 is re-constructed as follows:—

252. The Indian No. 1 report of each detachment is to be returned to the corps concerned by the paymaster of the embarkation depot, accompanied by a statement prepared by that officer showing the debits and credits up to date of embarkation entered in each man's statement of accounts.

Para. 253 is re-constructed as follows:—

253. When soldiers for any reason are detained at an embarkation depot or with a corps, the officer commanding the detachment must make over their statements of accounts to the depot or corps as the case may be, and the paymaster of such depot or corps must make such advances as may be necessary to settle the men's accounts up to the date on which they eventually embark, and charge the amounts of these advances in his pay list. A muster roll will be forwarded on the first day of each month, and on the date of embarkation, to the paymaster of the corps concerned, or, in the case of men belonging to corps serving in Burma or at Aden, to the corps or depot in India to which they may have been attached (see para. 130). For all men so detained, a fresh No. 1 report must be issued by the paymaster of the depot or corps to accompany the soldier to England.

Para. 255 is re-constructed as follows:—

255. Advances of pay for the voyage are not to be made to detachments of troops returning to England: on arrival they will be settled with, for the period of the voyage, by the war office.

Para. 256 is reconstructed as follows:—

256. In order to ensure prompt settlement of claims against the men at the port of disembarkation in England on account of any loss or damage of ship stores, &c., the officer in command of the detachment, if not in possession of sufficient public money, will be provided with the necessary funds by an accountant on the spot (see para. 37).

Revised scale of equipment for station hospitals of British Troops in India and detached sections thereof.

Clause 43.

The Government of India is pleased to sanction the revised scale of hospital equipment noted in the appendix (*vide* appendix, pages 14 to 35), for station hospitals of British troops, and detached sections thereof, with effect from 1st April 1891.

2. Pending the supply of enamelware close-stool pans, chamber pots, and spittoons, the old scale of white crockery and earthen glazed articles, respectively, will remain in force.

## PENSIONS.

## INDIAN MILITARY SERVICE FAMILY PENSIONS.

Terms of admission of continuous service Royal Artillery and Engineer Officers to the benefits of the Indian Military Service Family Pensions.

Clause 44.

Under the authority of the Secretary of State for India, the Governor General in Council is pleased to sanction the admission of Royal Artillery

## Pensions—continued.

and Royal Engineer officers, who have elected for continuous service in India, to the benefits of the Indian Military Service Family Pension Rules on the following conditions :—

Every such officer on his electing for continuous service may become a subscriber under the above rules on payment of the following sums according to his rank at time of election. These payments will be in addition to the prescribed ordinary donations at full rates and subscriptions already laid down in the rules :—

|                               | £   |
|-------------------------------|-----|
| Lieutenants . . . . .         | 80  |
| Captains . . . . .            | 97  |
| Majors . . . . .              | 113 |
| Lieutenant-Colonels . . . . . | 158 |

These extra donations will be payable at the official rate of exchange in force on the date the payments become due, and they may be paid in one sum or in twelve equal monthly instalments. If payment be made by instalments, interest on the unpaid portion will be levied at the rate of 4½ per cent. per annum. The balance of any contribution due at an officer's death will be recovered rateably, without interest, from the pensions of his widow and orphans, if in India in twelve monthly instalments, in England in four quarterly instalments.

## ADDENDUM.

The following addition is made to clause 131 (II), India Army Circulars, dated 31st July 1882 :—

After "same station" add "or for three or more garrison batteries".

A. R. BADCOCK,

for Secretary to the Government of India.

Funds—Indian Services.

Read the following paper:—

No. 87. *From the Secretary of State for India, to His Excellency the Governor-General of India in Council (No. 5—"Financial—Funds"—dated India Office, London, 25th June 1891); dated Simla, the 27th July 1891, No. 1616-F.*

(m) Funds—Indian Services.

I have considered in Council para. 29 of your Military letter, dated 8th April 1891, No. 6, and para. 6 of your Military letter, dated 29th April 1891, No. 68, relating to the subscription of continuous service Royal Artillery and Royal Engineer officers under Indian Military Service Family Pension Regulations.

2. A representation having been made to me by an officer in this country that he is unable to pay the large sums required from him within twelve months, I have decided that the period during which the donations due from these officers may be paid shall be extended to two years from the date on which they elect to subscribe, and that the donations shall be recovered in 24 monthly instalments.

3. If an officer who has already elected for continuous service does not exercise the option of becoming a subscriber within six months from the 1st March 1891, permission to subscribe after that date should only be granted on the production of a certificate that he is in good health.

4. Officers hereafter electing for continuous service in India should be required to exercise the option of subscribing for their families under these regulations within three months from the date on which they elect for continuous service, and after the expiration of three months should be required to produce a medical certificate.

5. With respect to the donations payable by instalments in India within a period of two years, it should be understood by subscribers that the instalments will be liable, during that period, to alteration in amount according to the rate of exchange which may be in force for the year during which they are recovered, in accordance with the principle laid down that the equivalent of sums payable in sterling shall be paid by the subscribers in India.

6. It would appear from the statement contained in Army Circulars, India, 1891, Clause 44, that the rate of exchange in force on the date a donation becomes due is to be applied to the instalments of the donation which may not be recoverable till the following financial year. It should therefore be made clear that all sums, whether in the nature of arrears or instalments of donations, will be recovered at the official rate of exchange ruling at the time the payments are actually made.

No. 1616-F.

(IV) Copy of the foregoing forwarded, with the remark that an India Army Circular will shortly issue, to the Secretary to the Government of Madras, Military Department, with reference to his endorsement No. 3060, dated the 1st June 1891, for the information of His Excellency the Governor in Council.

(1) No. 88. Report from Lieutenant-Colonel C. F. THOMAS, Controller of Military Accounts, to Brigdr.-Genl. A. KENNEY-HERBERT, Secretary to Government, Military Department; dated Madras, 23rd May 1891, No. 333-G.

With reference to Clause 44 of India Army Circulars of 1891, and Government of India letters quoted in the margin, I have the honour to request that the orders of the Government of India may be obtained as to the date up to which Royal Artillery and Royal

Engineer officers, who have elected for continuous service in India, may have the option of becoming subscribers under the Indian Military Service Family Pension rules.

2. You will observe from the regulations of the Indian Military Service Family Pension published under Government of India Resolution, Military Department, No. 1315 of 28th December 1872, that, when the fund was established, officers who had already entered the service were allowed a certain period within which to join it. And by a despatch from the Secretary of State received with Military Department No. 630-B\* of 22nd April 1879,

\* Procs. of Govt., No. 2536, of 12th May 1879.

Native Commissioned Medical officers are allowed three months' time to notify their intention to contribute to it.

3. It appears necessary to fix a limit in the case of the Royal Artillery and Royal Engineer officers referred to.

4. The reference is made on a letter received from Captain W. V. Constable, Royal Engineer, asking up to what date he has the choice of election.

ARMY CIRCULARS, INDIA, DATED 1ST MARCH 1891.

PENSIONS.

INDIAN MILITARY SERVICE FAMILY PENSIONS.

Terms of admission of continuous service Royal Artillery and Engineer Officers to the benefits of the Indian Military Service Family Pensions.

Clause 44. Under the authority of the Secretary of State for India, the Governor General in Council is pleased to sanction the admission of Royal Artillery and Royal Engineer Officers, who have elected for continuous service in India, to the benefits of the Indian Military Service Family Pension Rules on the following conditions.

Every such officer on his electing for continuous service may become a subscriber under the above rules on payment of the following sums according to his rank at time of election. These payments will be in addition to the prescribed ordinary donations at full rates and subscriptions already laid down in the rules:—

|                     |     |     |     |     |     |     |
|---------------------|-----|-----|-----|-----|-----|-----|
| Lieutenants         | ... | ... | ... | ... | ... | £   |
| Captains            | ... | ... | ... | ... | ... | 80  |
| Majors              | ... | ... | ... | ... | ... | 97  |
| Lieutenant-Colonels | ... | ... | ... | ... | ... | 113 |
|                     |     |     |     |     |     | 158 |

These extra donations will be payable at the official rate of exchange in force on the date the payments become due, and they may be paid in one sum or in twelve equal monthly instalments. If payment be made by instalments, interest on the unpaid portion will be levied at the rate of 4½ per cent. per annum. The balance of any contribution due at an officer's death will be recovered rateably, without interest, from the pensions of his widow and orphans, if in India, in twelve monthly instalments; in England, in four quarterly instalments.
