GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

READ—the following papers :—

G.O., dated 17th November 1890, No. 7053, Military.

Read—the following letter from the Quartermaster-General, to the Secretary to Government, Military Department, dated 6th November 1890, No. 817 M. W. :—

As the buildings in the European Infantry lines at Trichinopoly, enumerated in the accompanying return, are not likely to be required for Military purposes within any definite period, His Excellency the Commander-in-Chief considers they may with advantage be made over to the Public Works Department for utilization in such manner as that department may decide to be best in the interests of the state.

2. I am accordingly desired to solicit that sanction may be accorded to the buildings shown in the return being made over to that department, on the understanding that, should they be required again for Military purposes, they will be vacated on reasonable notice being given.

Order—dated 17th November 1890, No. 7053, Military.

Sanctioned subject to the conditions stated.

(True Extract.)

(Signed) H. R. SHELLEY, Colonel,
for Secy. to Govt., Military Dept.

No. 4807 C.

Referred to the Superintending Engineer, VI Circle, for report, in communication with Local Civil departments, whether the buildings can be utilized for offices or other public purposes.

(Signed) J. PENNYCUICK, Colonel, R.E.,
21st November 1890. Secy. to Govt., P.W.D.

From J. W. MARTIN, Esq., Offg. Superintending Engineer, VI Circle, to the Secretary to Government, Public Works Department, dated 6th May 1891, No. 205 T.C.

With reference to your endorsement No. 4807 C., of 21st November 1890, regarding the European Infantry lines at Trichinopoly, I have the honour to state that the heads of Local Civil departments, to whom reference was made as ordered by you, have all, with the exception of the Superintendent of Police and the Deputy Commissioner of the Salt and Abkari Revenue, stated that none of the buildings were required by them.

2. The Superintendent of Police requires a Wing of No. 1 C. Commissariat office (tiled barracks) to be converted into quarters for the Reserve Inspector and three Head Constables, all Europeans.

3. The Deputy Commissioner requires one wing of the Arsenal bomb-proof barracks No. 1 E. I., for use of his office and two Inspectors, after the requisite alterations are made by this department. This is the proposal made by him in his

letter printed in G.O., No. 770 W., of the 17th March 1891, and which Government approved.

4. A plan (tracing) of the Infantry lines, showing also the alterations and improvements proposed to be carried out to make the portions referred to suitable as regards the requirements of the Police and Salt and Abkari Revenue departments, is forwarded together with two estimates amounting, respectively, to Rs. 1,680 and 810 for carrying out the same.

5. The Superintendent of Police and the Deputy Commissioner have both approved of the proposed alterations and improvements as marked on the plan. If the proposals meet with your approval, I can sanction the estimates after getting the formal approval of the heads of departments concerned.

6. As regards the remaining portions of the lines, the whole of the barracks is occupied temporarily rent-free by pensioners, on permission of the Military authorities and on condition that they vacate the buildings at 24 hours' notice if required and that they keep them clean. I do not know whether Government will approve of this arrangement being continued in the case of the portions now not required by the Civil and Military departments or whether the pensioners should pay rent. The Executive Engineer proposes to arrange the barracks into suitable blocks at an outlay of Rs. 360 and allow the pensioners to occupy the buildings charging them rent at the rate of Rs. 3 per month, but I do not recommend this proposal, for I think Rs. 3 is rather a high rent, and, I think, it would be very difficult to collect it or even a lower rate of rent.

7. In these circumstances I recommend that the permission given by the Military authorities allowing the pensioners to occupy the barracks should be allowed to continue in regard to the portions not now required by any department.

ORDER—dated 1st June 1891, No. 1494 W., Public Works.

The buildings in question will be taken over by the local Public Works Department and will continue to be kept up from the Military Works grant (Rs. 5,000) for repairs allotted to the Trichinopoly Division. Any of the buildings which may be applied to civil uses will, however, be maintained from Provincial funds, and the cost of any requisite alterations to adapt them for their new purposes will be similarly charged. No alterations to the buildings will be carried out without the concurrence of the Military Department, whose approval will be obtained to the estimates for the work.

2. The estimates (Rs. 1,680 and Rs. 810) submitted by the Superintending Engineer, VI Circle, for adapting certain of the buildings for use of the Police and Salt departments will accordingly be referred to the Military Department for approval, and will, if there is no objection in that department to the work, be returned to the Superintending Engineer for sanction from Provincial funds.

3. The question as to whether the pensioners already in occupation of quarters may be allowed to remain rent-free will be considered in the Military Department, and the estimate of Rs. 360 for altering the blocks of quarters will be disposed of accordingly.

Report for each class
of work is submitted.

as far as can be checked
The rates are fair.

The plan & estimates
have not been approved
in the Judicial and
Revenue Departments.

J. H.
19.5.91

11694
The Sup. of Police
has asked for a wing
of the tiled block (16.)
The converted into
quarters for the Resem-
Inspector & 3. Head
constables; and an
estimate is submitted.

For the remaining
buildings no work can
be done at present.

The Sup. Eng. can
submit his estimate.

The question is, whether
under the conditions
of transfer, these
proposed alterations
should be carried
out - and - as it is
not probable that
the building will
be required by the
Milit. Dep. within
any definite period,
it seems advisable
to build them as
proposed -

Note
It appears a General
reply to G.O. No 7053 of 17/11/90
would regard
L. d. m. s.

J.W.

Now see draft submitted. It is assumed in these notes that because the buildings are handed over to the P.W. Dept., they necessarily become a charge against Provincial funds; but this does not, apparently, follow. The present draft order will, however, decide the question definitely.

1. Encl: No: 4807 C
= 21.11.90

Sir,

With reference to your memorandum No. 4807. C. of 21st November 1900 regarding the European Infantry lines at Ichhapoly, I have the honor to state that the heads of local fire & carb. mounts to whom reference was made as ordered by you, have all, with the exception of the Superintendent of Police, & the Dy. Commissioner of the salt & Akhari Revenue, stated that none of the buildings were required by them -

2. The Superintendent of Police requires a wing of No. 10. Commisariat office (Piled Barrack.)

to be converted into quarters for the
Reserve Inspector and 3 Head
constables - all Europeans -

3. The S^r Commissioner requires
meowing of the Arsenal Bomb
proof barracks N^o 1. E. S. for use
of his office and two Inspectors,
after the requisite alterations
are made by this Department.
This is the proposal made
by him in his letter printed
in G. O. N^o 770 H of the 17th March 1894
and which Government ap-
proved.

4. A plan (drawing) of the
Infantry lines, showing also
the alterations & improvements
proposed to be carried out to
make the portions referred to
suitable as regards the require-
ments of the Police & Salt and
Abkari Revenue Departments
is forwarded together with two
estimates amounting respectively
to Rs 1680 & 870 for carrying out

1894/6 the same -

5. The Superintendent of Police
and the Dy Commissioners have
both approved of the ^{proposed} alterations
and improvements as marked
on the plan - If the proposals
meet with your approval, I
can sanction the estimates after
getting the formal approval
of the heads of departments con-
cerned.

6. As regards the remaining portion
of the lines, the whole of the Barracks
is occupied temporarily rent
free by pensioners on permission
of the military authorities &
on condition that they vacate
the building at twenty four
hours' notice if required & ^{that} ~~that~~
they keep them clean. I do not
know whether Government will
approve of this arrangement
being continued in the case of
the portions now not required
by the Civil & military depart-
ments

or whether the pensioners should
pay rent. The Executive Engineer
proposes to arrange the barracks
into suitable blocks at an outlay
of Rs. 360 and allow the pensioners
to occupy the buildings charging
them rent at the rate of Rs. 3
per month, but I do not re-
commend this proposal, for
I think Rs. 3 is rather a high
rent, and, I think, it would
be very difficult to collect it
even a lower rate of rent.

7. In these circumstances I re-
commend that the permission
given by the Military authorities
allowing the pensioners to
occupy the barracks should
be allowed to continue in regard
to the portions not now required
by any department.

I have the honor to be
