15TH MAY 1891, No. 210, MARINE.

GOVERNMENT OF MADRAS.

MARINE DEPARTMENT.

READ—the following paper:—

From Captain M. BEAN, Her Majesty's Indian Marine, Officiating Presidency Port Officer, to the Chief Secretary to Government, dated Madras, 5th May 1891, No. 690—181-G.

With reference to paragraph 2 of G.O., Marine, No. 170, dated 28th April 1891, I have the honour to forward herewith an indent in triplicate for a third-order dioptric flash light, complete, for Madras, and to suggest that the cost, which will form a general charge on the East coast lighthouses, may be met at present from the Madras Port Fund.

2. I would request that the attention of the Director-General of Stores may be invited to the following points:—

(1) The arc which it is necessary to illuminate extends over only 200° in azimuth. Messrs. Chance, Brothers, should be consulted as to the best plan on which to construct the apparatus so that, as much as possible, the rays of light are thrown over the 200° of azimuth to seaward. The measurements of the lantern should be sent as soon as possible, to allow the Public Works Department to prepare the tower for it.

(2) The term "Holophotal" is used in the indents, as it is understood that this manner of intensifying the beam is the most convenient and economical; but should any other kind of lenticular arrangement be recommended, this office will have no objection to offer. What is required is a light of the best quality among third-order lights, combined with reasonable charges.

(3) Ample ventilation is required.

ORDER—dated 15th May 1891, No. 210, Marine.

The indent will be forwarded to the Home Government for favour of early compliance, and attention invited to the remarks in paragraph 2 of the Presidency Port Officer's letter.

2. The incidence of the cost of the light and appurtenances will be settled hereafter.

3. The Under Secretary of State for India will be requested to cause this Government to be furnished as early as practicable with the requisite drawings and dimensions of the lighting apparatus, in view to the tower of the new Law Courts being prepared for it.

MILITARY DEPARTMENT,

MAY 1891, No.

GOVERNMENT OF MADRAS.

MILITARY DEPARTMENT.

Volunteers.

Read the following paper :—

No. From Colonel A. C. TOKER, C.B., Deputy Secretary to the Government of India, Military Department, to Brigdr.-Genl. A. KENNEY-HERBERT, Secretary to the Government of Madras, Military Department; dated Simla, the 8th May 1891, No. 1369-B.

Volunteers.

I am directed to acknowledge the receipt of your letter No. 1752, dated the 21st March 1891, submitting, for the decision of the Government of India, question as to the source from which funds should be supplied to provide quarters for Sergeant Instructors and for the erection of a magazine, which may be required expressly for use in a Volunteer Corps on account of the head-quarters being at a distance from a station in which British troops are quartered.

2. In reply I am to say, for the information of the Governor in Council, that Government either provides Sergeant Instructors' quarters or pays compensation in lieu. In the case of Volunteer Corps quartered at stations where there are no British troops, the cost of providing a magazine should be charged to the corps funds under Para. 460 of Army Regulations, India, Vol. IX.

No. ORDER THEREON, 25 May 1891, No. 2922

Communicated to His Excellency the Commander-in-Chief, with reference to Proceedings of Government, No. 1751, dated 21st March 1891.
