OFFICE NOTE No. 2600.

To

W.

With reference to G.O.No.972 W.of 7th.April 1891,I would beg to suggest that instead of adding a note to code para 1675,it will be better perhaps to modify code para 1713 A(so far as standing order No.484 is concerned)in terms of para 2 of the order;as,besides being the more suitable place it will involve no alteration to the addition already made to that para by standing order No. 1284.

2. But,I would at the same time point out,that there is not necessarily any inspection of tools when the half yearly return of tools and plant is prepared,and consequently there may be no opportunity of getting materials for a report,so that para 3 of the G.O. apparently requires modification to the effect that the separate report on famine tools should be made at the time of the annual verification required under code para 1713.

3. I would also inquire, whether the prohibition against selling famine tools without the sanction of Government (code para I713 A. as amplified by standing order No.1284) is to be cancelled.

No 2480. Cd of 13 May 1891
To C

Please submit a draft S.O in the sense of your suggestion and the approval of Govt. will then be obtained.

S.O. No 1284 will hold goods.
