1565 / Copy of letter No. 540 dated
7th May 1891 from C. J. Peters Esquire
Executive Engineer Bellary Division to
the Supt Engineer III Circle Bellary

With reference to your endorsement
No. 54 dated 3rd April /91 on memo
from the Chief Engineer No. 1790 dated
1st March requesting to explain fully the
necessity for the continued employment
of the temporary draftsman for a further
period of 6 months, I have the honor to
inform you that the Sub Divisional
Officer Anantapur reports that levels
and plans for the repair of 13 tanks
have been taken, and nearly all have
been plotted; detail drawings for
masonry works and estimates for
all, remain to be prepared. This
will take fully 6 months for a drafts-
man from 1st May 1891.

Of the period of 12 months sanc-
tioned in G. O. No. 437 dated 7th March 1890
and No. 1977 W dated 19th July 1890 Drafts-
man Rajaratnam Naicker was

employed from 18 April to 7th September/90
and Draftsman Ranganatha Pillay
from 3rd November/90. Thus it can be
seen that a draftsman was actually
employed for a period of 10 1/2 months
up to end of April.

Out of the above period the Sub
Divisional Officer reports that Drafts-
man Ranganatha Pillay was engaged
for 2 full months on census duty.
