20TH APRIL 1891, No. 1092 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers :—

From G. H. D. WALKER, Esq., Under-Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 1st September 1890, No. 2378 G.

In reply to your letter No. 2124 W., dated the 6th ultimo, asking for an explanation of the proviso in this office No. 1312 G., dated the 21st May last, I am directed to state that the following proviso should be substituted for that stated in my previous letter, namely that charge allowance may be granted to an Executive Engineer placed in temporary charge of Tank Restoration parties in the Madras Presidency in addition to his own duties, provided that the total number of charge allowances *plus* the total number of Executive Engineers, permanent and temporary, on duty, do not exceed the sanctioned number of Executive Engineers calculated according to scale. The effect of this proviso will be to prevent the number of executive charges exceeding the scale of Executive Engineers allowed under the rules.

From G. H. D. WALKER, Esq., Under-Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Calcutta, 5th February 1891, No. 354 G.

In reply to your No. 86 W., dated 9th January 1891, inquiring whether the "total number of Executive Engineers, permanent and temporary, on duty" referred to in this office No. 2378 G., of the 1st September 1890, includes or excludes officers on privilege leave, I am directed to state that officers on privilege leave are counted as on duty, and, therefore, the charge allowances of men officiating for them are wholly outside the scale and do not count against it.

Office-note from the Examiner, Public Works Accounts, dated Madras, 8th April 1891, No. 2091.

I have had great difficulty in forming an opinion as to the effect of the ruling of 5th February 1891, because the ruling might apparently be interpreted in two ways. Having regard to the nature of the inquiry put to the Government of India (see margin) * the first branch of the present ruling † would seem to be a plain statement that the doubtful term *did* include officers on duty, but the second branch of the present ruling ‡ seems equally clearly to indicate an opposite intention.

2. However, after careful consideration, I am of opinion that the intention of the Government of India is as follows :—

Subject in all cases (as explained in article 123) to the restrictions imposed by article 120 of the Civil Service Regulations, in the following cases (and in no other)

charge allowance may be given to an Executive Engineer of a Tank Restoration party holding charge of an ordinary Public Works division in addition to his other duties, namely—

- (1) When the number of Executive Engineers (as determined for the time being by code para. 35) *plus* any other sanctioned officiating charges is less than the total number (scale) of sanctioned executive charges, and
- (2) When the officer for whom the charge allowance is claimed is either—
 - (a) in charge of the duties of an Executive Engineer, who is himself absent on privilege leave, or
 - (b) in charge of the duties of an Executive Engineer, who is officiating as Superintending Engineer in a vacancy consequent on the absence of an officer of Superintending Engineer or higher class on privilege leave, provided that in either case [(a) or (b)] no officiating promotion is made.

3. Taking this to be the intention and applying the rule to the case in question, Mr. Joyce was not entitled to any charge allowance, because the additional duties did not involve any change of station; but charge allowance is admissible in Mr. Wilson's case.

ORDER—dated 20th April 1891, No. 1092 W., Public Works.

Communicated to officers of the Public Works Department in continuation of G.O., No. 1534 W., dated 3rd June 1890.

2. The views expressed in the office-note from the Examiner above recorded are accepted. Mr. Joyce's claim to charge allowance for the period he held charge of the Madura division in addition to his own duties as Executive Engineer, Nos. I and II Parties, Tank Restoration Scheme, will be finally disallowed, but charge allowance will be passed to Mr. J. S. Wilson for the period he held charge of the Godáviri central division at the end of 1889.

Charge Allowance

Letter from the Government of India stating that officers on privilege leave are counted as on duty and therefore the -- of men officiating for them are wholly outside the scale and do not count against it, communicated, with remarks, to the officers of the Public Works Department.

CP 5961
15/4/91
Under the ruling of the Govt. of India contained in G.O. No. 1092 W. 20.4.91 it will very rarely be possible to grant charge allowance to an officer temporary in charge of an ordinary division, or same party, at the same time.

This was foreseen when the G. P. S. letter was received.

If we have 37 Ex. Engrs. ascending scale, the minimum will generally be full, for temporary promotion to an Asst. Engr. will be given for each Engr. on furlough. Officers on privilege leave are to be counted as on duty.

If therefore an officer in charge of an ordinary division is withdrawn for temporary special duty, & an officer in charge of a T. R. Party is placed in temporary charge

to his own duties, or vice versa, the officer without will still be counted as one of the 37 on duty & no charge at all will be admissible to the officer having the two divisions.

Therefore, as stated by the Secy, the charge allowance can only be given when the officer for whom it is claimed is in charge of the duties of an Secy. Supp. who is himself absent on priv. leave, or who is Offr. as Supp. Secy in consequence of priv. leave vacancy. In either case, the post of charge allow. is further dependent on no Offr. from the Secy. made to the Secy. Supp. Secy.

It does not seem practicable to give a more favorable ruling to the G. P. S. ruling.

From F. J. Wilson Esq.
Executive Engineer

To The Superintending Eng.
6th Circle
Trichinopoly

Sir,
I have the honor to inform you that in accordance with your No. 1105 W.D. & 1106 J.S. 17-2-91 & 23-2-91 I have since 23rd February 1891 held charge of Tank Restoration party No. II in addition to my charge of the Trinely D. W.

Under para 176 Civil Service regulations an officer holding charge of an office in addition to his own may with the sanction of the local Government draw a charge allowance up to 10 per

cent of the pay of the office and
under ^{para} 178 (b) an Executive Eng^r
holding charge of two Divisions
may draw a charge allowance
of Rs 100. As Tank Restoration
Party No II is only half a Division
I have the honor to request that
I may be informed if I may
claim half the allowance laid
down in para 178 (b) or if
not that Govt may sanction
the allowance of 10 per cent
of the pay of the office under
para 176.

I have the honor to be
sir

Yours most obed^t serv^t

J. Wilson
Executive Eng^r
