GOVERNMENT OF MADRAS.  
MILITARY DEPARTMENT.

Furlough and Leave.

Read the following paper :—

No. 15. From Major-Genl. E. H. H. COLLEN, C.I.E., Secretary to the Government of India, Military Department, to the Director-General of Military Works; dated Fort William, the 11th May 1891, No. 333-G.

Furlough and Leave.

In reply to your letter No. 849-A, dated the 18th February 1891, I am directed to say that the issue of furlough certificates to military officers in civil employ proceeding on furlough under the Regulations of 1875 is confined to those holding civil appointments of a limited tenure; but as it has now been represented that the non-issue of furlough certificates in the cases of officers employed in the Military Works Department, whether commissioned, honorary commissioned or warrant, and of the honorary commissioned and warrant officers of the Public Works Department, subject to the Regulations of 1875, causes some difficulty in the preparation of their final last pay certificates, the Government of India have decided that furlough certificates in Form 5-A or 5-B, as the case may be, shall in future be issued in all such cases as soon after their furlough is gazetted as possible.

2. In regard to warrant-officers subject to the Regulations of 1868, whose cases have also been considered in this connection, the Government of India do not think that furlough certificates are necessary, inasmuch as they are only entitled to furlough on medical certificate, which is neither regulated by length of service nor governed by any furlough previously taken.

PROCEEDINGS OF THE BOARD OF REVENUE  
(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

Mr. CLOGSTOUN.

READ—the following letter from MAHOMED ABEE SAYED KHAN, Tahsildar of Ráyachóti, to the Collector of Cuddapah, dated Ráyachóti, 24th May 1891, No. 1221:—

In obedience to your honour's orders contained in memorandum, Extra No. 102, dated 21st instant, I beg to submit herewith a copy of weekly diaries of the Special Revenue Inspector for the past three weeks and a copy of the weekly report from this office to the Treasury Deputy Collector as to the number of persons employed on minor irrigation works. No report is received from the Public Works Department overseer as to whether any persons have returned to work at Hastinapuram. I am going to Hastinapuram and the adjoining villages to explain to the people the rates of bi-weekly payments as referred to in the above order.

2. For the present, no work is going on as the coolies were compelled to do certain work more than it was hitherto expected from them. The Superintending Engineer, who has camped here, tells me that Hastinapuram tank work had to go on in his department as ordinary Public Works Department work, and he told the overseer to pay the coolies according to the Public Works Department standard rates and that he is not aware of any change to be carried out, nor of the Board's alteration to treat it as a famine relief work.

Endorsement by F. D'A. O. WOLFE-MURRAY, Esq., Acting Collector of Cuddapah, dated 29th May 1891, Extra No. 118.

Copy of the arzi only submitted to the Secretary to the Commissioner of Revenue Settlement, Land Records and Agriculture, Madras. Presumably the Superintending Engineer's arrangements should not now be interfered with.

RESOLUTION—dated 3rd June 1891, No. 320.

A copy of Board's Proceedings, dated 12th May 1891, No. 276, with the Government Order thereon, will be forwarded to the Superintending Engineer, who will be requested to reserve the earth-work required on the Hastinapuram tank to be carried out departmentally, work being paid for at the rates prescribed in paragraph 5 of the Board's Proceedings.

2. In the event of good rain falling in the taluk in the course of the month, the work will no longer be required as a famine relief work, and the repairs might be carried out by the Public Works Department at normal rates.
