17TH JUNE 1891, No. 1638 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers :—

From W. JOPP, Esq., Officiating Superintending Engineer, II Circle, to the Chief Engineer for Irrigation, dated Bezvada, 6th May 1891, No. 299 K.S.

With reference to para. 6 of your inspection notes, embodied in G.O., No. 249 I. of 13th March 1891, I have the honour to forward, herewith, an estimate, amounting to Rs. 9,000, for constructing tramway and wharf wall at Mogalrajapuram quarry and to request that sanction of Government may be obtained for the same.

2. The necessity for the work is explained in the report which accompanies the estimate. Definite proposals for the complete adjustment of the charge, as required by Code para. 1791-A iii, are also made in the report.

Office-note from the Examiner, Public Works Accounts, dated Madras, 5th June 1891, No. 3180.

The estimate is in order and may be sanctioned, but, having regard to the probable value of the annual outturn, it seems unnecessary to adopt a period of adjustment exceeding the ordinary limit of 15 years as laid down in the Code. If the period of adjustment be fixed at 15 years, the annual charges will be Rs. 600, being Rs. 120 more than the Executive Engineer proposes, and this is a very trifling difference for a manufacture with an annual outturn of about Rs. 15,000.

ORDER—dated 17th June 1891, No. 1638 W., Public Works.

The estimate, amounting to Rs. 9,000, for constructing a tramway and wharf wall at the Mogalrajapuram quarry in the Kistna Eastern division, is sanctioned.

2. The period within which the adjustment is to be completed will be fixed at 15 years.

3. This sanction has been registered as Provincial No. 28 W. of 1891-92 and classified as "Stock."

To,

The Chief Engineer,
For Irrigation,
Madras.

Sir,

With reference to para 6 of your
inspection notes embodied in G.O.
No. 249 J. of 13th March/91, I have
the honor to forward herewith an
estimate, amounting to Rs 9,000 for
Constructing Tramway and Wharf
wall at Mogalrajapuram Quarry,
and to request that sanction of
Government may be obtained for
the same.

2. The necessity for the work is
explained in the report, which ac-
companies the estimate. Definite

Definite proposals for the complete
adjustment of the Charge as required
by Code para 1791 A III are also made
in the report.

The estimate is in order & may
 be sanctioned, but having regard to
 the probable value of the annual out-
