Note.

The following remarks are submitted for consideration with reference to D.W.'s slipow C. Nos. 5815 & 5907.

Under para 1396 of the P.W. Code no expenditure is to be incurred upon any public work whether imperial, provincial, or local, without adequate sanction, which sanction will not be given until estimates have been framed, submitted, and accepted. It is further stated in the last clause of para 1397 of the Code that the Govt. is not at liberty to authorize the expenditure, even of provincial or local funds, upon any work until after the preparation of an estimate, excepting in cases of real emergency.

In the above circumstance it is submitted that authority can be given for the commencement of such works as are reported

to be urgent. In ^{a few} some of the
cases we have already authorized
the collection of materials at
the request of the Departments
concerned.

A memo has been sent
to the Revenue Department
requesting the very early return
of the type designs for taluk
offices and it may perhaps
be better to await its return.
