Jail buildings at Ootacamund

Passing orders regarding the distribution

No. 3474

From

Executive Engg. of Jail
Camp Ootacamund
6 June 1891

J. C. Lammie Esq. 1655
Executive Engineer
Coimbatore Dist.

To

The Superintending Engineer
4th Circle, Coimbatore

Sir,

In reply to your endorsement No. 556 of 26th May 1891 regarding occupation of the Jail Hill buildings, Ootacamund, I have the honor to report as follows:

2. In accordance with G.O. No. 888 W of 28th March 1891, the Inspector General of Jails and the Deputy Judge Advocate General have taken possession of the portions allotted to them, with this exception, that the latter officer not finding the Warder's quarters suitable for his office, has taken possession of the Keeper's quarters

in the main building.

3. Regarding the Warder's quarters, No. 1 is now occupied by Conductor Roffey of the Quartermaster General's office, thus effecting a saving of Rs 28 per month hitherto paid for his house rent. (his lease expired on the 31st March 1891). As he was a military subordinate it was supposed there could be no objection to this arrangement.

4. Quarters No. 3 are occupied by a soldier clerk attached to the Royal Artillery staff office, he is entitled to free quarters and these were given him on a requisition from the staff Captain R. A.

5. The other three blocks are still available, so it will be observed that so far as the distribution has yet gone, this department is not to blame, except perhaps in so far as through some misunderstanding and before the receipt of G. O. No. 558 of 9th

28th March 1891, the three were allowed to occupy the three blocks of lines, presumably as they wood not be likely to be useful to any other department. 165/3

6. Regarding the slight delay in the preparation of the plan of the buildings, the G. O. question was received in this office on the 20th April 1891, and orders regarding the survey were sent to the Nilgiri sub. division officer on the 24th April and the survey was received on the 15th May and sent on to you on the 18th May.

ready a month

7. The survey was a troublesome job and the only one available to make it was sergeant Cornwall, who has the supervision of a number of works at Ootacamund requiring constant inspection, there are also perpetual calls on his time and attention from the various departments in Ootacamund, so all things considered
