Are there

no more plants

spoken comments

but this

003

2/6/51

D.W.

There were only two
plants received with a letter
& a letter in a report meeting

making in all 5 enclosures
The second section has
not been sanctioned.
It appears to require
F + G but it does not
give the information
required. What is wanted
is a survey showing
all the grounds on the
Cachin + Tupper sides.
Now the S.E. II has
asked to furnish the
required survey? but
I think it would be better
not to do so, as the work
appears to be urgent.
S. G. 9. 1917

For order to cancel para
2 of S.G. No: 1662 Wd/19 June 1891
with reference to Proceedings of
Genl. Marine Department No: 251
d/19 June 1891 (C. No: 6365)

1/662
X 2

19/6/20/1

D.W.

Para 2 of S.G. No.
1662 Wd/19.6.91.
(never issued)
is unnecessary as the
information supplied
in Current No. 6365.

The question of
grounds can be
settled on receipt
of a reply from the
S.S. to the proposed
disposal on Current
No. 6365.

C₁

20.6.91

who placed the
funds at the
disposal?
The L.S. could
not - I think there
must be some
mistake

DDP
20.6.91

But

We have no in-
formation here as to how
the L.S. was placed in
funds -

On the Enclosed
Local Fund Budget, there
is an allotment of Rs
2170 for protecting the
foreshore at Cochin.
It is possible the L.S.
appropriated funds from
this grant, but the
proposed disbursement
Cus 6365, if approved,
will elicit the
information.

Public Works Department.

Current No. 5887

Letter No. 226

Dated 23rd May 1891

From the Marine Dept.

Sanctus

NOTE OF REMARKS.

The scheme under
review amounting
to Rs 410 provides for
extending groynes P.
at the Crura Milage
Jaw at Cochin.

It is explained
in the report that
groynes P. on the Tapsen
side is submerged
and that the sea
has encroached
to a dangerous extent
west of the lagoon.
The wash at times
passing into the
lagoon, under the
circumstances it is
proposed to extend
groynes P to a length
of 141 ft in view of
the protection of the
foreshore.
