„ Commissioners of Land Revenue.

ORDER—dated 1st June 1891, No. 1034, Judicial.

The Government is of opinion that Police guards of proper strength should be placed over all treasuries whether they have been supplied with iron safes or not. Where one and the same guard can watch sub-jail and treasury together, a double guard is of course unnecessary, but the employment of taluk peons to guard treasuries or safes should be discontinued. At Huzur stations where the taluk treasury is not at a great distance from the Huzur treasury, no money or valuables, not even remittances, should be kept in the Taluk treasury at night. They should be secured in strong boxes and deposited in the custody of the Head-quarters Treasury guard every evening.

2. The Inspector-General of Police will furnish a statement showing the actual strength of the guard placed over each Treasury and Sub-treasury and the method in which this guard is supplied together with his opinion in each case as to the advisability of reducing the strength of the guard.

3. The question of continuing the supply of iron safes will be dealt with in the Financial Department.
