The Pallakimedi
Estate having been
handed over to the
proprietor, 1 Sub-
Engineer on Rs 200.
and 1 muncipal on
Rs 80 sanctioned
therefor in G.O. No
488 W. dated 14th
February 1890 will
not now be required.
No provision has
therefore been made
for this establish-
ment in the accom-
panying statement
of temporary upper
subordinate establish-
ment proposed for
1891-92.
To the Cuddalore
District works are

P. S. S. S.

the 2 subordinates
on Rs 50 each
employed on the
works will not be
required for the
whole of 1891-92.
No provision has
been made for these
men in the statement
but the Supy Engr
will be so far as
informed that
their services can
be applied for
up to such date
as may be con-
sidered necessary.

3. A sum of
Rs 50000 has been
provided for the
completion of the
farming roads in
Gaujam during
1891-92. As it
will be necessary
to post at least
2 experienced upper
subordinates for
the

167
the supervision
of the works, provision
will have to be
made for 2 men by
men to supply
their place.

4. A special
subdivision has
been formed in the
Gaujam Dn for the
execution of agency
works in that

division, and the
Supy Engineer has
been instructed to
apply for the
necessary staff
with the view of
getting it by
1891. Provision has
therefore been made
in the accompanying
statement for two
advisers on Rs
80 each.

5. The Supy
Engineer ^{II} Circle
applied for 2
advisers on Rs 80
each

each for the super-
-vision of Tanu
Restoration Work
in the Madras
Division and
reported that
the men are ab-
-solutely necessary
it is desirable
that the grants
should be fully
utilized, provision
for the establishment
has been made
in the statement

6. The Supply
Commissioner has
applied for
an advance of Rs. 100
for the Bellary
Division and has
been asked to
submit the
necessary prop-
ositions. A sum of
Rs. 100 has been
made for this
establishment

7. There are
besides, numerous
small offices to
be conducted
throughout the
Presidency, and the
grant under Pro-
vincial Civil
Works for 1891-92,
viz Rs. 35,00,000
is considerably
larger than that
for any of the
previous years
and is Rs. 6,00,000
in excess of the
current year's
grant. To enable
the utilization
of this large grant
in full it will
probably be necessary
to sanction some
extra subordinates
to those divisions

which

marks, there is

Peary

which may apply
for them, but
the question may
be taken up when
Supt. Engineer
comes up for a
upper subordinate
establishment.

8. Draft order
sanctioning the
temporary upper
subordinate
establish for 1891-92
is submitted for
approval.

Note.

167W

57 temp^y appointments
are proposed for 91-92 as
against 51 for 90-91.

The list has been prepared
on the basis of last year's
requirements, modified
where necessary from
improvements received
from S. & the Chief
Eng^r for Singapore.

The saving this year in
temp^y est. will be about
12,000 Rs.

The allotment for 91-92
under T.E. is Rs 1,70,000
so that there will be
ample provision for any
further establishment that
may be found necessary.

The grant for next year
under Prov^t. Civil Budget is
unusually large 35,00,000
or 6½ lakhs in excess of
that of the current year.

Unless all the circles are
provided with sufficient
establishment, there is

18th July 1890

P. S. S. S.

due to be a serious
loss of grants at the
end of 91-92.

The ordinary permanent
establishment of the
P.O.D. (Upper Subordinate)
is quite insufficient for
the ordinary work of the
Dept, as the allowance
for absence is pitched
too low. As provided
every division has a
good number of permanent
Upper Subordinates, the
present system of working
with a considerable number
of temporary men is an
economical one.

The permanent staff of
Upper Subordinates is 179
while the allowance for
absence is only 3.
