26th June 1891, No. 1718 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following paper:—

Proceedings of the Board of Revenue (Land Revenue), dated 2nd May 1891, Mis. No. 3017.

Mr. G. McWatters.

Read—the following papers:—

Endorsement of the Secretary to Government, Revenue Department, dated 20th June 1890, No. 3811.

Reference thereon, dated 2nd July 1890.

The Collector is requested to report whether there is accommodation for the police station in the old Public Works office and whether the District Superintendent agrees to transfer, whether the old Public Works office is within municipal limits or is otherwise more centrally situated and why it was vacated by the Public Works Department.

From the Collector of Kurnool, dated 23rd July 1890, No. 2600.

Reference thereon, dated 12th August 1890.

The Collector is requested to state more definitely what accommodation there is in the Department of Public Works building—how many rooms, of what size, what special treasury accommodation, the condition and size of the godowns, &c. A plan of the building and also a rough site plan should be submitted and it should be stated what expenditure, if any, is likely to be necessary to fit the building up as a taluk office.

Official memorandum from Government, Revenue Department, dated 21st November 1890, No. 304 R.

Reference thereon, dated 26th November 1890.

Forwarded to the Collector of Kurnool, who is requested to expedite the information called for in Board's Reference Order, dated 12th August 1890, on General

Register No. 2449 of 1890, regarding the transfer of the old District Engineer's office building to the Revenue Department.

From the Collector of Kurnool, dated 9th December 1890, No. 4466.

Reference thereon, dated 6th January 1891.

The information given by the Collector is still insufficient.

2. In his letter, dated 23rd July 1890, No. 2600, he says the police will be accommodated in two out-houses, but the only out-house shown in the plan is entered as "to be used as a tiffin room." It should be stated if the police could not be accommodated near the treasury.

3. It does not appear also where the Sub-Magistrate's clerks and records are to be accommodated.

4. From the plan it would seem possible to accommodate the police and treasury along the northern face, to give the centre and south to the Tahsildar, and to add to the proposed Village Magistrate's court so as to accommodate the Sub-Magistrate. Ample room should be provided for records and a property room would be useful.

5. In regard to the general question of bringing the taluk cutcherry into the town, the Board quite agrees with the Collector.

From the Collector of Kurnool, dated 25th February 1891, No. 797.

Resolution—dated 2nd May 1891, Mis. No. 3017.

The papers read above will be submitted for the orders of Government.

2. The present Rámallakót taluk office being located in an unhealthy locality outside the municipal limits, the Collector proposes to remove it to the old District Engineer's office in the town, giving up the present taluk cutcherry building to the Department of Public Works in exchange to be used for storing the famine tools in. The old District Engineer's office is centrally situated within the municipal limits, and with some slight alterations and additions costing Rs. 2,000, will afford sufficient accommodation for both the Tahsildar and the Deputy Tahsildar with their establishments. The Department of Public Works approves of the exchange proposed by the Collector.

3. The Board agrees with the Collector in considering that it is desirable to move the taluk office from the present building and supports the exchange proposed by the Collector.

4. The sanction of Government is also requested for the expenditure of Rs. 2,000 to make the necessary alterations and additions to the old District Engineer's office.

To

The Secretary to the Commissioners
Land Revenue
Madras.

Sir.

Adverting to Board's reference on Government Register No: 1357 dated 2nd current, I have the honor to state that there are two out-houses in the compound of the old Public Works office, which could sufficiently accommodate the police station and the Inspector. The Superintendent of Police agrees to the transfer.

2 The old Public Works office

is situated within the Kurnool municipality and almost in the centre of the town.

3 On the transfer of the Kurnool-Cuddapah Canal to Government the Public Works office was amalgamated with the canal office and removed to the building in which the Chief Engineer of the late Madras Canal Company had held his office. Since then the building now proposed for the Taluq Cutcherry has been vacant.

LAND REVENUE

From
Charles Hough Esquire
Collector of
Kurnool

1718/4

To
The Secretary to the Commissioners
of Land Revenue -
Madras.

Sir.

I have the honor to submit the site and building plans of the old District Engineers office proposed to be utilized as Ramallakota Taluq Kacheri called for in Board's reference on General Registers Nos 2449 and 3320 dated 12-8-90 and 26-11-90 respectively and to state that the plans contain all

all the particulars required as to the existing number of rooms &c

2. The Town Deputy Tahsildar's office being now located in an old and inconvenient building situated in a very noisy part of the Kurnool bazaar, the Executive Engineer suggests that a new building may be constructed instead of repairing it. I propose to shift it also to the D.P.W building, which is spacious enough for the two offices.

3 The cost of effecting repairs and such improvements as will

will adapt it to a Taluk office, is estimated by the Executive Engineer at Rs 1700 and his estimate accompanies.

1718/5

4. The movement is very desirable for both offices and I strongly recommend its sanction.

1718/6

From

Charles Kough Esquire,
Collector of
Kurnool

To

The Secretary to the Commissioner
Land Revenue
Madras

Sir,

I have the honor to reply to Board's Reference on Government Register No 1357 dated 6th January 1891

2 The Police guard at the Ramallakot Taluk Treasury was withdrawn in accordance with G. O. Financial No 1280 dated 15th September 1885 Communicated with Board's Proceedings

No 2882 dated 14th October 1885, after the iron safe supplied for the same had been imbeded in masonry. Further, since writing my letter No 2600 dated 23rd July 1890 the Police Station formerly located in the present Taluq Cutcherry building has been removed to the old Taluk Cutcherry building at Kallur, a village adjoining Kurnool, the Police Superintendent having recommended the same as being more convenient. There is thus no need for Police accommodation in the building under consideration, and hence the proposals to

G.R. 2447/9

utilize the outhouse consisting of two rooms, as a tiffin room.

1218/7

3 The Sub magistrate's clerks are to be accommodated in the old range office room No 1 to the east of that provided for his Court and his records in the two rooms on the south, which according to the plan are each intended as a private room and were formerly used as "range record room" and "range office room."

4 To provide accommodation for the sub magistrate by extending the room intended for the village magistrate's Court would

add much to the cost of the estimate. I would therefore prefer to leave the Northern and central portions of the building for the Tahsildar and the Southern portion for the Sub Magistrate, as the plan itself provides.

5 The record room provided in the North of the building is in my opinion spacious enough for the requirements of the Tahsildar

6 The detached room in the North and the one in the South intended to be used as a drinking water room, I would utilize for property.

7 In lieu of the rooms now proposed to be used for the records of the Sub Magistrate, I would raise two rooms as private rooms at a cost of Rs 100 each in the places now marked in the plan. The proposal to convert the two rooms mentioned in para 6 would involve sundry repairs at a cost of Rs 100.

8 Roughly speaking the additions proposed can be made at a cost of Rs 300 and the amount of the estimate as thus revised will run up to Rs 2000.

9 For the reasons already set forth I request that early orders of Government may be obtained in view to

shifting the office and executing the requisite repairs to the proposed building.

10 The enclosures to the reference under reply are returned.

I have the honor to be
Sir,
Your most obedt Servt.

From
Charles Haugh Esquire 1218/9
Collector of Kurnool.

To
The Executive Engineer
Kurnool division

Sir,

The Taluq cutcherry of Ramallakota is located in the old Telegraph office close to the aqueduct in Kurnool. It is situated outside the municipal limits at a distance of about 1½ miles from the town.

2. There will always be about Rs 6000 (Rs 3000 in cash and Rs 3000 in stamps) in the treasury. At the time of Kist ie December to March it will contain not less than Rs 20,000. It has no Police guards but is watched during nights only by a Taluq peon and Kattubadies. There is certainly a Police station in the building but the officer in charge and constables go out on beat duty and one constable

1718 / 11

I have the honor to forward herewith copy of a letter No. 1620 dated 14th May 1890 applying for the transfer of the old District Engineer's Office building at Kurnool to the Revenue Department for use as Taluq Cutcherry and to request that you will be so good as to obtain sanction of Government, if the proposal meets with your approval.

2. It will be seen that the Collector, is prepared to surrender the present Taluq Cutcherry (old Telegraph Office building near the Hindri aqueduct) to this department in lieu of the above building so that it may be used for storing famine

famine tools.

3. The dimensions of both buildings are noted below, for your information

Cubical contents of enclosed spaces of

old District Engineer's Office ——— 38661

– Do – old Telegraph Office and present Taluq Cutcherry ——— 40,064

4. In the event of your approving of the proposal, a slight expenditure in the way repairs will be found necessary to render the new building suitable for the custody of stores.

No 680

Forwarded to the Chief Engineer P.W. Department

The Superintending Engineer sees no objection on the part of the P.W. Department to the exchange of buildings proposed above. The present Taluq Cutcherry is situated close to the canal and will be equally suitable as a store for tools as the old District Engineer's Office. The values of the buildings according to last returns are as follows Viz–

NOTE OF REMARKS.

The accompanying plan & estimate the latter amounting to Rs 1680 or say Rs 1700 provides for repairs & alterations to the old District Engrs Office at Kurnool to make it suitable for a Tahsildars Cutcherry.

It is explained in the report that the necessity for the repairs & improvements to the building is due to the bad state in which the roof of the Verandah is at present & to provide suitable accommodation for the Thasildar & his establishment.

It is therefore proposed to dismantle the Bengal terracing in the rear

Verandah

and substitute tiled roofing. In the case of the front Verandah it is proposed to apply 2 coats of pitch & tar to the roof & to white wash it two coats.

Some petty repairs to the flooring is to be done; the existing Stone floors in ~~most~~ several places are to be removed & relayed on concrete. Further particulars regarding doors & windows, Treasury cage &c are also given in the report.

The following rates are in excess to those given in the Schedule of rates for the Head quarter Sub Dn of the Kurnool Dn for 1891. ——

Dismantling stone in mortar Rs 2 per 100 cft against Rs 1 –

Stone in mortar Rs 12 per 100 cft against Rs 10 –

White washing two coats as 3½ per sqre against as 2½ –

Blue or Color washing 2 coats as 4 per sqre against as 3 –

The

The difference caused by these excess rates is very trifling, but it would be as well to note that they are in excess of the H. Q. Schedule

OVB
18.6.91

red pencil are fair, the remaining rates cannot be checked for want of rates for the corresponding items in the Schedule.

1218/74

Contingencies & Petty Supervision are provided for at 3 percent each.

The plan & estimate have not been countersigned by the Collector nor S. E. III Circle, but they have been approved by the Revenue Department.

Proceedings of the Board of Revenue

(Land Revenue).

Dated 2. May 1891.

No. 3017 Mis:

Mr. G. McWatters.

Read the following:-

(1) Endorsement of the Secretary to Government R. D., dated 20. June 1890 No: 3811 and the following Reference thereon, dated 2. July 1890.

The Collector is requested to report whether there is accommodation for the Police Station in the old Public Works office and whether the District Superintendant agrees to transfer; whether the old Public Works office is within Municipal limits or is otherwise more centrally situated and why it was vacated by the Public Works Department.

(2) Letter from Charles Hough Esq: Collector of Kurnool, dated 23. July 1890 No: 2600 and the following Reference thereon, dated

12.

Tahsildar, and to add to the proposed village Magistrate's Court so as to accommodate the Sub-Magistrate. Ample room should be provided for records and a property rooms would be useful.

5. In regard to the general question of bringing the taluq Cutcherry into the town, the Board quite agrees with the Collector.

(5) Letter from the Collector of Kurnool dated 25 February 1891 No. 797.

Resolution dated 2d May 1891, No 3117/16

The papers read above will be submitted for the orders of Government.

2. The present Ramallakot Taluq office being located in an unhealthy locality outside the Municipal limits, the Collector proposes to remove it to the old District Engineer's office in the town giving up the present taluq-

Kutcherry

1718/12

kutcherri building to the Department of Public Works in exchange to be used for storing the famine tools in. The old District Engineer's office is centrally situated within the Municipal limits and with some slight alterations and additions ~~Costing~~ Costing Rs 2000, will afford sufficient accommodation for both the Tahsildar and the Deputy Tahsildar with their establishments. The Department of Public Works approves of the exchange proposed by the Collector.

3. The Board agrees with the Collector in considering that it is desirable to move the taluq office from the present building and supports the exchange proposed by the Collector.

4. The sanction of Government is also requested for the expenditure of Rs 2000 to make the necessary alterations and

additions

additions to the old District Engineer's office.
