OFFICE NOTE No. 3262.

To

W.

43CD-6.1.91

In continuation of my office note No. 5813 dated 30th. September 1890, and with reference to G.O. No. 843 W. dated 3th. March 1891, I beg to point out that to enable my office to check sanctions in connection with estimates for repairs and renewals of church furniture with reference to Code Appendix D, section IV, rule XXI, the list of churches which, I understand, is being prepared in communication with the Ecclesiastical Department, should distinguish churches in which pew rents are collected, & in cases where a portion of the seats are reserved by Government and the remainder rented out, the same should be noted.

x 643W-6-3-91

2. I take this opportunity of pointing out that my office note No. 1099 of 20th. February 1891 so far as it relates to the responsibility of my office, has apparently been misunderstood. I had no intention of repudiating responsibility for the mistake which has been made. On the contrary I desired to state frankly

that the mistake was due to defects of system which have probably allowed similar mistakes to escape notice on previous occasions. It was only in connection with this case that the absence of any proper means of checking such sanctions came under my ^{own} notice: otherwise I should long ago have taken the measures which I have now taken, measures which should prevent the recurrence of such mistakes but which, pending completion of satisfactory lists of churches, may necessitate somewhat frequent reference to Government regarding individual cases.

3. I would however beg leave respectfully to point out that, in the absence of any recent references to G.Os. Nos. 1594 W. dated 7th. July 1880 and 1813 W. dated 25th. July 1881, those orders, issued ten years ago, could hardly be known to any one disposing of the case now in question, except as a consequence of some system of noting, for the want of which (ten years ago) neither myself nor any body now under my orders could well be deemed responsible.
