GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

READ—the following paper :—

From Major C. B. HENDERSON, R.E., Executive Engineer, Tanjore Division, to the Superintending Engineer, V Circle, dated Tanjore, 27th May 1891, No. 2147.

I have the honour to report that the Examiner is continually disallowing claims for travelling allowance on the grounds that an officer requires the special permission of his Superintending Engineer to leave his division on duty. The Upper anicut and some other works west of Tanjore are in charge of the Executive Engineer, Tanjore division, and his subordinates; they are in the Trichinopoly district or can only be got at through Trichinopoly. I have the honour to request that you will be good enough to authorize the Executive Engineer, the Sub-Division officer, and the establishment generally to proceed beyond the limits of the Tanjore division on inspecting duties connected with the works above mentioned.

No. 263 W.

Forwarded to the Chief Engineer, Public Works Department, with request that in order to meet the Examiner's requirements, a general sanction may be given under article 73 of the Civil Service Regulations to the officers and subordinates in the Tanjore division to travel *via* Trichinopoly which is outside their jurisdiction when proceeding on inspection duty to the Upper anicut and other works connected with Cauvery delta in charge of the Executive Engineer, Tanjore, situated in the Trichinopoly district.

1st June 1891.

(Signed) D. McN. CAMPBELL, Major, R.E.,
Superintending Engineer, V Circle.

From the Examiner, Public Works Accounts, dated 12th June 1891, No. 3294.

In accordance with the recent orders of the Government of India communicated with G.O., No. 1447 W. of 26th May 1890, and Public Works Code, para. 447, sanction of the immediate superior would be necessary in every case in which an officer proceeds beyond the limits of a division or a circle. The ruling of the Government of India referred to, seems to prohibit the giving of a general permission to cover such cases.

ORDER—dated 29th June 1891, No. 1751 W., Public Works.

It is observed that the ruling of the Government of India quoted by the Examiner referred to articles 1093 and 1094 of the Civil Service Regulations. Under these articles no general sanction can be given. But the permission to proceed on duty for

Tanjore Division officers through Trichinopoly to the Upper anicut, and for Trichinopoly Division officers through Tanjore to the Lower anicut and works beyond is given under article 1137, and there seems nothing in that article to prevent a general sanction, the convenience of which is obvious.

2. But to obviate any further difficulty, it is now declared under article 1135 of the C.S. Regs that the Tanjore and Trichinopoly divisions are the limits of ordinary jurisdiction of the Ex. Engineers of Tanjore & Trichinopoly and their subordinates with respect to journey made by them on duty under the sanction of controlling officers as determined on review of the Travelling Allowance Bills.

Office note from the Examiners P.W. Accounts No. 3294 dated 12th June 1891.

For Orders.

The Honble member's attention is invited to his expression of opinion on this point dated 15 May, as noted on one of the papers attached to the draft of G.O. 1447/88 dated 26 May 1891. It is there stated that 'general permission to the Executive Engineer to take the route through Tanjore may be given, and such permission will authorize the Executive Engineer to draw his ordinary travelling allowance, but if he special allowances provided under Article 1093, Govt. sanction.

sanction (should be Chief Engineer) must be obtained."

The order was drafted on these lines.

2. It will be seen that the Examiner gives a much more restricted interpretation to the ruling of the Govt. of India. He considers that no "general permission" can be given in any case.

3. For orders whether the Govt. should maintain the view already expressed in the order of the 26 May 1891, and leave the Examiner to force a reference to the Govt. of India if he thinks this needed.

I wish to.

The Govt. of India has referred to the 1093 & 1094. Under these articles no general sanction can be given. But the permission to have and use through the Indian Railway to the Upper Ancient & for Family Offices to prevent under the 1093 & 1094. It is given under the 1093 and 1094. In any thing is that which to prevent a general sanction, the convenience of which is obvious.

General sanction for such journeys is given but in all cases where camp equipage has to be taken by rail special sanction is required.

I think it will be better to sanction accordingly & let G fight it.

Reading for 1447W
of 26.5.91 & the note
attached to it, it appears
that the intention of Govt.
is to give general sanction
for journeys from the
Inchmaddy to the Tarron
divs, so far as ordinary
travellers are concerned,
if however sanction is
required for the conveyance
of horses or camp equip-
ment by rail, the
special sanction of
superior authority must
be obtained in each
case as heretofore.

The Govt. however
reads the Order to mean
that a general sanction
of any kind cannot
be given, & that the
sanction of superior
authority for journeys

nothing in that
article to prevent
a general sanction,
