2ND MAY 1891, No. 662 M., LOCAL AND MUNICIPAL.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

Proceedings of the Board of Revenue (Land Revenue), dated 10th February 1891, Mis. No. 909.

Read—again Board's Proceedings, dated 16th October 1890, No. 632.

ABSTRACT.—Requesting the Collector of Malabar to submit, at an early date, plans and estimate for accommodating the Currency department in his office now under construction at Calicut.

Read—also the following letter from J. W. F. DUMERGUE, Esq., Acting Collector of Malabar, to the Secretary to the Commissioners of Land Revenue, dated Calicut, 20th January 1891, Ref. on C. No. 5365-P :—

With reference to the Board's Proceedings, dated 16th October last, No. 632, I have the honour to report that no land is available for the Currency office, and I have arranged with the Executive Engineer to convert the proposed printing office into the Currency office, the printing office remaining where it is at present. This in itself would be an advantage, as otherwise the noise of the printing machine would seriously interfere with the work of the other departments.

2. I observe also that, in the allotment of accommodation as made at present, no room is assigned to the Head-quarter Deputy Collector. It is, in my opinion, both unnecessary and waste of space to locate the District Medical and Sanitary officer and his establishment in the Huzur office. He is not required to attend office as the Revenue and Magisterial officers are required to attend, and accommodation for him and his staff can be provided easily and more suitably in the new hospital which is to be built by the Municipality. This arrangement is all the more necessary when it is observed that in the new Huzur cutcherry only one court-room is provided for the use of the District, Deputy, and Assistant Magistrates. I trust the alteration now made will meet with approval.

Resolution—dated 10th February 1891, Mis. No. 909.

Submitted to Government, with reference to G.O., dated 9th May 1888, No. 2771.

2. In the plan approved for the new Collector's office building at Calicut, no accommodation is provided either for the Currency office or for the Head-quarter Deputy Collector, and no land is available for the construction of additional buildings for them. The Collector accordingly recommends that the proposed printing office in the new plan may be converted into the Currency office, and the accommodation intended for the Medical and Sanitary officer may be made available for the Deputy Collector. He thinks that the old printing office may remain where it is, and that the District Medical and Sanitary officer may be provided for in the new hospital which is to be built by the Municipality. These proposals meet with the Board's approval.

In returning the correspondence referred to me for report under your endorsement No. 159 of the 14th ultimo, I have the honour to forward, for the information of Government, the accompanying statement showing where District Surgeons' offices are located in the several districts in this Presidency.

2. In my opinion it will greatly facilitate work if accommodation can be found for the District Surgeon's office at the Head-quarter Municipal hospital in each station.
