Read the following

Notes of inspection by Mr.
 M. H. Gagnon, offg. Deputy Engineer,
 of the Office of the Executive Engineer No.
 1, Periyar Project S^d, at Madurai, on
 the 6th, 7th, 8th and 9th of May 1891.

49. The pay of waterman for officers
 and upper subordinates, amounting to
 Rs 362-0 for period ending 11th of 20th
 January 1891, was charged to con-
 tingencies of the estimate for the "Main
 Dam at Periyar". There are other
 instances which go to show that
 it is the practice to debit such
 charges to work. It is thought that
 such charges require the sanction of
 Government.

16	49	Pay of workmen charged off to works without the sanction of Govt.	If the charge is a proper public charge, the salaries of the workmen should be included in the salary bill of the office and debited to temporary establishment. The necessary sanction of Govt. being obtained for the entertainment of these men; but it is not quite clear that the workmen's duties are such as to make this pay a proper public charge. The Supt. of Works might be asked to apply for sanction giving necessary information.
