Assistant Engineer's Office
Camp Manan today 23rd April 1891

From

P. Roscoe Allen Esq^r

Assistant Engineer,

Hypnaad.

To

The Executive Engineer,

West Coast Division.

Sir,

I have the honor to forward
herewith a statement showing the ori-
ginally proposed scale of Establishment
for the Hypnaad Sub-Division and the
scale proposed for the future.

2. The proposed scale is made
out on the assumption that it will conti-
nue as proposed until 1st April 1892.

This assumption is made on the under-
standing that the bridges arrive in Sep-
tember 1891. Had these same bridges arrived
in September 1890, there would have been
no cause to continue the employment
of the staff after August 1891.

3. The amount sanctioned

per mensem is Rs 657 or Rs 7884 per annum which for 2 years amounts to Rs 15768. Had the whole Establishment joined in September 1889, the expenditure up to March 31, 1891, would have been Rs 12264, as against Rs 8742 expended, shewing a saving of Rs 3522. Now from 31st March 1891, one Overseer and his Establishment have been done away with shewing a saving of Rs 192 per mensem, and which will make our expenditure Rs 465 per mensem. If my recommendation to retain the staff as reduced up to 31st March 1892, is accepted, this will necessitate an extra expenditure of Rs 2790 or less than the saving already effected up to 1st March 1891, irrespective of the saving to be effected April to October 1891.

4. I have the honor therefore to recommend that Rs 20 per mensem be expended out of this saving in raising my head Clerk, Mr. Sequeira's pay to Rs 120 per mensem from Rs 100 per mensem. Mr. Sequeira has now worked

1846/26
worked under me since December 1886 on the same pay. During the greater part of this time he has existed in places certainly hardly fit to live in, and at all times has done his work cheerfully and well and never once complained. It would at any time have been difficult to replace him, and it is greatly through his good work, we have been enabled to reduce the staff.

5. I consider Mr. Sequeira quite deserves some recognition and I hope the one applied for may be sanctioned more especially as it will cause no excess in the already sanctioned amount for this item.

6. Whilst on the subject I append a statement showing the establishment employed since the beginning, you will see from this that if the period of service of all Overseers in my Sub-Division is added up it makes a total of 1464 days. The Sub-Division has been in existence 575 days which makes an average employment of 2.55 Overseers, the sanctioned scale being 3. This altogether irrespective of the

the character of the men sent & the con-
tinued changing. I send this latter
statement as the remarks of the Super-
intending Engineer on tour respecting
my establishment not only very much
puzzled me, but led me to understand
he was altogether unaware of the actual
state of affairs.

position statement of the Mysnad Sub-Division, and
1 Copy of Mr. Allen's letter No. 198 E. of 23rd April 1891, of which a copy is enclosed for information.
2. The necessity for the revision of
the present scale of Establishment
is explained in the Assistant Engineer
Mr. Allen's letter No. 198 E. of 23rd April
1891, of which a copy is enclosed for
information.

3. It is evident that the
present satisfactory condition of the
Mysnad

Wynnad Sub-Division Office in respect
to accounts and records was due to the
energy shown by Mr. S. Sequeira, the
Head Clerk of the Sub-Division, not-
withstanding the trying circumstances
of the locality, since his appointment
in the Wynaad. It is nothing but
desirable to give him a small increase
of Rs 20 a month, as an encourage-
ment.
