Letter from H. H. O'Connell Esquire,
Executive Engineer, Nellore Division,
to the Suptg. Engineer, Second Circle,
dated Nellore 18th March 1891, No.
383.

Sir, I have the honor to bring to
your notice that it is found from
actual experience that the stone manu-
- facture at Penner Anicut which was
sanctioned for general purposes has
no ~~the~~ ^{the} ~~idea~~ ^{idea} ~~ends~~ ^{ends} on it except ~~stone~~
re required Penner Anicut ~~the~~
extent of 500 units of rough stone and
100 units of concrete, annually, and
the proposition to get cut stone to the
extent of about Rs. 20,000 in the course
of 8 years has proved a failure owing
to there being no cut stone available
in the quarry.

2. It is, therefore, found impracti-
- cable to afford a monthly credit of
Rs. 100 to Laird and Kilus estimate
of Rs. 11,500 sanctioned for stone
manufacture at the Penner Anicut
Sanctioned

Forwarded to the
Chief Engineer, Public Works Department,
who will be good enough to obtain sanction
of Government for fixing monthly credit to
Land & Mills account of the stone manufacture
at Penner Anicut, at Rs. 54, instead of Rs. 108
as already sanctioned in G.O. No 835 N.
of 14th March 1890, under Code para
1791 A. Rule IV.
