## PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper :—

From the Director of Public Instruction,  
dated 22<sup>nd</sup> April 1891 N<sup>o</sup> 4487.

Order 25<sup>th</sup> June 1891 N<sup>o</sup> 481.

The Director of Public Instruction in his letter read above has clearly demonstrated the desirability of moving the College of Engineering to the site now occupied by the Women and Children's Hospital when the new building which has recently been sanctioned for the latter institution has been finished. But to complete the buildings for the Women and Children's Hospital and also those for the College of Engineering at Egmore will probably occupy some seven or eight years and for that period therefore the College of Engineering must remain in its present situation.

2. The Director has moreover shown that increased accommodation for the purpose of practical instruction of the Students of

of the college is essential at an early date and the Government is therefore disposed to sanction his proposal for the construction of a workshop as an annexe to the present College. This workshop will, however, be required only until the removal of the College to Egnore becomes possible, and the construction of a merely temporary building for the purpose will therefore be sufficient. The Director will accordingly submit revised plans and estimates for the necessary temporary accommodation.

3. The estimate amounting to Rs. 32,519 for plant is approved and sanctioned.
