Civil Works.

READ—the following paper:—

From H. B. GRIGG, Esq., M.A., C.I.E., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 25th May 1891, No. 5903.

With reference to G.O., No. 167, dated 12th December 1889, Educational, I have the honour to submit, for early sanction and transfer to the Public Works Department, the accompanying plans and estimate for Rs. 3,370 for altering the stage-room of the Old College to suit for record, stationery and despatch rooms for this office.

2. As the need for additional accommodation is very pressing, I beg to request that the necessary funds may be allotted for carrying out the alterations and improvements before October next, if practicable.

Approved and transferred to the Public Works Department.
(By Order.)

(Signed) A. BUTTERWORTH,
Acting Under-Secretary.

23rd June 1891.

ORDER—dated 8th July 1891, No. 1876 W., Public Works.

The estimate, amounting to Rs. 3,370, for converting the stage-room of the Old College, Madras, into record, stationery and despatch rooms for the office of the Director of Public Instruction, is sanctioned for early execution, and the amount is allotted from the Provincial reserve with the Government.

2. This sanction has been registered as Provincial No. 39 W. of 1891-92 and classified as Civil Buildings, Original Works.

No. 10432.

From

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

The Honble the Chief Secretary
to Government
Fort St. George

SIR,

Chartham which is requested to be kindly returned
I enclose the enclosed correspondence with the Superintendent Engineer, 5th Circle, for the orders of Government.

2. In my letter No. 7662 of 30th May 1889, I drew the attention of the Superintendent Engineer to the omission of provision in the estimate for the repairs of the stage room attached to the Old College. Replying to it Colt T. Burton stated that he would forward the necessary estimates after the

removal of the stage-room or
Proscenium by the Dramatic
Society. I wrote to him asking
what he understood by the
Proscenium. His letter No 5684
of 22nd November 1899 is a reply to it.
I am of opinion ^{that} Callington
quite misapprehends the intentions
of Government in regard to the
portion of the building occupied
by the stage. It seems to me
that the Government intended
the Dramatic Society to remove
the Proscenium proper - that is -
the front and wings of the stage
and the stage machinery ^{and} only,
and agreed to pay the Society
for the stage and its appurtenances
only, whilst they - the Govern-
ment - retained the stage-room
with its walls & roof ^{and} ~~and~~ ^{without} compensation.

3. I hope that early orders
may be issued on the subject &
that the P. W. D. may be instructed

1876/3
to give immediate effect to such
orders. Nine months have
already elapsed since the orders
of Government were passed, and
although estimates were called
for at an early date, no repairs
have as yet been begun.

4. I would add that I
cannot do without the stage
room, as it is needed as a record-
room & for accommodation
for despatch branch of the
office.

I have the honor to be,
Sir,
Yours most obedient servant

Sir,
With reference to your letter
No 9061, of 21st Oct 1889. I have
the honor to forward a Plan
of the Theatre and large Hall
in the Old College at Mumpunbathum,
and to state that the part which
belongs, in my opinion, to the
Dramatic Society is that room
lettered Proscenium in Plan
up to and as far as the red

Sir,

With reference to your letter N^o 7442 dated 30 August 1889 pointing out that no provision is made for repairs to the roof and floor of the stage room at College Hall in the estimate sent back therewith approved of, I have the honor to point out that by para 2 in G.O. Educational N^o 99 of 20 February 1889 Communicated to me in G.O. N^o 2726 W dated 27 September 1889 the stage room (or proscenium) is to be removed by the Dramatic Society and when that is done, I propose to submit an estimate for rebuilding the bow window which formerly occupied the position of front part of the present proscenium.

SIR,

In returning countersigned the estimate
for general repairs to the old College
buildings in which my office is at present
located, I have the honour to draw your
attention to the omission of provision for
the repairs to the roof and floor of the
stage room. This room is now placed
temporarily at the disposal of the
Dramatic Society and it is not my
intention to continue this arrangement
indefinitely as the central hall is
not quite sufficient for all the depart-
ments of the office. No mention is also
made

made of the verandah that was pro-
posed to be opened out in front of
the rooms upstairs. Possibly however
a separate estimate under new works
is in course of preparation. If this part
of the work is considered too expensive,
I shall be satisfied with a narrow
verandah on the southern side of the
southern room occupied by Mr. The heat
in this room in the afternoon is ex-
cessive and the alteration above
proposed I consider absolutely necessary.
Much inconvenience is also felt by the
office clerks owing to the absence in the
compound of water for drinking purposes.
As Government in their order No 99 Edl
dated 20 February 1889 have approved
of pipes being laid in the compound,
I trust that the necessary orders will
soon be issued. The above additions
proposed need not detain the carrying
out of the repairs and alterations for
which estimates have now been forwarded.
The former can be provided for in a
supplemental estimate. In conclusion I

I beg to request the favour of your
issuing very early orders for the immediate
carrying out of the work now proposed.

I have the honor to be

TECHNICAL NOTE. 187/V

The estimate under review
amounting to Rs. 3370 pro-
vides for altering the stage
room of the Old College
to convert it into Record,
Stationary and Despatch
rooms for the office
of the Director of Public
Instruction.

Particulars of construction are
as follows:

Foundations of the additional
walls are to rest on concrete
1 1/2 ft. deep.

Foundations, basements &
walls including archwork
are to be built with brick
in mortar & plastered with
2 coats of chunam on both
sides.

Flooring is to be of Cuddalore
slabs laid on a bed of
concrete 4" thick.

Roof is to be terraced.

L. d.

8V

Roof timbers, doors & ventilators
are to be teak.

Scantlings ^{3x4 1/2"} for joints of the
side rooms (new teak wood
wrought & put up) seem to be
too slight, it might with
advantage be increased
to 3x6. Old timber is to be
used for the centre room.

The report explains the
necessity for the alterations
proposed.

The rates as far as
can be checked are fair.

The plan & estimate
have been countersigned
by the Director of Public
Instruction & approved
in the Educational Dept.

Cut
30.6.91

I almost think this
must be a clerical
error - the joints
are spaced 18" from
centre to centre - the
roofs are heavy and
big brick on edge.

3" x 4 1/2"

3 courses flat tiles

8 coats of plaster

3" x 6" is I think
the minimum
dimension for trans-
verse - they would
be all the better
for being 3" x 7" -
