READ—the following paper:—

From J. W. MARTIN, Esq., Officiating Superintending Engineer, VI Circle,
to the Chief Engineer, Public Works Department, dated Trichinopoly,
25th June 1891, No. 303 M.D.

In G.O., No. 2293 W. of the 21st August 1889, sanction was accorded to the disposal by public auction of the police station-house and huts at Thovariman in the Madura district. The buildings were first proposed to be sold by this department and an offer of Rs. 170 was made, but their sale was not completed as they were to be sold with the land and so the Revenue Department was asked to dispose of them.

2. The Collector has since, however, suggested that the station-house should be handed over to the village munsif for his cutcherry. I recommend that his suggestion should be approved.

3. Regarding the huts, it has now been reported that they have fallen down and practically do not exist, but the site on which they were built is Government poramboke and the Collector suggests that it may be left for the use of the village public. I think this suggestion may be sanctioned.

ORDER—dated 8th July 1891, No. 1877 W., Public Works.

The proposals in paras. 2 and 3 of the foregoing letter are approved.

The groups of Police buildings noted below in the Madura district having been lately vacated, fell to the charge of this department:—

2. Items Nos. 1 to 4, 7, 8, 10 and 12 are said to have been built by the Police Department, and 5, 6, 9 and 11 by the Public Works Department; Nos. 1 and 3 have been handed over to the Revenue Department at the request of the Collector for use as offices by the village officials; Nos. 7 and 8 have been placed at the disposal of the Executive Engineer, No. II Periyār division; and the other eight items remain to be disposed in public auction as they are not required by any other department.

3. It is reported that the Collector of Madura has informed the Executive Engineer that the zemindar of Sandyur offers Rs. 250 for the Sandyur station and huts Nos. 9 and 10, and as there are apparently no other possible purchasers, it is recommended that this offer be accepted.

4. In the case of the remaining eight items (including Nos. 9 and 10), as the lands should be sold with the buildings, neither being of appreciable value apart, the sale would have to be conducted by the Revenue Department.

5. It is also reported that all the thatched huts are gradually deteriorating from the action of the weather. I have therefore the honor to request early sanction to the disposal of the above eight items, and to the transfer of the two items (1 and 3) to the Revenue Department.
