8TH JULY 1891, No. 1883 W., PUBLIC WORKS.

1883-4
1

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following paper:—

From the Assistant Surveyor-General in charge, Drawing office, to the Under-Secretary to the Government of Madras, Public Works Department, dated Calcutta, 19th June 1891, No. 1523/S-D.

Adverting to letters marginally noted, forwarding lists of roads, irrigation works, &c., constructed in the Madras Presidency during the years 1884—1890, I have the honour to request you will be good enough to have this office furnished with traces from maps of those public works including the immediate neighbouring topography (villages, streams, &c.,) on the scale of 1 inch=1 mile, or on any larger scale that may be available, in order to enable us to locate and insert the information on our maps.

2. It is impossible to utilize information from any lists unless they are accompanied by maps showing the course of the road, canal, &c., with reference to the adjoining topographical features.

3. As the lists sent with the letters quoted above are extensive, if traces by districts were furnished from time to time showing the various additions to the public works to the present date, the work of incorporating the material on our maps could be carried on *pari passu* with the supply. The lists can be returned for reference if required.

ORDER—dated 8th July 1891, No. 1883 W., Public Works.

Ordered that the following reply be sent.

(Here enter No. 1884 W., dated 8th July 1891.)

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

LETTER—from

COLONEL J. PENNYCUICK, R.E.,
*Secretary to the Government of Madras,
Public Works Department,*

To

THE SURVEYOR-GENERAL OF INDIA,
CALCUTTA.

SIR,

Adverting to the letter from the Assistant Surveyor-General, No. 1523/S-D., dated 19th June 1891, I am directed to point out that in Government of India Public Works Department Circular No. XIV, dated 11th October 1883, it was laid down that your office should be furnished with yearly lists of the several public works constructed, in course of construction, and sanctioned. These works were thereupon to be shown by you in established symbols on sheets of the Atlas of India, and after the sheets had been revised by local Governments they were to be finally returned to your office. In accordance with these orders, lists of the several public works required have been regularly supplied to you, year by year, but the works have apparently never been entered on the India Atlas by your office, and the Madras Government is now called upon to furnish traces from maps of the public works in question, including the immediate neighbouring topography, on a scale of not less than 1 inch = 1 mile.

2. The change of procedure proposed by you will, I am to say, entail considerable trouble on this Government and will probably require a special establishment to carry out the work.

3. His Excellency the Governor in Council has, however, recently been in correspondence with the Government of India on the subject, and has made certain suggestions which will, it is hoped, enable the desired object to be attained. I am therefore to suggest that you will refer the matter to that Government with special reference to Colonel Pennycuick's letter, No. 806 W., dated 19th March 1891, and my endorsement, No. 1165 W., dated 27th April 1891, orders on which are still awaited by His Excellency the Governor in Council.

I have the honour to be,

Sir,

Your most obedient servant,

Colonel, R.E.,
Secretary to Government, P.W.D.

OOTACAMUND,
8th July 1891.

Exd. A. Aubert.

1887/11/18

Please see letter
from the Asst. Surveyor
General, Calcutta, no
1523D of 19.6.91.

The orders of the
Govt. of India, recorded
in G.O. no 3531 WD 8th
Decr 1883, were that
this Govt. should forward
annually to the Surveyor
General, written lists
of canals, channels,
railways & roads,
 lately constructed, or
in course of construction
during the year.

On receipt of the
lists, the Surveyor Genl
was to forward to the
Local Govt. concerned
the sheets of the atlas
of India, and on

GENERAL.

There were to be entered
in established symbols,
the public works
mentioned in the list.

The list of public
works have been printed
year by year to the
Survey Dept. but it
has never sent the
Atlas sheets to be
filled in as ordered
by the Govt. of India.

After the lapse
of so many years, the
Survey General order
that to be furnished
with traces of the works
of the public works
included in the list
sent from 1845 - This
apparently will be
a most laborious
work.

For orders.

On

20/6/91

W.

6897

1887

Under terms of
Circular No. XIV P.W.
dated 11-10-83

The list required
have been accordingly
furnished this
Office of the Survey
of India, but the
Survey Dept.

have not forwarded
the Atlas sheets as
there is required -

The Surveyor
General now requests
to adopt a
procedure different
from that referred
in the above mentioned
O - It will be
a laborious work
& probably will

GENERAL.

may require the
services of a
Special Draftsman
to get done -

I think the
Surveyor Genl. shd.
forward the Atlas
Sheet & list, beginning
for the year 1884,
one year at a time,
and we could
endeavour gradually
bring the information
as required by the
Circular

Yours
17.81

Yes I think the latter
course shd be adopted
with however great
accuracy. A.S.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

UNDER date the 8th July 1891.

READ the following

Letter from the Assistant Surveyor General, in charge Drawing Office
No. $\frac{1523}{3}$ D dated Calcutta. 19th June 1891.

Ordered that the following
His
July reply be sent.

Id. E. No: 1884 w 18th July 1891

To

The Surveyor General
of India,
Calcutta.

Sir,

Adverting to the letter
His
July from the Assistant Surveyor General
No. $\frac{1523}{3}$ D dated 19th June 1891.
I am directed to point out that in
Govt of India, P.W. Dept circular
No. XIV d/11th October 1883 it was
laid down that your office should
be furnished with yearly lists of

the

the several Public Works constructed,
in course of construction, and
sanctioned. These works were
thereupon to be shown by you in
established symbols on sheets of
the Atlas of India, and after
the sheets had been revised by
local Governments they were to
be finally returned to your
office. In accordance with
these orders, lists of the several
Public Works required have been
regularly supplied to you, year
by year, but the works have
apparently never been entered
on the India Atlas, by your
office, and the Madras Govt
is now called upon to furnish
traces from maps of the Public
works in question, including
the immediate neighbouring
topography, on a scale of not less
than 1 inch = 1 mile.

The change of procedure
proposed by you will, I am
to

to say, entail ³⁰ considerable trouble
on this Govt, and will probably
require a special establishment
to carry out the work.

1891/9
H. E. the Governor in Council
has, however, recently been in
correspondence with the Govt of
India on the subject, and has
made certain suggestions which
will, it is hoped, enable the
desired object to be attained.

I am therefore to suggest that
you will refer the matter to
that Govt with special reference
to Colonel Pennycuik's letter
No: 806 W d/ 19th March 1891, and
my endorsement No: 1165 W dated
27th April 1891, orders on which
are still awaited by H. E. the
Governor-in-Council.
