15TH JULY 1889, No. 1895 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

From H. B. GRIGG, Esq., M.A., Director of Public Instruction, to the Chief Secretary to Government, dated Ootacamund, 27th May 1889, No. O/186.

In submitting, countersigned, the accompanying plans and estimate, amounting to Rs. 10,500, for providing the Rajah-mundry College with the additional accommodation noted in the margin, I have the honor to state that the additions proposed are absolutely necessary for the efficient working of the college.

Science lecture room	...	40' x 20'
Chemical laboratory room	...	39-6" x 20'
Drawing room	...	40' x 20'
Two Store rooms	...	20' x 14'
A tank	...	...

2. In the year 1885 science teaching was introduced into this college, but suitable accommodation has not as yet been provided for such instruction. I did not wish to incur considerable expenditure upon buildings until the success of the experiment was fairly assured, but now that it may be so regarded, I think it essential, for the development and efficiency of the science teaching, that ample and suitable accommodation should be afforded for it in the shape of a suitable laboratory and lecture room, and also of a large room to be used for instruction in drawing. As matters now stand, the science classes are being held at very great inconvenience to the other classes, whilst the teaching in this branch itself is necessarily not so satisfactory as it should be, for want of a good lecture room and laboratory. Moreover, without ample store room accommodation, it is impossible to keep valuable apparatus in a manner which will prevent its deterioration. Enclosed is a copy of letter No. 940, dated 10th ultimo, from Mr. Metcalfe, the Principal, and in it he clearly and forcibly points out the urgent need for the additions for which estimates are now submitted. I would add to what he says that, after the High School examination has been sanctioned, I propose to arrange for special classes in this institution, especially classes in drawing and surveying and levelling. It would be extremely difficult to teach such classes satisfactorily without additional accommodation. The Rajahmundry College is really the centre of higher education in the Northern Circars, and the development of the former is essential for the satisfactory progress of the latter.

3. Provision has not been made for the work in the budget of the Public Works Department for the current year, but I trust that, as the amount concerned is not large, it may be sanctioned for immediate execution, if funds can be made available, or at any rate for inclusion in part A, New Works, of the budget for 1890-91.

Approved and transferred to the Public Works Department.

(Signed) A. G. CARDEW,
Under-Secretary

24th June 1889.

15TH JULY 1889, No. 1895 W., PUBLIC WORKS.

ORDER—dated 15th July 1889, No. 1895 W., Public Works.

The estimate, amounting to Rs. 10,500, for providing additional accommodation to the Rajahmundry College, is sanctioned.

2. The necessary allotment for the work will be made later in the year as funds become available.

3. The Superintending Engineer will furnish the Examiner, Public Works Accounts, direct with a copy of the abstract estimate for the work.

4. The sanction accorded in para. 1 of these Proceedings has been registered as Provincial No. 38 W. of 1889-90 and classified as Civil Buildings, Original Works.

Estimate for providing additional accommodation to the —, sanctioned.

2ND MARCH 1891, No. 568 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

G.O., dated 31st January 1890, No. 156, Judicial.

Letter from the Inspector-General of Jails, dated 6th February 1890, No. 52.

Demi-official from the above officer, dated 10th March 1890.

Endorsement in the Judicial Department, dated Fort St. George, 29th March 1890.

The foregoing papers will be referred to the Public Works Department for favor of issue of necessary orders for a special report being submitted to Government in this department, with estimate, as to whether the pump can be worked at one side of the well, either in the manner indicated by the Inspector-General or by means of a beam pivoted on the edge of the well, with perhaps guides or a parallel bar motion at the end of the beam.

(Signed) A. G. CARDEW,
Under-Secretary.

From G. D. WYBROW, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 12th December 1890, No. 1808 G.D.

With reference to para. 4 of your memo. No. 1776 C., dated the 9th April 1890, regarding certain improvements to the building of the Central Jail at Rajahmundry, I have the honor to inform you that an estimate has been framed, amounting to Rs. 2,680, which allows for the several improvements, recommended by the Inspector-General of Jails.

2. The chief points by the Inspector-General of Jails are as follows:—

Para. III of the Inspector-General's letter.—The ridge ventilators project too little over the roof, allowing the rain to beat in.—It would be costly to remove the whole of the roof ventilators and it is proposed to add a projection of zinc sheeting, so as to afford additional protection against the rain beating.

Increased ventilation of wards.—This is allowed for as recommended by the Inspector-General of Jails by opening out large barred windows, with shutters, at the ends of all the wards and barred ventilators in the gable ends of the wards as well as in the partition walls of the several wards. For the better ventilation of the buildings with terraced roofs, cowls are provided of 8" diameter, similar in pattern but larger to those already fixed in other parts of the jail.

3. Para. IV of the Inspector-General of Jails.—The estimate now framed includes removing the parapet wall erected for the protection of the police sentries and erecting in its place an iron railing, 3 feet in height. The removal of the filling in between the rafters and top of walls of the hospital is allowed for in the estimate. The filling in is only composed of broken brick in chunam and can easily be removed.

4. *Para. V—Well.*—The proposals regarding the pump over the well have already been sanctioned in G.O., No. 2085 W., dated 31st July 1890.
5. The Superintendent of the Jail informs me that, in carrying out the enclosed estimate, no convict labor will be available.
6. The enclosures of your memorandum under reply are herewith returned.

G.O., dated 17th February 1891, R. No. 190, Judicial.

Read—endorsement of the Public Works Department, dated 8th January 1891, No. 81 C., forwarding letter from the Superintending Engineer, I Circle, dated 12th December 1890, No. 1808 G.D., submitting an estimate for the improvements to Central Jail, Rajahmundry, recommended by the Inspector-General of Jails and reporting on the several points noticed by him.

Read—also endorsement of the Inspector-General of Jails, dated 2nd February 1891, No. 44.

Order—dated 17th February 1891, R. No. 190, Judicial.

Approved and returned to the Public Works Department.

(True Extract.)

READ—the following papers:—

From G. D. WYBROW, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 21st February 1891, No. 2201 G.D.

I have the honour to submit, herewith, a revised estimate, together with a comparative statement, amounting to Rs. 13,600, for providing additional accommodation to the Provincial College, Rajahmundry, and to recommend that the sanction of Government may be obtained to the same.

2. The revised estimate has been prepared on account of the following additions and alterations proposed at the request of the college authorities:—

- (1) Asphalte flooring inside the building in place of bricks.
- (2) Addition of a force pump and system of distributing pipes to supply the lecture rooms.
- (3) Plastering instead of pointing outside the building to render the new portion of the building in uniformity with the main building.
- (4) Glazed covering for sky-lights, which was not provided for in the original estimate sanctioned in G.O., No. 1895 W., dated 15th July 1889.

No. 1240 C.

Referred to the Educational Department for approval.

(Signed) O. V. BODDY, Major, R.E.,
Under-Secy. to Govt., P.W.D.

6th March 1891.

G.O., dated 5th May 1891, No. 328, Educational.

Endorsement of the Public Works Department, dated 6th March 1891, No. 1240 C., on letter from the Superintending Engineer, I Circle, dated 21st February 1891, No. 2201 G.D.

Letter from the Director of Public Instruction, Madras, dated 14th April 1891, No 4037.

In returning the revised estimate for Rs. 13,600 for providing the Government College, Rajahmundry, with the additional accommodation needed, referred to me for remarks under endorsement, dated 12th ultimo, I have the honour to state that the chief alterations and additions relate to the fittings of the laboratory and are absolutely necessary for the efficiency of science teaching.

2. A sum of Rs. 5,500 was entered under Class A Works in the preliminary issue of the Provincial Civil Works budget estimate for 1890-91 in addition to the outlay of Rs. 5,000 provided for 1889-90; but I find from the preliminary issue of

1927/9

the Public Works budget for 1891-92 that no provision has been made for the balance of the estimate Rs. 3,100.

It is presumed that these works were intended to be carried out from the lump provision of Rs. 2,53,278 for incomplete works. I beg to request that the necessary funds may be allotted in the final issue of the Public Works budget for the current year.

Order—dated 5th May 1891, No. 328, Educational.

The revised estimate of Rs. 13,600 for providing additional accommodation for the Government College, Rajahmundry, is approved and transferred to the Public Works Department.

(True Extract.)

(Signed) J. F. PRICE,
Chief Secretary.

ORDER—dated 22nd May 1891, No. 1385 W., Public Works.

The revised estimate, amounting to Rs. 13,600, for providing additional accommodation to the Rajahmundry College, is sanctioned in supersession of the estimate of Rs. 10,500 sanctioned in G.O., No. 1895 W., dated 15th July 1889.

2. The outlay on the work up to 1889-90 was Rs. 5,820 and the grant for 1890-91 was Rs. 5,800. The Superintending Engineer will report the amount required for expenditure during the current official year.

3. This sanction has been registered as Provincial No. 18 W. of 1891-92 and classified as Civil Buildings, Original Works.
