READ—the following papers:—

From Lieut.-Colonel R. R. E. DRAKE-BROCKMAN, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 25th June 1891, No. 335 W.

Adverting to your memo. No. 423/D. of 22nd current, I have the honour to inform you that an estimate, amounting to Rs. 380, for altering the wire fencing around the Marliamund reservoir at Ootacamund was sanctioned as soon as it was returned with your memo. No. 3513 C. of 25th August 1890, and communicated to the Executive Engineer, Coimbatore Division, on the 29th idem. The delay in carrying out the work is most probably due to Mr. Lambert's neglect and procrastination. The present Executive Engineer has been called upon for an explanation.

From J. C. LARMINIE, Esq., Executive Engineer, Coimbatore Division, to the Superintending Engineer, IV Circle, dated Coimbatore, 9th June 1891, No. 3988.

With reference to your endorsement No. 642/C.I. of 24th June 1891, I have the honour to state in reply that the orders conveyed in G.O., No. 1064 W. of 16th June 1890, have been carried out, *i.e.*, so much of the wire fencing, as was required to form a cordon round the waterspread of the Marliamund reservoir, has been taken up and so fixed.

2. It is the remainder to which I allude in my letter No. 3499, dated 8th June 1891, and which I urge should now be removed, it being useless in its present situation for the reasons given.
