Copy of letter from the Surgeon Genl.
with the Gov. of Madras to the Supty
Engineer & Civil No. 7100
17.11.90

199

With reference to your letter No. 15425.
dated the 4th inst., I have the
honour to observe that the individuals
mentioned by you have already been
declared to be unfit for further
service by the local District Surgeon.
The necessity for a second examination
by the same officer is not obvious.
I may further point out that
the articles of the Civil Service Regu-
lation quoted by you do not sanc-
tion the retention in service any man
after they have been pronounced
unfit by a competent medical
authority.

No. 1654 Tg. dt/22nd November 1890.
5.24/-

Copy submitted to the Chief
Engineer P. H. D. for orders through
the Examiner P. W. accounts, in con-
tinuation of this office No. 15437.2.7
4th Nov. 1901, on statement of officers
who will attain the age of 55

years on 31st Decr 1900 in the Sanjona
division.

2. The Examiner will advise from
this office endorsement no 1922 of
of 28. November 1891, that overlooking
the code para 685 and articles
503 & 506 of the Land & Survey Regulations,
the then the Surveyor W. Ganett
first sent to the District Surgeon,
for opinion some of the lascars,
and then recommended the retention
of the men for another year, which
was sanctioned in Chief Engineer's

no. 433C
23.1.90

3. The present Executive Engineer
W. Martin, considering these men
unfit for further service, sent them
this year to the District Surgeon
for medical examination, but
this officer has stated that he
was deterred from examining
the men without an order from
the Surgeon General, as they had
been already pronounced by him
as unfit for further service. The
foregoing letter is the result of
the reference made to the Surgeon
General on the subject.

4. It would appear that a mistake

was first made last year in sending
the men to the District Surgeon, &
then retaining them in service after
they were declared by that officer
as unfit for further service. Orders
are, however, now requested whether
the men should be on the 1st January
retired and their pension papers
sent in -

Forwards for orders of Govt
correspondence as regards
certain men who have
attained the age of 55 years
certified by the District
Surgeon as unfit for fur-
ther service but who were
retained in service.

No. 3246-1-91.

To E.W.

Forwarded with the remark that
the Examiner had no knowledge of the
lascars etc. referred to having been
invalided. The action of the Execu-
tive Engineer Tanjore Division in hav-
ing recommended the retention of the
men after they were invalided was ir-
regular.

2. Apparently the only way in which
the irregularity can be condoned by
Government is as regards the lascars
(who are inferior servants) to bring
their cases under Civil Service Regu-
lations article 500, considering them
all to have retired from date of me-
dical certificate, but retained by the
head of office for light work; and as
regards Annasawmy Iyengar Superintend-
ent on Rs.15 per mensem, sanction of
Government might be obtained to his
retention in active service beyond
the date of medical certificate under
Civil Service Regulations article 499
which applies only to superior ser-
vice, vide articles 486 and 487.
