Sir. I have the honor to request that
permission of Government may be obtained
for my purchasing locally the following
articles of European manufactures.

10 tons of Eagle non-conducting
cement. This is required for lagging the
boilers of engines and pulsoimeters, especially
the latter. These have lagging and in this
damp climate lose thereby considerably in
efficiency and consume a great deal of fuel.

I have the honor to be
Sir
Your most obedt Servt.
