Copy of a communication from the *OR James Egner Chief**Presidency Inspector General* to the Consulting Architect
to Government, No. *116*, dated *25th June* 189.

In reply to your letter of 16th June 1891, I have the honor to state that since works of Petty Construction and repair were taken over by the D.P.W. in the Presidency Town in accordance with G.O. No. 1750 Financial, dated 21st November 1882 no allotment has been made to this department for such works. The grant for office contingencies is only just sufficient to meet the expenditure, I therefore ^{regret} request that I have absolutely no funds with which to meet the charge of No 249 referred to.

From

Consulting Architect

to the Government of Madras,

To

The Chief Engineer

Public Works Department

Madras.

Sir,

Enclosures.

A charge of Rs. 249 was incurred in carrying out certain repairs to pankahs and mats of the Presidency Magistrates Court Egmore, Madras and debited to my accounts for April 1891 to Provincial Repairs Civil Buildings. But the Examiner of Public Works Accounts Madras objected to the outlay being debited to P.W.D. grant under Code para 973. The Presidency Magistrate was therefore asked to state whether he will have any objection for accepting the charge if debited to him in transfer in this office letter No 1165 of 14-6-91 in reply to which he states in his letter No 168 of 25th June 1891 (copy herein enclosed for information)

that he cannot accept charge as the
grant for office contingencies as now
given to him is only just sufficient
to meet the expenditures and that no
provision has been made in them
for such expenditures.

Under the circumstances above explained
I have the honor to request that you will
be good enough to obtain the sanction
of Government to selecting outlay to the
Public Works Department grant as a
special case under Code para 973. fete!

I have the honor to be
