Read—the following paper :—

Proceedings of the Board of Revenue (Land Revenue), dated 17th June 1891, Mis. No. 4200.

The Hon. Mr. H. W. Bliss.
Mr. G. McWatters.

Read—the following papers :—

From J. STURROCK, Esq., Collector of Coimbatore, to the Secretary to the Commissioners of Land Revenue, dated 2nd December 1890, Ref. on No. 2041-Board.

I have the honour to bring to the notice of the Board that the following new buildings are urgently required in this district and request that provision may be made for their construction during the year 1891–92 :—

Three taluk cutcherries—
- (1) Bhaváni.
- (2) Kollegál.
- (3) Gopichettipálaiyam.

One Deputy Collector's office.
One Head Assistant Collector's office.

2. The necessity for a new taluk cutcherry at Bhaváni was reported * so long ago as 1885. It is now in a very bad state indeed and I hope funds for a new building may be at once sanctioned.

3. The Kollegál cutcherry is an old incommodious building with a very bad sub-jail. If my recent proposal to make Kollegál a separate division † be sanctioned, it might, I think, be well to have one building, comprising an office for the Deputy Collector and Munsif or Sub-Judge's court and a taluk cutcherry.

4. The necessity for the removal of the head-quarters of the Satyamangalam taluk to Gopichettipálaiyam was admitted in G.O., dated 13th March 1889, No. 190, Revenue, but deferred for want of funds for taluk buildings. I hope the difficulty no longer exists and funds may be available during 1891–92.

5. An office for the Head Assistant Collector was sanctioned in G.O., dated 15th August 1889, No. 705, Revenue. The provision of funds is alone awaited.

---

* In this office letter No. 882, dated 10th October 1885, to the Chief Secretary to Government, in reply to his circular, dated 18th August 1885, No. 1471, Public.

† Letter, dated 29th October 1890, Reference on No. 1829-Board.

6. The following sums are rough estimates of the amounts required :—

	RS.
Taluk cutcherries—	
(1) Bhaváni	21,000
(2) Gopichettipálaiyam	21,000
Cutcherry and court, Kollegál	30,000
Head Assistant Collector's office	10,000
Total	82,000

From the Collector of Coimbatore, dated 8th May 1891, Reference on Mis. No. 936.

Resolution—dated 17th June 1891, Mis. No. 4200.

The letters read above will be submitted for the orders of Government.

2. The Collector requests that funds may be provided in the current year for constructing the following buildings :—

(*a*) Taluk cutcherry at Bhaváni.
(*b*) Do. at Kollegál.
(*c*) Do. at Gopichettipálaiyam.
(*d*) Deputy Collector's office at Kollegál.
(*e*) Head Assistant's office at Pollâchi.

3. (*e*) has been sanctioned in G.O., dated 15th August 1889, No. 705, and as to (*c*) Government has already admitted the necessity for the removal of the head-quarters of the Satyamangalam taluk to Gopichettipálaiyam (G.O., dated 10th April 1891), but deferred taking action for want of accommodation at that place.

4. As regards (*a*), the Sub-divisional officer reports that it was built many years ago, that it is on the design of an ordinary native house, that there are several cracks in the walls and sinking in many places in the roof and that the house leaks badly, is always damp and he says that to repair it would cost a great deal of money. Both the Collector and the Public Works officer propose that a new building may be erected at the place. A new site has been selected for it.

5. With regard to (*b*), it is reported to be old and to need many improvements and constant repairs. The Collector accordingly recommends a new office at this place also and adds that, if his proposal to station the Northern Division Deputy Collector at Kollegál be sanctioned, he would have a combined office both for the Deputy Collector and Tahsildar. It is observed that Government has recently sanctioned the location of the Deputy Collector at Kollegál (G.O., dated 10th April 1891, No. 286). A suitable site is reported to be available for the building on the high ground near the travellers' bungalow.

6. The Board recommends that the several proposals of the Collector may be approved, the necessary funds being provided and that orders be issued for constructing the cutcherries according to the revised standard plans for Taluk and Divisional officers now before Government. For the combined office at Kollegál, however, the standard designs will hardly suit, as the place lies above ghât and is cold and damp. A special design will, therefore, be needed and it is requested that the necessary orders may be issued on the subject to the officers of the Public Works Department.
