READ—the following papers :—

Proceedings of the Board of Revenue (Land Revenue), dated 1st May 1891,
Mis. No. 3012.

Mr. G. McWATERS.

Read—the following papers :—

From G. STOKES, Esq., Collector of Salem, dated 31st January 1891, Reference
No. 160/Eng.

With reference to G.O., No. 1417 W., dated 20th May 1890, communicated with
Board's Proceedings, Mis. No. 3705 of the 13th June last, the Executive Engineer
forwards, for my countersignature, two estimates, amounting to Rs. 3,000 and 500,
respectively, for constructing quarters for clerks and menials attached to the Deputy
Tahsildar's office, Shevaroy hills. As the amounts proposed for the purpose were
Rs. 750 and 370 only, respectively, the Executive Engineer was addressed to reduce
the estimates. He has replied that the only possible way of doing so would be to
provide less accommodation and a roof of a cheaper design and that he would not
recommend the latter for the hills. Under the circumstances, I beg to request that
the Board will be pleased to obtain the sanction of Government to incur the expen-
diture proposed as I consider the accommodation provided the minimum necessary.

Reference on the above, dated 10th February 1891.

"The Collector is requested to forward the plans and estimates."

From the Collector of Salem, dated 22nd February 1891, Reference No. 315/B. & G.

In reply to Board's Proceedings, Reference on General No. 375, dated 10th
February 1891, I have the honour to submit, herewith, the plans and estimates prepared
by the Executive Engineer and forwarded to me for countersignature with his letter
No. 5859, dated 14th December 1890.

Resolution—dated 1st May 1891, Mis. No. 3012.

The plans and estimates for constructing quarters for the use of the Deputy
Tahsildar's establishment on the Shevaroy hills are submitted to Government with
reference to G.O., dated 30th May 1890, No. 3330.

2. When it was proposed to provide quarters to the Deputy Tahsildar's establish-
ment, it was reported that the cost would be Rs. 1,120, but the estimate now sent in

shows that the buildings will cost Rs. 3,500. The Executive Engineer states, however, that the cost cannot be reduced without curtailing the accommodation and substituting an inferior roofing, neither of which he would recommend, and the Board accordingly recommends that the estimate may be sanctioned and orders issued for the work being put in hand at once.

2. I append below a statement showing the salary of the clerks and peons for whom the quarters are required :—

1 shroff on	15 "
2 peons on	7 each "
1 masalchi on	5 "

3. The papers received with the above memorandum are herewith returned.

Note by the Chief Engineer, P.W.D.

With reference to G.O., No. 1417 W., dated 20th May 1890, the Superintending Engineer, IV Circle, submits plans and estimates for constructing quarters at Yercaud for the clerks and inferior servants of the Deputy Tahsildar's office.

2. The estimates provide for three sets of quarters, costing Rs. 1,000 each, for two clerks and a shroff, and a separate building, costing Rs. 500, to accommodate two peons and a masalchi.

3. The proposal falls under the exception in rule VI (1), para. 1041, Public Works Code, and may, therefore, be sanctioned by Government. Under the same rule the Government may charge the subordinates in question any rent considered suitable or remit rent entirely. The undersigned considers that 5 per cent. of pay in the case of each individual would be a fair rent in the circumstances.
