PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read *the following Proceedings of*

the Board of Revenue (Land Revenue) dated 3 March 1891, No. 1343 on letter from the Collector of Bellary, dated 30 January 1891 No. 383.

With reference to the Proceedings of the Board of Revenue Land Revenue noted in the margin enquiring as to the disposal of the old Dy Tahsildar's Office building at Kampli when the new building is ready I have the honor to forward copy of a resolution of the Taluk Board Hospet No. 12 dated 13 December 1890 offering to take it up at Rs 500 against an actual value of Rs 1400 and a probable selling value of Rs 500 as estimated by the Executive Engineer in his letter No. 1087 dated 25 July 1890.

2. *In my opinion the offer of the Taluk Board may be accepted. The Board may be pleased to observe from para 4 of the first of its Proceedings quoted above that the building is "out of repair and not worth laying much money upon".*

Resolution

Submitted to Government

2. *The Board recommends that the old Dy Tahsildar's Choultry may be sold by auction with an upset price of Rs 500, or soon*

as the new one is completed. The site is said to be in the middle of the town.

Read also the following Proceedings of the Board of Revenue (Land Revenue) dated 29 June 1891. No. 4303 on letter from the Collector Bellary dated 17 June 1891, Ref. on G.O. No. 410/2275.

In reply to order No. 2634 dated 29 April 1891 calling for a report as to whether the Kompli Dy. Tahsildar's Office building now in course of construction should be completed or further progress stopped and materials disposed of. I have the honor to state that I have inspected the building, and am decidedly of opinion that it ought to be completed without delay. All the materials are ready and the only work remaining to be done is to put up the roof and put in the windows and doors. As remarked by the Executive Engineer it would not pay to remove the materials. If there is no need for the building as a Catchery it will be easy to find some other use for it.

Resolution

Submitted to Government with reference to its official Memorandum No. 132 dated 6 June 1891.

2. It would be an evident waste of money to put a stop to the construction of the building.

at

2099
at this stage and the Board considers ~~therefore~~ that its construction should, therefore, be proceeded with.

3. If it is decided to remove the Deputy Tahsildar, the Collector will be called on to report on the question of putting the building to some other use.

Order thereon, 18 July 1891, No. 4094.

The Government agrees with the Board in thinking that the new Deputy Tahsildar's Office at Kompli should be finished.

2. The Collector should be called on to report how he proposes to utilise the building when the Deputy Tahsildar is removed to Arsipet.

3. The Board's recommendation that the old building at present used by the Deputy Tahsildar should be sold by auction is approved.
