3. This they (the Board) refused to do, and the present proposal appears to have been made by the President and accepted by Govt. without any reference to the Dept.

4. As far as I can ascertain at present the draft G.O. was never sent to the Dept. for consideration but on this point I am making a reference to them.

5. The question now is shall we accept without further discussion the proposal that we should throw open our hospital to the general public, the District Board paying half the cost.

6. It is not what we would like to do but is approved by the Super. Engineer. If you are prepared to accept it, but with perhaps not be necessary to check the irregularity of issuing the order without reference to the Dept.

Dear Sir, I have the honor to acknowledge the receipt of your letter of the 12th inst. regarding the proposal for the P.W. Hospital at Dowlaishweram. I have the honor to inform you that the proposal has been sanctioned by the Government. The contribution will be paid by the Local Fund Department to the P.W. Dept.
