PROCEEDINGS of the Government of India, Finance and Commerce Department (Accounts and Finance—Stores), dated 21st November 1890, No. 5385.

Read—the following despatch from the Secretary of State for India, to the Government of India, dated 23rd October 1890, No. 24 (Financial—Stores) :—

I have considered in council Your Excellency's letter No. 186, dated 1st July 1890, informing me, in reply to my despatch No. 12, dated 21st March 1889, that, for the reasons given, you have arrived at the conclusion that it would be neither economical nor convenient to assign to one officer at Calcutta and Bombay respectively the duties connected with the receipt of stores from England and that the only feasible simplification of the present arrangements in regard to the transmission of shipping documents appears to be the reduction of a copy or two as noted in para. 4 of your letter.

2. In deference to your wishes, I am prepared to accept the conclusion at which you have arrived and I enclose lists which have been corrected in accordance with the suggestions in para. 4, observing that a packing account of State Railway stores will still be supplied for the use of the Director-General of Railways, but that it may occasionally, from press of work, be necessary to despatch it one mail later than the first copy.

3. It still remains desirable that these shipping documents be not further increased, and no addition to the enclosed lists will therefore be made except at the request of your Government, accompanied by an explanation of the necessity of any proposed change.
