GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

Read—the following papers:—

Office-note from the Examiner, Public Works Accounts, dated Madras, 15th December 1890, No. 7418.

With reference to G.O., No. 3179 W., dated 27th November 1890, directing me to place the amount of Rs. 211 for repairing the Post office at Bangalore together with the percentage charge for establishment and tools and plant at the disposal of the Chief Engineer, Military Works, Madras Command, I beg to point out that, with reference to letter No. 360 B.T., from the Examiner of Accounts, Military Works, copy herewith, the correct course would be to surrender the grant in question and to ask the Director-General of Telegraphs to arrange for its transfer to the Military Works Branch.

Enclosure.

From the Examiner of Accounts, Military Works, to the Chief Engineer, Madras Command Military Works, dated Simla, 3rd December 1890, No. 356 B.T.

[*Imperial Civil Works included in Public Works Department budget estimates, but carried out by Military Works Department officers.*]

With reference to the marginally-noted estimates, received with your Nos. 3296 and 3724, dated, respectively, 25th July and 8th August 1890, I have the honor to request, at the instance of the Director-General, Military Works, that you will inform the Government of Madras that the amounts of the estimates, *plus* the usual percentages for establishment and tools and plant, will have to be transferred from the Imperial grant at the disposal of that Government to that at the disposal of the Director-General, Military Works. In the present case, the initiative towards effecting the transfer will have to be taken by the head of the Telegraph Department who should propose the reappropriation direct to the Government of India as laid down in Bengal Public Works Department Code, vol. II, chapter XV, para. 20 (iii).

	Estimate. Rs.
(1) Repairs to Telegraph signaller's quarters, Bangalore	422
(2) Annual repairs to Government Telegraph office, Bangalore	160

2. I would take this opportunity of stating that it is the opinion of the Accountant-General, Public Works Department, that *all* outlay on Imperial Civil Works incurred by officers of the Military Works Department on behalf of the Public Works Department should be recorded finally in the books of the Military Works Department and should not be transferred to the Public Works Department for adjustment. The outlay not being debitable in transfer, it follows that the grants for the works concerned should come over to the Military Works Department, and in all such cases in future it will be necessary, therefore, for you to be informed by the local Government or the Head of the Department concerned that the Government of India has been moved to transfer the grants from the Imperial Civil Public Works budget estimate of the local Government to that of the Director-General, Military Works.

3. These instructions do not affect outlay debitable to *Provincial* funds incurred by Military Works Department officers. Such outlay should be transferred for adjustment, as at present, to the Public Works Department.

No. 360 B.T.

Copy forwarded to the Examiner, Public Works Accounts, Madras.

(Signed) H. CLARKE,
Examiner of Accounts, Military Works.

Office-note from the Deputy Chief Engineer, Public Works Department, to the Examiner, Public Works Accounts, dated Madras, 18th December 1890, No. 5312 C.

As the grant for Imperial Civil Works, Telegraph Repairs, is at the disposal of this Government and not the Director-General of Telegraphs, please let me know whether it is not the duty of this Government to suggest the necessary transfer of funds to the Government of India.

Office-note from the Examiner, Public Works Accounts, dated Madras, 12th January 1891, No. 201.

There appears to be no objection to suggesting to Government of India the transfer of the grant referred to; but it is not at all clear who should ordinarily take the initiative in such matters, and the Examiner of Accounts, Military Works, apparently considers that the Director-General of Telegraphs (or other departments concerned) should do so. It might be well to ask the Government of India to issue orders as to procedure for future guidance.

Order—dated 23rd January 1891, No. 211 W., Public Works.

	Rs.
Repairs to the roof of the signaller's quarters at the Government Telegraph office, Bangalore (G.O., No. 1829 W., dated 3rd July 1890)	428
Repairs to the Post office, Bangalore (G.O., No. 3179 W., dated 27th November 1890)	211
	639
Establishment ...	147
Tools and plant ...	10
	796

The sum of Rs. 796 allotted as shown in the margin will be surrendered to the Government of India with the request that the amount may be placed at the disposal of the Director-General of Military Works.

(Here enter No. 212 W., dated 23rd January 1891.)

(True Extract.)
