Account.

READ— the following paper:—

Proceedings of the Government of India, Public Works Department (Account-General), dated Simla, 20th July 1891, Circular No. 6 (P.W.).

[*Proposed amalgamation of the cash and stock transactions of Executive Engineers and modification of the form of monthly accounts submitted by Executive Engineers.*]

Read—

Paras. 250—255 and paras 274—280 of the report by the Public Works Accounts Committee. Public Works Department letter No. 219 A.-G. of the 21st December 1889 to the Accountant-General, Public Works Department.

Letter No. 505 G. of the 19th June 1891 from the Accountant-General, Public Works Department.

Resolution.—The Public Works Accounts Committee, in the paragraphs of their report read above, suggested the amalgamation of the accounts of the cash and stock transactions of Executive Engineers and the substitution of a monthly classified abstract of receipts and expenditure for the accounts now rendered monthly by Executive Engineers to the Examiner's office.

2. Under instructions from the Government of India the proposed new system has been practically tested in the several provinces and the Accountant-General, Public Works Department, now reports that, on a full consideration of the views expressed by the several Examiners of Public Works Accounts on the working of the committee's proposals, he is unable to recommend the adoption of the charges suggested. He is of opinion that the saving of clerical labour which may be effected in Executive Engineers' offices will not compensate for the inconvenience the changes are likely to occasion in both Executive and Audit offices.

3. The Government of India concurs in this view and is pleased to direct that the existing forms of monthly accounts and the distinction that has hitherto been preserved between the cash and stock transactions of Executive Engineers shall be maintained.
