Forwarded to the Chief Engineer, Public Works Department, for sanction. The temporary draftsman is required for making tracings of the survey of the Coleroon river taken by Captain Romilly. This survey, which consists of 10 sheets and mileage of river about 51, is required in connection with the conservancy of the river. The Executive Engineer states that this tracing cannot be undertaken by the draftsmen in his office, who are fully engaged with current work.

SIR,

Enclosures.

In G.O. No. 2971 W dated 11 November 1890, the entertainment of a temporary draftsman at Rs 20/- per mensem for 3 months for making tracings of the Survey of the Coleroon River taken by Captain Roinilly was sanctioned; the draftsman, however, was not entertained and the sanction has lapsed. The Executive Engineer proposes to have the work done this year, but finds it difficult to procure a competent draftsman for such a short period as 3 months at pay of Rs 20/- a month. I have, therefore, the honor to request that sanction for entertainment temporarily of a draftsman for three months at Rs 30/- per mensem, may be given. A proposition statement is enclosed.

I have the honor to be
