GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper :—

From J. W. MARTIN, Esq., Officiating Superintending Engineer, VI Circle,
to the Chief Engineer, Public Works Department, dated Trichinopoly, 1st
August 1891, No. 532 T.N.

In G.O., No. 2074 W., dated 30th July 1890, the Directors-General of Post and Telegraphs were required to communicate to the Government all allotments sanctioned by them in view to such sanctions being communicated to officers concerned by the Government itself, whereas the accompanying memorandum of allotment of the Director-General of Telegraphs, No. 817, dated 25th May 1891, sanctioning Rs. 30 for providing a small shade over a window of the Sâtúr combined office, Tinnevely division, was communicated by the Postmaster-General direct to the Executive Engineer. It does not appear that the sanction was communicated to the Government, as no intimation of the same has been received in this office from them.

2. Until the sanction of the allotment is communicated to me, the amount cannot be taken to the credit of this department; but it would appear from the Executive Engineer's letter that the Superintendent of Post Offices requests the early execution of the work.

3. I have, therefore, the honour to request that the sanction to the allotment may be formally communicated to this office and the Examiner, Public Works Accounts. In anticipation of receipt of this communication, the Executive Engineer was ordered to proceed with the work.

4. In this case the estimate appears to have been forwarded to the Postal authorities by the Executive Engineer on their requisition and sanctioned by him on their approval.
