Sir

With reference to the latter part of your
endorsement No. 425 of the 9th instant on G.O. 1709

the amount of Estimate as submitted from this
Office was Rs 3420 but the sanction in its re-
duced amount was communicated to this Office
subsequent to my application for allotment. This
accounts for the difference.

3. Mr. Buckley states that coolies refuse to work at famine rates at Yerpedu, Vedam, Pallamala and Kanchanaputhur. These works are in the northern and north-western portions of the zemindari in which distress has been much less felt than in the south and east.

On the Maderpák-Arambakkam road, where Mr. Buckley states no suitable task was exacted, Mr. Watson reported in his letter of the 18th June that the overseer neglected to enforce proper task, and the Commissioner finds that up to date the attempt to enforce a task on this road has entirely failed. The great majority of the coolies on the work are able-bodied. These should now be formed into separate gangs, and they should be paid strictly in proportion to the work turned out, no minimum wage being allowed. The few weak gangs should have a light task allowed to them. The Board is unable to understand why there should be any special difficulty in exacting tasks in road-making. Now that the duty of preparing estimates for the zemindari irrigation works has practically ceased, Mr. Watson and his staff ought to find no difficulty in efficiently supervising double the number of coolies that are at present employed on relief works in the zemindari. The Board regrets to learn that Mr. Watson has not, in the Collector's opinion, been sufficiently out in camp.
