PROCEEDINGS OF THE MADRAS GOVERNMENT.

From the officer in charge, Wynaad
sub-division No 326C of 27 July 1891: —

I have the honor to inform you that I am still without an answer at Sevala. The great inconvenience of this is being much felt especially in this weather when I have to see to the Tamara-cherry ghat and cannot get about quickly on account of the heavy rain. Coolies over Sevala way get in arrears of pay and run away and this at a time when the piece of road between Sevala and Nadhami is giving great cause for anxiety. Minor slips are occurring all over and trees are falling and but for the courtesy of Mr Mitchell who sends his men to clear away these obstacles, I should be in serious straits. Under these circumstances, I request you will kindly obtain the sanction of Government for the appointment of Mr P. A. D'Souza to the vacant Overseer's post at Sevala. Mr D'Souza has seen much work in Wynaad, was an overseer in our department and subsequently a supervisor under the L. & S. Board. He leaves the L. & S. Board on reduction of establishments and I think it a good opportunity for filling the vacant post with a man suited to the work and locality.

2. From

2. From a financial point of view the appointment of a man at Sevala would be a great saving as there are so many things such as mistakes through ignorance misunderstanding my orders, non attendance to the removal of small obstructions to drainage, and misbehaviour of maistries in my absence all of which added together would leave a very large margin of profit to be realized by the effective superintendence of a man of experience. In addition to this I personally have much more leisure to attend to my proper sub division work.

3. Mr. D'Souza not being a passed man, orders for exemption would be necessary.

Endorsement by the Executive Engineer West Coast Division No. 2497 of 28 July 1891:-

Forwarded on to the Suptg.

Engineer 4th circle with a most earnest request that the man in question may be appointed and that quickly. The letter itself and the whole most unfortunate history of this road speak most emphatically, I consider, for the necessity of this if Her Majesty's pecuniary interests are properly considered.

Endorsement thereon by the Suptg. Engineer 10th circle No. 391 dated 2 August 1891:-

Forwarded to the Chief Engineer, P. W. Department with a request that the man indicated herein may be appointed in place of Mr. Ewing late Temporary Overseer, whose place in the Workshop has not yet been filled up

order thereon.

2198
Order thereon No. 2198 W of 13 August 1891.

Mr. P. A. D'Souza is appointed temporary overseer on Rs 60 per mensem under para 100 of the P. W. Code and posted to the 10th circle, West Coast Division.
